BOY'S THREE PIECE SUITS
AGES 9 TO 15.

A beautiful line of patterns. Prices, suit, \$2.00 to \$10.00.

APPLE CROP IS SHORT.

Eastern Advertisers Place it Away Below the Average.

The apple crop of the United States is far below the average, and prices on the local market, it is expected by commission men, will be at least twice as high as those of last year.

The reports made at the convention of the Apple Shippers' association, held recently at Toronto, Canada, showed that the coming crop will be but 46 per cent of the yield last year. The greatest shortage is in the east. The committee appointed to make comparisons with the conditions at the same time during previous years reported the following percentages for this year of ordinary crops: Ontario, 35 per cent; Nova Scotia, 75; New England, 25; New Jersey, 25; Pennsylvania, 40; New York, 20; Maryland, 50; Virginia, 65; Kentucky, 25; Tennessee, 35; Ohio, 40; Michigan, 30; Indiana, 40; Illinois, 40; Missouri, 45; Arkansas, 50; Kansas, 45; Nebraska, 45; Iowa, 25; Colorado, 85; Wisconsin, 15; California, 90; Oregon, 80; Washington, 80.

The variety that will be most missed on the local markets will be the Baldwin apple, which comes only from the eastern states. The substitute for the Baldwin is the Ben Davis, from the Southern States. The Ben Davis and the Wine Sap are the best apples produced in the south.

The lowest price during the fall of 1900 for all varieties of apples was \$2.50 per barrel. During the following spring, after the summer apples were on the market, the price dropped to \$1.75 per barrel. Summer apples are now worth \$5 per barrel. The fall apples, which are the principal crop of the year, are expected to be worth about \$4 per barrel at the opening of the season.

Prof. G. T. Powell of Briar Cliff Manor, N. Y., who is considered the best authority in the United States on apples, said, in his address before the Toronto convention, that the Minnesota experiment station is the best horticultural school in the United States; that the school is graduating the very best practical fruit growers in the world.

WANTS PALOUSE APPLES.

Iowa Buyer Who Is After Information.

Manager Hinchliff of the Fair Association has received the following letter from C. M. Holtzinger of Hamburg, Iowa:

"I see your name in connection with the fruit growers of Washington. Can you give me any information in regard to the apple crop? Is the fruit free from worms, and what per centage of it is red fruit? Have you heard of any apple buyers from the east, and what are they offering, and do you know of any being sold? I have been reading about your fair and will try to attend, as I am looking for some nice apples. Any information you can give me will be greatly appreciated. Please give me the names of some of the farmers who have large apple crops."

Boy in a Well.

M. A. Corner's little boy, aged three and one-half years, had a narrow escape Tuesday from drowning, says the Garfield Enterprise. W. C. Irion, who is hauling water for Crisp Bros. threshing machine, had pumped the wagon tank full and taken the hose from the well on the corner of Main and Third st., leaving the little door about a foot square opening into the well open. Some small boys were playing about and Mr. Irion was in front of his team when some of the boys called "There's a kid in the well!" Not losing any time Mr. Irion went down the pump-stock and caught the child who was keeping his head above the water by holding to the pump stock. The distance to the water is twelve feet, the water being about six feet deep. The child was uninjured and insisted on having his cap brought out with him.

Fire Touched Goff.

What came near being another disastrous field fire was started Monday evening by Stipes' engine on the farm of H. W. Goff, west of Dry creek. Through prompt and hard work of the entire crew and a few farmers who happened to be present it was quickly confined to a small area of stubble and did no damage though the blaze reached within 40 or 50 feet of a stack yard just thrashed containing 671 sacks of wheat. The fire originated from the engine while moving from the finished setting.

Unclaimed Letters.

List of letters remaining unclaimed for in the Colfax postoffice, Aug. 30, 1901: Baylor, John W. Hael, Mrs. Nannie Jones, Mrs. Brown, Fred Kromm, John Doneing, W. W. Merry, Samuel J. A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by F. J. Stone.

H. W. GOFF, FIRE INSURANCE.

OBITUARY.

Died, at her home in McMinnville, Oregon, Aug. 4, Mrs. Onie Martin, beloved daughter of Mr. and Mrs. E. Branman of Wilcox, Wash. Her many friends will be deeply grieved to hear of her sad death. All that skill'd physicians and kind and loving hands could do was in vain. God said, "Come up higher." The funeral was of the Rebecca sisters, of whom she was an honored member. None knew but to love her; her sweet disposition won for her many friends. She was laid to rest amid a profusion of flowers, contributed by loving friends, which lent their beauty and perfume to the sad occasion, mingled with a host of sorrowing friends and relatives who followed the remains to their last low bed, and which told plainer than words the deep sorrow and respect which they felt for one they loved so well. She was just in the bloom of womanhood, 27 years of age. She was ever ready with kind and loving words and willing hands to care for the sick or the needy. Weep not, dear friends, weep not; for of such is the kingdom of heaven.

All join in sympathy for the stricken family, especially the aged father and mother, who were not permitted to attend their daughter in her last hours, as they were too feeble to undertake the journey. They are almost prostrated with grief. Deceased leaves father and mother, six brothers and four sisters. Two sisters and one brother were at her bedside. She leaves also two little girls, two weeks and three days old, and a loving husband. Mrs. Martin was born in Benton county, Oregon, Feb. 9, 1872, and came to Washington with her parents in 1892. She was married to Roy Martin Nov. 27, 1898, by Rev. Bowersox, who preached her funeral. Let the dead and the beautiful rest.

OBITUARY.

Died, near Pullman, Nina May, daughter of J. A. and F. M. Anderson, born July 15, 1900; died August 23, 1901, aged 1 year, 1 month and 8 days.

Nina was sick about seven months, being afflicted with whooping cough, gradually growing weaker until the end came, her body only weighing 7 pounds at her death.

Tragedy of Years Ago.

Victoria, B. C., Aug. 25.—Harry Barnes, a prospector, who has arrived at Cape Nome, tells a story to the Gold Digger of having found a ship's medicine bottle tightly corked on the sand spit on Hagerman's island, in the northern part of Bristol bay, which contained a sheet of paper containing the following message in faded ink: "July 24, 1879.—The schooner Albert wrecked in Unimak pass, 18 hands aboard, storm still raging.—C. McLeod, Ship's Master."

Hundred Year Clubs

Are becoming numerous. The idea is to promote longevity. It is interesting to note that the means through which long life is to be obtained, is food and the stomach. Long life and good health are not possible unless the stomach does its work properly. There is a way to make it, if it does not. Hostetter's Stomach Bitters is an ideal strength restorer. If you would be cured of dyspepsia, indigestion, belching, constipation, insomnia, nervousness, biliousness, try the Bitters. Everybody should try it to help nature rid the blood of all impurities. It possesses valuable curative properties, and as a specific for malaria, fever and ague, it is unequalled. Don't fail to give it a trial, but be sure you get the genuine.

Some Reasons Why You Should Insist on Having EUREKA HARNESS OIL

Is required by any other. Resists hard leather soft. Especially prepared. Keeps out water. A heavy bodied oil. HARNESS An excellent preservative. Reduces cost of your harness. Never burns the leather; its efficiency is increased. Satisfies best service. Sitches kept from breaking.

OIL Is sold in all Localities Manufactured by Standard Oil Company.
