

PUERTO RICO TARIFF

President Risks His Political Future Upon It.

Is a Party Measure and a Wise and Humane One Which the People Should Support.

Washington, March 20.—Amended so as to be operative only until the citizens of Puerto Rico have set up civil government and framed their own finance law, the house bill imposing a tariff of 15 per cent on exports from the island will be made a party measure, and toward securing its enactment into law the influence of the administration will be directed.

He believes popular objection to imposing this tariff arises from lack of a full understanding of existing conditions. He says a thorough understanding causes him to revise his own first and hasty judgment. Besides the necessity for revenue for Puerto Rico, it is desired to establish a precedent for the Philippines, the president believes, and free trade with those islands would not only bring Malay labor in competition with our own, but would permit the importation of European products.

FROM BRYAN TO DEBS.

Prominent Supporter Turns From Fusion to Socialism.

New York, March 17.—Eugene V. Brewster, of Brooklyn, was toastmaster and chairman of the Bryan dinner, and who has been, probably, the most conspicuous man of the so-called "Chicago platform Democracy," has written a letter to William J. Bryan, in which he says he cannot support Mr. Bryan for the presidency and that he now abandons all efforts to "effect a union of reform forces" under Bryan's leadership.

"The trust question, to which you are devoting most of your attention, involves the very greatest and really the only problem that the Americans have to solve. Regrettably, you seem to see only one side of the case, and, seeing only evil on this side, you would unhesitatingly destroy the trust. You do not seem to realize, dear Mr. Bryan, that the same argument that you apply to the trust also applies equally well to improved machinery, and yet you would not destroy that."

"I have carefully studied the conditions and the many remedies offered by various parties and factions, and it seems to me that co-operation—socialism—is the only practical and the only possible remedy."

Mr. Brewster expressed his discontent with each of the principal existing political parties and announces his adherence to Eugene V. Debs. He tells Mr. Bryan that, with his brilliancy and oratorical powers, he soon could "bring the world to his feet" if only he would believe and speak as does Debs.

Clarke County Populists Surrender.

Vancouver, March 17.—The populist county central committee and the democratic committee met here today separately, and after a short discussion the two committees met in joint session. It was unanimously agreed by the populist committee to abandon the party and unite with the democrats under the democratic name. The committee was dissolved, and no populist county convention will be held. At the joint session it was decided to elect delegates only to the democratic state convention, and to ignore the call for the state populist convention. The surrender was complete, and the populist party in this county is now extinct. Lieut. Gov. Daniels engineered the deal.

Filipinos May Enlist.

Washington, March 17.—Adjutant General Corbin received a telegram today from General Otis asking authority to allow Filipinos to enlist as members of regimental bands in the Philippines. The request will be granted as a matter of policy.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send a doctor for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by all druggists.

WAR IS OVER.

So Says Joe Wheeler of the Philippine Insurrection.

Washington, March 16.—General Joe Wheeler arrived in this city this morning from Atlanta. He had an interview in a private capacity with Gen. Corbin.

General Wheeler went over to the war department this afternoon. In the absence of Secretary Root, he reported formally to Adjutant General Corbin, thus complying with the order from the department which brought him from Manila. The general was in the uniform of a brigadier general of the volunteer army. He looked the picture of health, better than when he left Washington for Manila. He gave General Corbin a brief description of the conditions in Luzon. He insisted that the war is over and that nothing more was to be done, except to run down a few guerrillas and irregulars. There was difficulty in this work, he said, and there was danger, too, but his prosecution was not "war." Ambuscades were frequent and annoying, and it was not easy to tell whether the hidden foe was strong or weak. Three men had been mistaken for a company in some cases. The general said that the American troops are doing splendid work there. They are sound and healthy, and in quite as good shape as they would be at home, engaged in similar service.

This was owing in a measure to the excellent care of their men exhibited by officers and to the watchful precautions of the army staff.

Foster's Leasing Bill Killed.

Washington, March 17.—So great has become the clamor against the proposed leasing of the public domain, and against the ceding of the public lands to the several states, that the house committee on public lands today adopted, by an almost unanimous vote, a resolution, which provides for laying on the table all bills drawn with a view to leasing or ceding the public lands. This action on the part of the house committee, which holds good to the end of the present congress, sounds the death knell of Senator Foster's leasing bill. The senator may be able to pass it through the senate, but it will not get past the house committee. His bill has been regarded as the most complete and least objectionable of all the leasing bills introduced, but the committee concluded, in the face of the overwhelming protests that have been received from all of the western states, that the people at this time are not prepared to receive the leasing system. There are a number of the committee who earnestly believe in the leasing system, but, like Representative Jones, they say they are the representatives of the people and if the people do not want to lease, they will not insist upon it.

Back to Republicanism.

Denver, March 14.—Colorado republicans who followed William J. Bryan in 1896 are returning to the old party fold. At their head is Isaac N. Stevens, vice-chairman of the national silver committee in 1896. He publicly renounced Bryanism in a speech at Arion hall last night. Mr. Stevens declared he came back into the republican party without making any apologies for his course in 1896 or for his latest political step. When he went into the silver republican ranks he had, he said, done so with good reason. The republicans, he said, had been fighting each other in Colorado somewhat as the Irish had done at the battle of Bunce, and it was now time to cry halt. J. B. Wheeler, of Aspen, the "king of the silver mines," who was an enthusiastic supporter of Mr. Bryan, acted as chairman of the meeting.

Bank President Is Convicted.

Chicago, March 17.—George L. Magill, formerly president of the Avenue Savings bank, which collapsed in August, 1896, was today convicted of receiving deposits, knowing his institution to be insolvent, and sentenced to the penitentiary for an indefinite term. He was also fined double the amount of the deposit received, the fine amounting to \$2,396.

Still More Counterfeiting.

The Secret Service has unearthed another band of counterfeiters and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them of being spurious. Things of great value are always selected by counterfeiters for imitation, notably the celebrated Hostetter's Stomach Bitters, which has many imitators but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters sets things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeiters when buying.
