

PAFCO Poultry Foods

FISH MEAL comes first on the list as a source of animal protein when quality and availability are considered. That is exactly why we are in the Poultry food business. We make FISH MEAL and we make it RIGHT, and we use it in compounding our various mashes, and we use FISH SCRAP in our Scratch, Chick and Developing Foods. There are no better made.

URGES LYNDEN VETERANS OF WAR TO ASK FOR COMPENSATION

Lynden service men who are entitled to compensation for disability incurred while serving with the colors are asked to file their applications at once. A government regulation provides they must file application for compensation within one year from their date of discharge or release, and those failing to do so will be eliminated or seriously delayed in their award.

It is stated that most of the veterans who were seriously incapacitated have had their claims adjusted, but those with minor injuries have failed to gain advantage of their rights. In order to hasten their discharge, many stated they were in good physical condition and therefore have an erroneous idea they are not compensable. Likewise, many believe they have no claims because the defect was not noted on their discharge or because they were not in the front line trenches. The government, however, has recognized these acts were due to the natural enthusiasm of the boys in their desire to return home, and has waived them as a barrier to compensation.

It is the desire of the Veteran's Welfare Commission to have word reach every ex-soldier, sailor or marine that no matter how slight their injury, they may have just claims against the government and should file application immediately. Those who have been discharged over one year can have their cases appealed individually to Washington, D. C., by prompt action now.

This feature of government service is entirely distinct from, and should not be confused with, War Risk Insurance, and is designed as a better substitute for the pensions of previous wars.

All Lynden veterans who think they might be entitled to any such benefits should communicate immediately with the Veterans' Welfare Commission, Soldiers' and Sailors' Club Building, Seattle, or any Home Service Section of the Red Cross to secure all necessary data and blank forms.

NEWS OF LYNDEN

Two new Brunswick-Balke-Collender Monarch cushion pool tables were installed in the Palace Pool Hall by Colley Brothers this week.

Mrs. C. E. Barnes returned to Lynden Monday after visiting in Vancouver over the week-end.

A new 5 x 10 American billiard table was added to the equipment at the Pastime Pool Hall last week by W. H. Baldwin.

Mrs. R. B. Le Coq returned this week from Wisconsin, where she was suddenly called several months ago by the serious illness of her mother. Mr. Le Coq went to Seattle Sunday to meet her and little Miss Rhoda Le Coq, who accompanied her East.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.
