Do you realize how much work the "Z" engine will do at the low cost of one gallon of kerosene?

It will pump 10,000 gallons of water for your stock, for your home, for fire protection.

It will light 10 20-watt, 16-candle power lamps for 15 hours from your light plant.

It will grind 40 bushels of feed to fatten your stock.

It will saw over 5 cords of wood for you.

It will run your churn—cream separator—milk machine.

It will operate your family washing machine—your griststone, corn sheller, clover huller, shredder, hay baler and other machines about the farm.

Over 300,000 "Z" engines have been bought by farmers everywhere. They saved labor—got more work done. The many big advantages of the "Z" were convincingly demonstrated to these farmers before they bought.

Note these features at the left and then you, too, come in and see the "Z."

We have "Z" Engines in stock at all times. Come in and investigate today.

The Lynden Gimlet

Suppose you noticed that ad in today's want-ad column—

LOST—an open-faced lady's gold watch.

It's all right to go around that way in the summer, but in this cold weather, she ought to keep it shut.

Ralph Baldwin, Charles Campbell, and Bob Bowles composed a Lynden trio of experts who testified at the Merryweather booze trial in Bellingham this week. When Merryweather was arrested up here, Marshal Le Compte showed the bottles taken from him to these three, but did not give them a chance to sample the contents. All they could tell the court was that it looked like Old Crow.

And now Customs Inspector Paul O. Dolstad is announcing an auction in our want ad columns of the two British nags that were "seized for violation of the United States revenue laws." How a hawkes can break a federal law, The Gimlet can't explain, but undoubtedly an explanation will be given when the plugs are sold next month.

Of course you're going to see Infant Ruth at the baseball team benefit at the Liberty tonight. That's wrong—it should be Baby Ruth.

Speaking of big babies, someone is advertising for sale in the southern corner of this page, "a large baby carriage." If you've got a jumbo infant, you ought to buy it.

Uncle John Bussard, 70 years old, walked to Blaine Tuesday on business.

H. A. Van Os is awarded the Gimlet's hamburger medal for the best record made during the hunting season. Van Os was sitting in the front room of the Van Os mansion one day last week, when a phine pheasant flew in the open door. Van Os arose and shut the door.

The question now is—"Must Van Os take out a hunting license to shut his own door?"
