Dainty Snails.

Snails are most dainty feeders and strict vegetarians, as many gardeners know to their cost. Apparently three centuries ago snails were more popular in England than they are now. The fastidious author of "The Faerie Queene" gives a recipe for their preparation:

With our sharp weapons we shal thee fray
And take the castill that thou lyeest in;
We shal thee fray out of thy foule skin,
And in a dish, with onions and peper,
We shal thee dresse with strong vinegars
