## LYNDEN SCHOOLS LEAD IN CHARITY

Contribute Most in County For Astoria Fund and Tuberculosis Work

Lynden schools led the other institutions of the county in the sale of Christmas seals, and in the response to the Astoria appeal for aid.

A report sent out by the county superintendent's office this week showed seal sales to a total of \$84.54 through the local schools.

The sum of \$21.16 was raised for the Astoria relief fund, in donations of nickels and pennies.

## EVERSON CANNERY REPORTS HIGHLY PROSPEROUS SEASON

The Kale Canning Co. of Everson shipped the last of their immense bean pack last week. Over 142 tons of beans were packed into 4931 cases of No. 2's and 5493 cases of No. 10's. A net price of two and one-half cents a pound was paid the grower.

Their pack of local fruits and vegetables amounted to 34,000 cases which is considered good for the bad year for berries. \$41,300 was paid to local growers for fruit; \$22,000 was expended for labor; \$5,131 for box shooks and \$2,196 for local freight.

Plans are being made for next year to pack the largest amount in the history of the cannery, the outlook for a bumper berry crop being exceptionally bright. It is possible that other vegetables besides beans may be canned.

## HE COULD HAVE SOLD TEN COWS MORE

Have you heard about Bob Lowrey's herd?

Lowrey had seven cows, and wanted to retire from the milkmaid game. He used a Tribune want-ad which retired him in a hurry.

He sold the seven at his own price to the first man, and could have sold seven more, he says, as the calls were as thick as guests at a free-lunch.

## LYNDEN PEOPLE GO TO "HEN" SCHOOL

Many Attend Poultry Courses at Laurel Under Direction of State Experts

Lynden poultrymen by the dozen are attending the Whatcom County Poultry School now being held at the Meridian High School under the direction of H. B. Carroll, Jr., county agent, with extension experts of the State College in charge.

The school auditorium has been crowded at the opening sessions. Lectures have been given by W. D. Buchanan and Mrs. George R. Shoup on the problems of incubation, hatching, and feeding for egg production.

The following is the program for tomorrow's session:

Friday, December 29th

9:45 A. M. "Accredited Hatcheries and Trapping," W. D. Buchanan.

11:00 A. M. "Common Poultry Diseases," Dr. W. T. Johnson, Veterinarian, Western Washington Experiment Station.

## THE JUBILEE

(From the Bellingham Herald) The "Jubilee" of the Whatcom County Dairymen's Association, held here, brought out ample proof that one of the biggest Christmas presents in Whatcom County is presented by the cow.

Her butter production alone for the year just closing was almost 1,500 tons, and the aggregate sales of dairy products reached the enormous total of \$1,500,000, half of which was made in this county. That record, of course, was produced only by members of the association, and does not constitute the aggregate county business, which is even greater, but it shows how important the dairy industry is becoming in the county. The individual dairyman, averagely speaking, finds his business for the year on the right side of the ledger at a time when all branches of agriculture are suffering somewhat for lack of credits and because of low prices. President Harding, from the beginning of his administration, has encouraged co-operative marketing for the farmer as the surest solution of the farm problem. The farmers of Whatcom county—or at least the dairymen—have made a rather unique success in applying the co-operative principle. Possibly that is one reason why they can "jubilee."

## DAIRY SALES REACH OVER \$1,500,000.00

Association's Business For 1921 Will Go to Big Figure; Crabtree and Jacobsen Nominated

That the sales of the Whatcom County Dairymen's Association for 1922 will reach over a million and a half dollars, was the estimate made for the members at their meeting Saturday in Bellingham by Manager C. C. Davis.

A total of 2,900,000 pounds of butter was manufactured, and 1,890,000 pounds of powdered milk.

During the 10½ months that the cheese plant has been in operation, 762,000 pounds of Dargold cheese has been manufactured.

B. C. Crabtree and Nels Jacobsen of Lynden were nominated for director of the association. Mr. Crabtree's term will expire, and the election will be held in January.

A highly optimistic tone concerning the dairy situation is sounded in the following New Year's message sent out by the officers of the Association:

People of the United States are consuming more and more dairy products each year.

This fact has been firmly established. It is also well known that we have had from year to year a large increase in production. But the actual use and consumption is continually outstripping dairy production.

The proof of this is the very small quantity of butter and cheese remaining in cold storage houses. There is less at this time than there has been at any corresponding period of years.

Further proof is found in the fact that dairy products are bringing very high prices; that the farmers are getting more for their milk and cream.

There are but two articles on the farm today that are bringing a price far in excess of pre-war prices—milk and cream.

No farmer should depend upon one or two crops. He should so diversify his work that his labor and management should always bring an income.

There is no business that promises a better future for the farmer than that of dairying. We call the attention of bankers, civic organization and public spirited men to this situation in order that arrangements can be made to finance farmers for the purpose of enabling them to increase their herds.

We hope this will be a message of cheer for the new year.

## LYNDEN ROMPS AWAY WITH GAME

Defeats Ferndale by 55 to 9 Score; To Meet Mt. Baker on January 12

Lynden's high school team advanced one step further toward the basketball championship honors Friday evening at the local gymnasium, when they overpowered the fast Ferndale squad by a 55 to 9 score.

Lynden had the jump throughout the game, and showed exceptionally clever team work. The entire team showed to advantage. Ferndale was able to make but four field goals, so vigorous was the defense put up by Lynden.

In the girls' game, Ferndale won 22 to 14, after an exciting contest.

Lynden's next game is with Mt. Baker at Mt. Baker January 12.

## MODERN WOODMEN ELECT ARTHUR BRUNS CONSUL

## FAST CANADIANS TO PLAY HERE TONIGHT

Adanac Team of New Westminster Coming To Retrieve Defeat of Last Season

A large crowd is expected to be on hand tonight when the whistle blows to start the big basketball game between the Lynden Athletic Association team and the Adanac Club of New Westminster.

The game will start at 8:00 p. m. in the high school gymnasium.

This game was to have been played on Friday night, but owing to other social events, the date was changed to tonight, Thursday.

The Adanac Club is composed of most of the players who were here last year with the Mohawk Club. To those who saw that game, no explanation of the playing ability of the Canadians is needed. They are coming with the hopes of avenging their 38 to 32 defeat last year.

Owing to a misunderstanding as to the day of the game, Lynden did not go to Blaine Tuesday evening. However, the Association team will play the fast Blaine high school team here next Wednesday evening, January 3.

The Lynden high school girls' team will meet the Meridian girls tonight as a preliminary to the main contest.

## SANTIE CLAUS TREATED US BETTER THAN EVER

Old Santie Claus treated Lynden better than ever this year. Harry Mock's reindeer which bring in the packages to the Lynden postoffice for the old gent, had more than ever to carry.

The outgoing gifts were also of the same generous proportions.

In spite of the cold weather, which put a week's crimp in the holiday trade, Lynden merchants reported generally bigger and more sales than in 1921.

## SIX ARRESTED FOR USING DIP-NETS

Two Lynden Men Plead Guilty and Four Plan Fight in Courts on Question

What may develop into a test case of the law which prohibits a citizen from dipping a salmon from the Nooksack River for his own use, while canneries can pull them out by the ton, was started at Lynden Thursday with the arrest of Joe Shoop, Carl Boice, George Abbott and Lawrence Asam by a county game warden.

The men were charged with using a dip-net in violation of the law.

When they refused to appear in justice court and plead guilty, they were held in the county jail for a short time until a hearing could be arranged.

On Saturday, they pleaded "Not Guilty" before Judge Ed Hardin.

Steve Woudenberg and Joe Elmbaas, who were arrested at the same time, pleaded guilty before Justice Heaton in Bellingham, and were fined \$10 and costs each.

The gross unfairness of the law in discriminating against the individual citizen catching a fish for his own use, while the big canneries can haul them in by the thousand to sell, has aroused the Lynden district, and a fight will be carried into the courts, it now appears. The four Lynden men have employed attorneys and a war fund will be raised locally.

## 1923 COMMUNITY CALENDAR READY

Attractive Folder Will Be Mailed Through District by Business and Professional Men

An attractive and useful calendar will be mailed out this week to the homes of the Lynden district as the gift of the business and professional men of Lynden.

This is Lynden's second community calendar, indicating a fine spirit of co-operation on the part of the local men. No individual names appear on the calendar, which bears the simple legend, "Presented With Holiday Greetings by the Business and Professional Men of Lynden, Washington."

The calendar has a cool green background, on which a colorful Western scene appears. Devised cleverly as a folder, it opens up in use, and gives the information of the dates, together with a journal record of the business of the home and the farm, and space for miscellaneous items of the daily routine, or for diary purposes.

Tables are also offered for the listing of any monthly records of special items such as milk, eggs, butter, etc., on the farm.

Pages also provide for the year's recapitulation of income tax information, breeding records, and memoranda and special addresses.

Weather forecasts, and general farm information, are included on the calendar.

The committee that was in charge of the selection of the calendar this year was composed of Y. H. Tromp, J. W. Stearns, and F. E. Knapp.
