FOREST GROVE

Miss Beatrice Feeg of Chilliwick, B. C., was a guest during the past week at the homes of her cousins, Mrs. Carl and Fritz Muenscher.

Miss Edna Lawrence left Friday for Seattle to resume her duties as social welfare worker in the schools there.

Mrs. Annie Porter and three children, and Mrs. Maria Prouty were Sunday dinner guests at the home of

Mr. and Mrs. Fred Kenoyer of Ten Mile. Mr. and Mrs. William Franklin of Bellingham, parents of Mrs. Kenoyer, were also Sunday guests at the Kenoyer home.

Mr. Edward Cave, who has been working in the harvest fields of eastern Washington for the past two months, returned to his home here Saturday.

Mrs. Walter Crabtree spent Friday in Lynden at the home of Miss Julia Gutknecht.

Mrs. W. E. West of Bellingham

spent several days last week at the home of her daughter, Mrs. Arthur McMillen.

Miss Mary Rainford left Monday for Seattle, where she will take a post-graduate course at the Lincoln High School, preparatory to entering the University of Washington.

Mr. and Mrs. George Moon and daughter Marguerite and Miss Ella Buchanan of Bellingham, and Mr. and Mrs. N. F. Turner and daughters Josephine and Marion of Oakland, Cal., were Sunday afternoon guests at the home of Mr. and Mrs. J. P. Lawrence.

Mr. Alex Morrison went to Orcas Island Monday, and returned to his home here Tuesday night.

Mr. and Mrs. Henry Seidell are the parents of a baby girl born last week. Mrs. Mary Burgraff and four children, and Mr. and Mrs. Albert Theil of Riverside, picked up at the North Fork Sunday.

Mr. and Mrs. A. Rasmussen and children of the Smith road, were callers at the home of Mr. and Mrs. Peter Dahle Sunday evening.

Mrs. Annie Johnson spent Thursday and Friday in Bellingham at the home of her sister, Mrs. M. A. Jackson.

Mr. Emil Lind of Deming spent the week-end visiting with relatives and friends here.

Mr. John Burgraff is working for

Alfred Knutzen, running the hay-baling machine.

Mr. and Mrs. Walter Crabtree were Sunday guests at the home of Mrs. Agnes Hinckley of Northwood.

Miss Essie Hallman of Chilliwick, B. C., is spending several weeks at the homes of her sisters, Mrs. Carl and Mrs. Fritz Muenscher.

Mrs. Arthur McMillen and Mrs. Sam Sheel entertained the Book and Thimble Club last Thursday at the home of the former. The program consisted of papers read by Mrs. McMillen and Mrs. Walter Crabtree, after which a general discussion on the subjects read, followed. At the close of the afternoon, delicious refreshments were served. The next meeting will be held at the home of Mrs. Annie Porter on Sep. 15.

Mr. and Mrs. Adrian Jongeneel of Lynden were Monday guests at the Burgraff home.

Mrs. Andrew Johnson will entertain with a luncheon on Thursday afternoon, her guests being the ladies of the Merry-Makers Club. The Forest Grove School has been postponed for two weeks, because the teacher, Mrs. Bertha Marchand, is in the hospital as the result of an accident. Mrs. Marchand expects to be able to take up her duties in two weeks time.

Mr. Frank Hawley is working at the Burgraff place, moving their house to the new foundation.

Chicken Raised With Kittens. A cat with three kittens, in Nova Scotia, adopted a motherless chicken two weeks old. It would lie down with the kittens and cat and go to sleep. It would try to eat like the kittens and the cat and kittens tried to play with her. She stayed with the cat except nights until she was old enough to go with the other fowl.

Coincidence in Births. Two sisters residing in Helen's Mills, Elk county, Pa., each became the mother of twins on the same day, all four of the newcomers being boys. The two marriages occurred only a short time apart last year. Both mothers and the twins are in excellent condition.

POINTS THE WAY

The Statement of This Anacortes Resident Will Interest Our Readers

Our neighboring town, Anacortes, points the way in words of one of its most respected residents:

C. C. Keesling, boat builder, 504 5th St., Anacortes, Wash., says:

"Heavy lifting is what weakened my kidneys and caused lame back a year ago. When I tried to lift anything a sharp pain struck me in the small of my back and nearly doubled me up. The kidney secretions passed too often and were scanty and unnatural. My kidneys seemed weak. I saw Doan's Kidney Pills advertised so I bought a box and began using them. They helped me right away and two boxes knocked the pain out of my back and put my kidneys in a healthy condition, thanks to Doan's Kidney Pills."

MISS HAINKE TO HEAD CLUB WORK IN PIERCE COUNTY

Miss Hulda B. Hainke, superintendent of schools in Ferndale, until July 1 on Thursday becomes County Boys' and Girls' Club Work agent in Pierce county, with headquarters in Tacoma. The position is a twelve-months' one and places Miss Hainke under the State College Department of Agriculture.

The position was offered her a week ago and she accepted at once preferring to continue her work with young people to entering the business field, where she had planned to spend some time. She will have several dozen organizations in the up-sound county to lead.

Last year Miss Hainke organized the boys and girls of district 308 into project clubs and their work was given first place in all the counties of the state not having a county leader. As a result of the success with the Ferndale young folk, the offer of a county came to Miss Hainke.

The Scrap Book

PAPA OUT OF THE RUNNING

Bashful Lover's Weighty "Remarks" Had Straightened Out the Course of True Love.

A prehistoric young man fell in love with the beautiful daughter of a great chieftain.

But as he was bashful, and her father's stone ax was not bashful, he feared to tell his love.

So he procured a tick—that being the fashion in stationery just then—and carved thereon his message of devotion. As the gentle ichthyosaurus croaked the witching hour of midnight, he stole stealthily unto the chieftain's cave.

Then with one mighty heave he cast his weighty remarks into the inner blackness, trusting that his lady-love would find them on the morrow.

And it came to pass that when he awoke next morning the blushing damsel was seated on his doorstep.

"Reggie of the Knotted Knee," she cried, "I am thine! The forcible nature of your proposal removed the only obstacle. The brick caught poor papa a lovely whack on the cranium, and he was so struck with your remarks that he's past objecting to anything now!"

EVER-BEARING ORANGE TREE

Possibility That Discovery in Florida Will Revolutionize Conditions in Growth of Fruit.

An ever-bearing orange tree, which citrus fruit growers believe is destined to revolutionize the orange industry of the state, if not of the entire country, has been discovered by horticulturists in a small grove at Avon Park, near Tampa, Fla. To protect the specimen, its purchaser has placed around it a heavy wire fence 20 feet in height; and stationed guards day and night.

The tree has been in bearing continuously eight years, but until recently its existence was known only to the owner and several neighbors who, according to citrus experts, did not realize its value, but regarded it merely as a freak of nature. Several of south Florida's largest citrus growers have organized a syndicate, purchased the tree, leased the ground upon which it stands, and already are taking steps to develop its possibilities by propagating it through budwood, with the expectation of having 250,000 trees ready for setting out in groves by 1923.

The tree is about fifteen years old. Its origin is a mystery. Its owners believe it will bring forth stock true to the parent tree and be worth millions to the men who had the foresight to grasp its possibilities.

Mystery in Small Lake.

What seems to be a natural phenomenon is observed in the Fort Steele East Kootenay (British Columbia) district. A small lake or pond which has been used for some time by a logging company for a mill-pond, is situated on the high bench land on the north side of Kootenay river and with an altitude of slightly over 3,000 feet above sea level, in a small, deep hollow surrounded by high wooded banks unaffected by winds and without any streams running in or out of it, or any circulation in it. The water is dark and brackish, yet when logs are put in the east end of this lake, if left unfastened will, of their own accord, float to the west end within a few hours. The mystery is, do the logs move or does the earth move the logs in its daily rotation from west to east?

New Paneling Valuable.

The new wood-metal sheet or paneling, consisting of thin boards between two layers of metal, has given astonishing results. The material, adapted for a multitude of uses, can be made in sections of any size, is unaffected by moisture, resists abrasion and warping, and combines strength with lightness. In tests made a panel 5-16ths of an inch thick proved five times as strong as a solid wood panel of equal thickness, and 80 times as strong as a sheet steel panel of equal weight.

Your Paint Dollar —How Big in 5 Years?

THE best paint will be good five or more years hence, if properly applied. Cheap paint, on the average, starts cracking in twelve months.

It's what paint covers that you want to save—not merely a few cents per gallon in first cost.

Cheap paint does not spread as easily or as far as good paint. So when you figure labor and square yards covered, cheap paint on the house costs as much as good paint.

Cheap paint in practically every instance, is the most expensive you can buy.

Don't allow surfaces to rot. It costs less to paint them.

The paints specified by Fuller are the result of 72 years experience in the making of all kinds of paints, varnishes, etc., for western use.

We use the best materials, PURE PIONEER WHITE LEAD, pure linseed oil, zinc and color as others do, but we combine them with a 72 years' knowledge and long-time skill.

Our white-lead base is finely ground pure white. It must pass through a silk screen with 40,000 meshes to the square inch. We use special machines for mixing the materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-toned and Fuller House Paints are noted for covering capacity, ease of spread and great durability.

If you want from five or more years' protection for your property investment, get Fuller's western paint for western weather conditions—a paint you know.

Fuller's SPECIFICATION House Paints

Phoenix Pure Paint Pure Prepared Paint

Manufactured by W. P. Fuller & Co.

"Pure Prepared" and "Phoenix" are Fuller's Specifications for house painting. Get either and you have the best that anyone can make—long service paints.

WHERE TO BUY

For All Exterior Jobs of Painting, It is Advisable to Secure the Services of a Master Painter

Free Advice on Painting

ASK our agent for our free advice. He will show you a color card which shows 32 shades of this desirable paint.

We have a Fuller Specification Department which will tell you all about the most desirable color schemes, color harmony and those other details you want to know.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.
