PAY-UP WEEK WILL PROVE HELP TO ALL

The first week in October will mark a general clean-up of debts in the Lynden district at the same time that a similar settlement is going on all over the country, according to the plans of the local branch of the National Pay-Up Week committee.

The movement was taken up in Lynden on the recommendation of hundreds of towns which took part in the first Pay-Up Week, and found it helpful in every way to all members of the community.

"We all are dependent upon each other," said Frank Knapp, chairman of the Lynden committee, today, in outlining Pay-Up Week plans. "No one class can gain at the expense of all the others. The factories cannot run without markets for their goods."

"The farmer can make no money if there is none to buy his surplus products. As the farmer prospers, all prosper. As the other commercial interests of the country prosper, the farmer prospers. We must all look to each other for our living. If we turn into the channels of business the millions of dollars that we all owe each other so that we can again use the dollars to buy more things we need, every man who is supplying a need will prosper."

"This is the object of National Pay-Up Week, October 2d to 7th. You can help and you can be helped if you will pay up during this week. Every business man in Lynden has pledged himself to pay a part of his bills that he can at this time. Let's all work together. Let's pass prosperity around."

"Don't make any mistake in the plan. The idea isn't that you pay me so I can pay the other fellow, but I'll pay you and you pay the other fellow. If we all take it upon ourselves to start the ball rolling, we can have a real rousing pay-up week right here. If we wait for the other fellow to pay up, it might not be so much of a success as it should be."

"The second National Pay-Up Week, October 2d to 7th is to be truly national in scope, as thousands of communities in every section of the United States from one coast to the other and from the north line to the Gulf of Mexico will take part in it. During this week, the energy of millions of people will be centered upon passing busy dollars around, cleaning up old debts, starting in anew and prospering will certainly result from it. Get ready for National Pay-Up Week, October 2d to 7th."

PICK JUDGES FOR BIG COUNTY FAIR

With the day of opening but two weeks distant, interest in the Sixth Annual Whatcom County Fair is quickening, and arrangements are being made in all sections for a splendid representation of county products.

Weather conditions have made possible this year crops that will show Whatcom County at its best, in contrast with the 1915 season in which continued scorching suns burned up the fields.

The British Columbia Department of Agriculture will contribute the services this year of its experts to act as judges at the Fair. Prof. James Turner of Victoria will judge the horses, Prof. McDonald, head of the government livestock department, the livestock, and Prof. E. A. Orr of Chilliwack, the poultry. All three men are recognized in the agricultural world as masters in their lines.

A delegation of Lynden citizens representing the Whatcom County Fair were guests of the management of the Chilliwack Agricultural Society Thursday at the 44th annual fair of the British Columbia organization.

Headed by W. H. Waples, president of the Whatcom County fair, the local group visited all points of the Chilliwack exhibition, and found it a splendid one. Showings of sheep and hogs was especially noteworthy, while the agricultural products of the fertile Fraser Valley proved especially interesting.

A feature of the Chilliwack fair is the interest taken in it by the government, which contributes \$1,100 annually to its support. The Canadian Department of Agriculture looks on the fair as an educational institution worthy of the endorsement of the Dominion. The department of agriculture finds it worth while to set up in the various buildings displays of the proper methods of farming, dairying and other agricultural pursuits, and gives instruction to the farmer concerning his work. Bulletins on the various branches of agriculture are distributed by the government at the fair.

Included in the Lynden delegation were Messrs. W. H. Waples, Ed Philo, P. J. Van Hemert, E. Edson, Henry and D. J. Feenhouse, Charles Galbraith, Landau, H. E. Stuart, Henry Haveman, John Bussard, A.
