

Service Plus Beauty In Tires

WHEN you buy tires you want the most mileage you can get for the money, of course.

That's why we sell Goodyears!

They have won the preference of automobile manufacturers, racers and the public by the unusual mileage built into them.

Moreover there is great satisfaction in the good appearance of Goodyear All-Weather Treads. They improve the looks of any car.

We now have a complete stock of Goodyear Clincher Casings in two types — for Fords, Maxwells, Chevroleets, etc. Also a full line of other sizes—tubes and tire savers.

HERMAN RUTGERS PURCHASES 10 ACRE KNUTZEN TRACT

Herman Rutgers this week purchased the 10-acre tract belonging to Oscar Knutzen in East Lynden. The consideration for the property with the buildings was \$6,500. The Bauman Realty Company made the sale.

HOLD FUNERAL SERVICES FOR LATE GERRIT JANSEN HERE

Funeral services were held Tuesday afternoon at the Knapp Parlors for the late Gerrit Jansen of Bellingham, who passed away Saturday after an illness of three weeks. The Rev. A. J. Brink conducted the services in the presence of many friends.

Jansen was one of the proprietors of the Bungalow Dairy in Bellingham. He is survived by his widow, one daughter, Clara; one son, William; three brothers, Dave, William and Henry Jansen of Bellingham; one sister, Mrs. Blanugame, residing in Holland; and his father, Herman Jansen.

Mr. and Mrs. W. W. Palmer returned to Lynden Saturday, from Vancouver, B. C., where they have been visiting with relatives for the past two months.

Fordson

For thirty-five years Henry Ford, a farmer's boy, has been working on the problem of a successful tractor for the farm, and for the past fourteen years has devoted much time and a vast amount of money to the development of the present Fordson Tractor. Today that Tractor is in use on nearly 200,000 farms and if you have any doubt as to the satisfaction it gives to those who are using it, call in and get the booklet, just issued by the Ford Motor Company, and called "The Fordson at Work" and read the testimony which is there given by the multitude of owners of Fordson Tractors. No evidence can be more conclusive than that of the man who actually knows by personal experience and this is the line of testimony carried in this little booklet. There is no cost for this booklet. If you cannot call for it, write, drop us a postal, and we will mail it to you without charge. It is so valuable you ought to have it because it is the open door through which the farmer will pass from the hard working drudge to the comparative comfort of the manufacturer. The Fordson makes it possible for the farmer to plan and direct, while the machine will do the work. It presents the widest latitude for the farmer to exercise his brain power and plan how he can get the most from the soil, knowing that the Tractor will do the hard work, do it better, do it quicker, and therefore do it more profitably. This means not alone in the cultivation of the soil, in the harvesting of the crops, but in a hundred and one different demands that are made for labor, cutting of ensilage and the filling of the silo; cutting of wood; operation of the washing machine; in the lighting of the house with electricity; supplying the house with running water; bringing to the farmer's wife and daughters the conveniences of the city, relieving them of much of the hard, unpleasant part of housework.
