THE FAIR will be six years old on Monday, March 30. From a very modest beginning in 1897, it has grown steadily, week by week, month by month and year by year, until today it stands preeminent as the foremost mercantile establishment in Whitman County, the logical trading center for Colfax and vicinity. But we are not content, we must advance and keep on advancing, and to do this we realize that we must have your help, for without it we can do nothing. This year we mean to serve you better than ever before—give you better service, better values for your money, and do everything in our power to make this store the safest and best place in all Washington to trade. To celebrate our phenomenal growth and show our appreciation of the many favors received, we inaugurate this Anniversary Sale. You will find it a forceful demonstration of the real cause of our great prosperity—that of underselling. For months we have been planning for this event and we intend to make it a distinct and masterful triumph over every past success. There will be wonderful offerings that will create the greatest sensation in the annals of retail merchandising; it will dumfound competition and astound even the most experienced retailers.
