**EVEN AS THE BEASTS.**  
There is no hope for nations! Search the page Of many thousand years—the daily scene, The flow and ebb of each recurring age, The everlasting to be which hath been, Hath taught us nought or little; still we lean On things that rot beneath our weight and wear Our strength away in wrestling with the air; For 'tis our nature strikes us down; the beasts Slaughtered in hourly becatombs for feasts Are of as high an order—they must go Even where their driver goads them, though to slaughter. Ye men, who pour your blood for kings as water, What have they given your children in return? A heritage of servitude and woes, A blindfold bondage, where your hire is blow!

**LOVE OF KNOWLEDGE.**  
I solemnly declare that but for the love of knowledge I should consider the life of the meanest beggar and ditcher preferable to that of the greatest and richest man in existence, for the fire of our minds is like the fire which the Persians burn on the mountains—it flames night and day and is immortal and not to be quenched. Upon something it must act and feed—upon the pure spirit of knowledge or upon the foul dregs of polluting passions.—Sydney Smith.

Born, Sept. 9, to Mr. and Mrs. C. U. Brown, a daughter.

## Comment From Abroad

—From the Camas Post.

A Lynden department store advertises in the Tribune of that thriving little city to duplicate any contribution made by any mail order house for charitable or other purposes in and near Lynden. Perfectly safe offer. If charitable or other associations organized for the purpose of ameliorating or bettering local conditions were to depend for their contributions from mail order houses for their funds there would be little accomplished for charity.

The local business man, besides paying his regular proportion of taxes for the up-keep of government, is continually being harassed for contributions for charitable purposes, so varied and appealing in their nature, and so desirable withal, that the appeals have become a source of greater expense than the amount of taxes paid into the public treasury.

Beside the purely charitable donations put up by the business man, come the appeals for help in bettering this road or fixing that hill for which there are no funds in the public treasury, or for children's play grounds, or for painting a church or for building one, or buying an organ, and a thousand other desirable and pleasurable things that in these days of our advanced civilization have almost become necessities.

The business man very often goes beyond the safety point in helping out these worthy propositions, but we have never yet come in contact with a contribution from a mail order house for any of these worthy purposes.

They take the money before the goods are shipped, never contribute a cent towards celebrations, picnics, outings, never a cent to help the unfortunate widow with children or the unfortunate individual anywhere.

The Lynden department store has undoubtedly in the past paid out hundreds of dollars for local eleemosynary purposes and will do its full duty as circumstances arise in the future, and beside this stands ready to duplicate any contribution made by any mail order house.

It's a safe bet that this offer will never cost the department store anything, and yet we presume there are people living within the trade limits of Lynden who are sending to mail order houses for goods they

could buy right at home for the same or less money, and who are or have in the past asked for financial help along the lines above indicated, or perhaps for more direct purpose and were accommodated.

Don't you, for the reasons given herein, think the local man deserves your patronage? Now, get right down to brass tacks, don't you think so?

## CORN AND FOWL FEATURES OF FAIR

The importance of corn to the dairy industry will be featured at the Whatcom County Fair Oct. 5 to 9, and the display is expected to serve as an object lesson to many a dairyman with feed problems.

G. Vander Griend and T. W. Parrott are the superintendents of the Grain and Forage Plants Department, and they are especially anxious to have a great variety of exhibits in the corn division. Entries can now be made with Secretary George W. Frick.

One of the surprises this year to Fair visitors will be the display of poultry. That Whatcom County has produced this year some of the finest stock in this field will be shown. Clarence Vander Griend is the superintendent of this department, and information about entries, etc. may be obtained from him.

A motorcycle race will be held every day of the Fair, Secretary Frick announced this week. Only stock machines will be used, and fast races may be expected. The track will be in splendid condition this year, and the racing events are expected to attract crowds each day.
