

Ford Company Announces New Policy

Hereafter Purchaser May Buy Where He Chooses

The Ford Motor Company has abolished territorial lines insofar as the local dealer is concerned. In the future the prospective purchaser may buy of the dealer of his choice, regardless of location.

This announcement comes at a particularly opportune time, right when the dealers of this Coast are receiving their full quota of cars. Within a few weeks, dealers of the East will be calling for cars for the Spring trade. It therefore behooves every prospective purchaser of a Ford car in this section to take delivery without delay. Otherwise, the usual Spring shortage will cause disappointment to many.

With all models equipped with an electric starting and lighting system that is remarkably trouble-proof, the demand for Ford cars will far exceed the supply a little later on.

Therefore, in all sincerity we advise—

Order YOUR Ford Car RIGHT NOW! We can make delivery Christmas Eve, if you wish.

DID YOU?

Did you give him a lift? He's a brother of men. And bearing about all the burden he can. Did you give him a smile? He was down-cast and blue. And the smile would have helped him to battle it through.

Did you give him your hand? He was slipping down hill. The world, so I fancied, was using him ill. Did you give him a word? Did you show him the road, Or did you just let him go on with his load?

Do you know what it means to be losing the fight, When a lift just in time might set everything right? Do you know what it means—just a clasp of a hand, When a man's borne about all a man ought to stand?

Did you ask what it was—why the quivering lip? Why the half-suppressed sob, and the scalding tears drip? Were you brother of his when the time came of need? Did you offer to help him or didn't you heed?

Announcement To Automobile Owners

We are pleased to be able to inform you of the enlargement of our building and the installation of equipment that will enable us to handle all kinds of automobile repairing, and the repair of stationary engines, woodsaw outfits, etc.

We have installed a new lathe, drill press, and added all the necessary tools and equipment to make our service department as modern as any shop in the county.

Let us inspect your battery for you. In winter, Batteries deteriorate rapidly unless cared for. This is a Willard Service Station, equipped to care for all makes of batteries.

The cheapest tire is the tire that gives the longest service. That's why it pays to buy United States and Fisk Tires. We sell them.

Have you had your crank case drained lately? Automobile manufacturers say this should be done every 1000 miles. Let us do this work for you. We use Calol flushing liquid, made especially to clean out the accumulation inside the case.

We can guarantee you careful service in all departments and can assure you that we will take the utmost pains to please you. May we not have the pleasure of serving you?
