PUBLIC LIBRARY ASKS FOR CONTRIBUTIONS

Seeks Subscriptions To Carry On Work; Institution Make Splendid Growth

Having reached the bottom of the fund raised for its support a year ago, the Lynden Public Library has again issued an appeal for assistance to the friends of the institution. It bases its appeal on the fine record of service it has been able to make during the past twelve months as a result of the aid given it.

Fully twice the number of readers are now patronizing the institution than ever before. Hundreds of new books have been added in the year, and it has been possible to keep the building open every day. The library board has co-operated with the Lynden schools, and has endeavored to secure books that would assist the students in their work.

Receipts from membership fees of one dollar per family, and fines, are so small that the running expenses are barely covered by them, leaving no fund for books or improvements. It is to meet this need that the library is asking for support. Subscriptions may be sent to Mrs. B. V. Mounter, treasurer.

The following new books have been purchased in the last few weeks for the library:

"Hempfield," Grayson; "Under the Country Sky," Richmond; "Missy," Galtin; "The Rescue," Conrad; "Captain Macdoin's Daughter," McFee; "The Friendly Road," Grayson; "Sister Sue," Eleanor Porter; "Just Patty," Webster; "How Could You Jean?" The session will be held at the Axlund Service Station.

POULTRYMEN WANT LYNDEN TRUSTEE

Believe Local District Should Be Represented on Board of Directors of Egg Association

Nomination of a Bellingham man at the Whatcom County Poultry Association Saturday night to succeed Harry Beernink of Lynden, giving Bellingham two places on the board of trustees and Lynden none, has aroused the poultrymen of the Lynden district. This week, a petition is being circulated asking the board of directors to name D. W. Bender of Lynden to the vacant position.

With the big receiving station and poultry dressing plant located in Lynden, poultrymen feel that at least one member of the board should hail from Lynden, giving the directors a personal touch with the local plant.

Frank Hawley, Gerrit Landaal and G. H. Griffith are circulating petitions, and one of these men will be at the local station this week to obtain signatures. The following is the text of the petition:

To the Board of Directors, Washington Co-operative Egg and Poultry Association:

We, the undersigned members of the Washington Co-operative Egg and Poultry Association, shippers to the Lynden station, having lost our director through the resignation of our director, Mr. Harry Beernink, present the following resolution:

Whereas, a Bellingham man was named the successor of Mr. Beernink by a small majority of those present,

And whereas, the meeting was controlled by a Bellingham majority, and whereas, this gives Bellingham two members on the board and takes from Lynden its member, which it has had since the organization of the Association,

Therefore, be it resolved, that we, the undersigned members, earnestly petition the board of directors to appoint our candidate, Mr. D. W. Bender, as Mr. Beernink's successor.

EGG ASSOCIATION PURCHASES ADJACENT RAILROAD FRONTAGE

The Washington Co-operative Egg and Poultry Association this week purchased from R. E. Hawley three lots west of their plant, fronting on the railroad.

The purchase was made with a view to future expansion.

The Amphycion Club members will enjoy an all-day picnic at Cottonwood Beach Friday, instead of their regular meeting.

TIME SHORT TO GET DRIVERS' LICENSES

Arrests Will Follow After August 1; Application Blanks at Garages and Tribune Office

Lynden automobile owners have just two weeks of grace in which to apply for their state drivers' license. The fee is one dollar for each member of the family who desires to drive the car. Application blanks may be obtained at Lynden garages, or at the Tribune office.

Motorists generally are not complaining about this fee, as it will be used to pay for the new state traffic force, which will police the highways and watch for traffic violations. By barring careless drivers from the use of the roads, automobilism will be made far safer, it is believed, and the motorists protected.

County Traffic Officer William Brock was in Lynden this week and advised the Tribune that he intended to stop cars on the road after August 1, and make arrests of those who do not have the drivers' licenses. A rigid enforcement of this law, and other traffic provisions will be made, said Mr. Brock.

CROWD GATHERS AT CHURCH DEDICATION

Subscribe Fund To Meet Outstanding Obligations on Additions to Church Building

All the elements, natural and conventional seemed to combine to make the dedication services at the First Baptist Church, of Sunday last a real success.

Capacity audiences gathered for the morning and afternoon services, while at the evening service many could not be accommodated. Everyone spoke in high praise of the address by Dr. Watson, of Seattle, in the morning on "The Fact of the Atonement" and equally so in an intense, practical address at the evening service on "Working With God." Rev. Feldth of Bellingham also gave a fine evangelistic address in the afternoon, which was highly commended upon.

All were delighted and many quite profuse in their admiration of the arrangement of the church which not only gives adequate facilities for church work but which is in itself most attractive in appearance and lends easily to decorative purposes, the advantage of which was fully taken by the members and friends who gave so liberally of most beautiful roses and lilies.

That these services might be as helpful as possible to all, no plea was made for money other than a brief statement at the morning service by Rev. Charles Baker, who suggested that a voluntary free-will offering by any or all would be fully appreciated. The offering for the day amounted to about \$100.00. The church is free from local indebtedness now, but has no funds for the heating plant, which will cost about \$300.00. The building committee has been continued, and further effort will be made to raise this sum before the winter months.

"The church again thanks their many friends who so contributed by their presence and practical support as to make last Sunday a banner day in their history," said Rev. Baker today. "Now it is possible the members of the church will feel it a

LYNDEN TO MEET FAST CUSTER TEAM

Will Play Strongest Rivals At Home Grounds Sunday; Local Team On Top

Next Sunday, July 17, at the Fair Grounds, Lynden will meet their old enemy, Custer, in a game which promises to be an exciting one from start to finish. Game will be called at 2:00 p. m. sharp.

Lynden strengthened her position as leader in the Nooksack Valley league, at Deming, Sunday, by defeating the hard-hitting team of that town two games in a double-header. The score for the first game was 10 to 2 and the second 8 to 1.

The Lynden boys seemed to have their batting eye with them and gathered a total of eleven hits in the first game off of Johnnie McDonald, Deming's star pitcher, while Olson let his opponents down with six well scattered hits. One of these was a clean home run hit over center field by B. Johnson in the fourth inning. Olson also helped very materially to win his own game by getting a triple, a double and a single in five times at bat. Bentley was the other star batter getting two two-baggers in two times up. He sprained his ankle sliding into second and was relieved by Reid for the rest of the game.

NEWEST ROSE BLOOMS FIRST IN LYNDEN

"The Phoebe Judson" Makes Appearance at Gardens of Dr. C. H. McLeod; Possesses Great Beauty

A new rose, "The Phoebe Judson," made its first appearance before lovers of real beauty in Lynden this week, and won all hearts by its wonderful fragrance and beauty.

The bloom was originated by Dr. C. H. McLeod of Lynden, and was named in honor of Mrs. Phoebe Judson's, Lynden's pioneer mother. It may be seen at the beautiful McLeod rose gardens on Front Street.

The "Phoebe Judson" is a glorious red, with velvet petals curved perfectly. It stands out as the brightest spot of color in the McLeod garden. One of its merits is that it is able to maintain its crimson in the face of the sun, and does not fade to a weak blue.

The new Lynden rose is a cross between the "George Dickson," considered the world's best exhibition rose, and the "General MacArthur," voted a favorite by rosarians everywhere. At the London Rose Show last year, "MacArthur" was voted the best outdoor rose, and the best bedding rose of any color that the world has seen. "Phoebe Judson" has all the delightful fragrance of the "Dickson," and adds to it the more vivid coloring of the "MacArthur."

The rose is very full, owning at least a hundred petals, and has a firm stem, maintaining an erect position. The foliage is as beautiful as the "MacArthur," which is noted for this feature. Dr. McLeod hopes to develop the good features of the bloom more fully, and then to exhibit it before the critics of the world at Paris.

LYNDEN PROFESSIONAL MEN TO MAKE SHIFT OF OFFICES

Dr. B. V. Mounter and Dr. C. H. McLeod are planning to move this week to the offices completed especially for their needs on the second floor of the Dyk Building.

The offices are handsomely finished, with walls and woodwork of light brown. The two will share a joint reception room, which will be attractively furnished. Dr. Mounter will have a consultation room, an operating room, an X-Ray room, a dark room and a dressing room. A special flooring has been laid in the operating room, which gets a fine overhead light from a sky-light. The X-Ray Room is especially prepared to receive the new X-Ray equipment just received by Dr. Mounter.

Dr. McLeod has three rooms at his service—an office, a work-room, and a laboratory.

Floors of the hallway are carpeted and cork linoleum covers the stairway.

LYNDEN WOMAN REACHES BEDSIDE OF SICK SON TOO LATE

Mrs. Ida Blow, who was called to Michigan last week by the serious illness of her son, Edward, failed to reach his bedside before he passed away, according to word received here this week.

Robert Blow accompanied his mother East.
