Don't Make a Mistake

Many people make mistakes that cause them regret through life. If you intend to follow a business career you can make no greater mistake than by enrolling in the wrong school. While you are getting a business education you don't want to waste any time. You want to get through as soon as you can and not slight your work. That is just what our students do. They are directed by the best instructors, each a specialist in his line. They are pushed as rapidly as their capabilities will permit and no work slighted but every part of each course is thoroughly gone over.

There is always a position awaiting a student who has thoroughly and conscientiously completed the shorthand or bookkeeping courses. There never has been a time in our history that we were able to fill the demand for help. If you want a position as soon as you are through a course, if you want your work while completing a course to be pleasant and agreeable this school is the place for you.

There are some things that give our school prominence as compared with other schools. We occupy two stories of a modern brick block, equipped with elevator, steam heat, gas and electric lights. It is the best arranged business college west of the Mississippi river. We have thirty typewriters, almost twice as many as any other school—our students have twice the time for practice that is usually allowed.

Our catalogue gives you information which you should have. It is free for the asking

Happenings and Matters of Interest Reported from all Sections of the Country.

Wednesday, November 5.

Clasped in each other's arms, lying on the floor of the pastor's study in the German Baptist church at Omaha, Neb., Oscar Bernds, janitor of the church, discovered the dead bodies of Rev. William C. Rabe, pastor, and Augusta Busch, a missionary and assistant to the pastor. Death had been caused by asphyxiation. The room was filled with gas, a jet and a burner of a small stove being partially turned on. The bodies were lying on the floor when found, and the woman's head was pillowed on some cushions. There seems to be little doubt that the deaths were accidental.

The westbound Black Diamond express on the Lehigh Valley road, which had left Jersey City, was wrecked. Fifteen persons were more or less seriously hurt, one coach and the engine being overturned. The express ran on a siding and collided with an engine. Mrs. Carrie Nation was one of the passengers hurt.

The stage coach which runs between Ouray, Calif., and Red Mountain, met with an accident on one of the steep grades of the road and together with 14 passengers rolled down the mountain side for a distance of 300 feet. One of the horses was killed and the coach rolled over several times.

Thursday, November 6.

Superintendent B. F. Egan, of the Kalispell division of the Great Northern railroad and one of the best known railroad men in Montana and the northwest, has been lost in the mountains in the vicinity of Coram and Belton, Mont., Tuesday afternoon, and it is believed that he has perished. On the day of Egan's disappearance two fierce blizzards had swept the mountains and another is raging. The section in which Egan is lost is one of the wildest and most heavily timbered tracts in Montana. He had gone out hunting.

Henry White, a mining man of Kalispell, Mont., shot himself with the intent of suicide, and the physician says he cannot recover. The bullet went through the head. White leaves a wife. The cause of the deed is unknown. He had just returned from a long absence in the west looking after mining property.

Williams, Jr., president of the California Jockey club, and Truxton Beale, formerly United States minister to Persia, are held for trial by the superior court of San Francisco, for an alleged assault with intent to kill on Frederick Marriott, editor of the News Letter, which occurred last September.

The transferring of popular teachers has resulted in the latest novelty in strikes in Chicago. In two of the city schools pupils refused to return to classrooms until their favorite teachers were returned. At the Andrew Jackson school the matter has become serious, while at the Hammond school trouble is fomenting. Hammond school promises to be even more troublesome than the Jackson.

Residents of Hancock and Houghton, Mich., have been greatly alarmed by a terrific shock. Houses rocked and windows rattled as if an earthquake had occurred. Investigation in all directions has failed to discover the cause of the shock. This is the second occurrence of shocks within three months.

Rufus Cantrall and John McEndree, leaders of the gangs of confessed ghouls at Indianapolis, Ind., have pointed out between 30 and 40 graves which they said were robbed by them. These robbers would sell the bodies to the medical college and to physicians.

For 20 years people have been trying to find the source of the ore at Silver Cliff, Colorado, and at last it has been turned up only a half mile from town. Jackson and Haskell, two veteran assayers, made the find and they are now literally quarrying out the ore which runs about \$44 per ton.

The crown prince of Siam broke his western journey by a two hours' stop in Kansas City, the time being spent by driving about the town. For the first time since landing at New York the prince was welcomed by a native of Siam, Nai Luong, a college student. The reward of \$1000 has attracted more men into the district where Super-

intendent Egan of the Great Northern has been lost for five days in a Montana blizzard, but Egan has not been found. It is now almost impossible to get through the country except on snowshoes.

The plant of the Keystone Driller company at Beaver Falls, Pa., has been destroyed by fire. Loss \$100,000.

Secretary Hay has had a conference with Senator Collum, chairman of the senate committee on foreign relations, and with Senator Morgan, the senior member of the minority of the senate committee on canal matters. The secretary was able to show satisfactory progress in the matter of the completion of a treaty with Colombia regarding rights.

The organized bakers of San Francisco have raised the price of certain kinds of bread, pies and cakes. Hereafter no more five cent pies will be made, cheap cakes have been advanced a few cents and the size of bread loaves somewhat reduced.

The United States transport Sumner has arrived from the Philippines after a stormy voyage. After leaving Yokohama the vessel encountered a terrible typhoon. General Chaffee and Mrs. Chaffee and Vice Governor Luke Wright and Mrs. Wright were aboard.

President Roosevelt has left Washington for an absence of nearly two weeks. He was accompanied by Secretary Cortelyou and Dr. George A. Luing.

AROUND THE COUNTRY.

On account of the prevalence of typhoid fever, City Health Officer Dr. Chas. James, of Tekon, has caused notices to be posted in conspicuous places requesting citizens to clean up the garbage in their back yards and alleys and do everything possible to prevent the disease from becoming epidemic in that city.

Mrs. Delia White Getchell, wife of Conductor Clarence Getchell of the O. R. & N., died at the Sacred Heart hospital, Spokane, on Sunday night after a lingering illness. Professor E. E. Elliott, professor of agriculture at the Washington Agricultural college, has sold his residence property at Pullman to A. D. Wexler of Jonesboro, Tenn., for \$2500. Mr. Wexler is a capitalist and arrived in Pullman recently accompanied by his family. He is looking for investments in farm lands.

A woman whose name could not be learned, lost a purse which she said contained \$600, on the streets of Pullman. The purse was found by a boy named Jones. Suspicion was attracted to him by his lavish expenditure of money. He paid several bills he owed and gave his sister \$5. When questioned, the boy admitted finding the purse and returned \$473. There is some discrepancy in the stories told by the woman as to the amount of money in the purse and she does not seem positive, but thinks there was about \$600 in the purse when it was lost. The woman was passing through Pullman from Davenport to some point in Idaho.
