## THE TREATY IS SIGNED

National Salute of 19 Guns Heralded the Event.

The Representatives of Russia and Japan Attached Their Signatures on Tuesday Last.

Portsmouth, Sept. 5.—The treaty of Portsmouth was signed shortly before 4 o'clock this afternoon in the conference room of the navy general store at the navy yard.

The firing of a national salute of 19 guns was the signal which told the people of Portsmouth, Kittery and New Castle that the peace of Portsmouth was an accomplished fact, and the bells in the three towns were soon pealing forth a joyful refrain.

For 47 minutes those outside the conference room anxiously awaited the signal. Suddenly an orderly dashed up to the entrance to the peace building and waived his hand to the gunner, a few feet away, and the opening shot of the salute rang out on the clear air of the soft September afternoon, proclaiming peace between Russia and Japan.

Three o'clock was the hour set for the final session of the conference. An hour before that time a heavy thunderstorm was in progress. But as M. Witte and Baron de Rosen left the hotel in an automobile at 2:15 o'clock for the navy yard the rain stopped. When Baron Komura and Mr. Takahira entered their automobile 20 minutes later the sun suddenly shone, which called forth the remark by Baron Komura, "It is a good omen for peace."

This remark was cheered by the crowd gathered to see the Japanese depart. As soon as the delegates had taken their seats Mr. Sato left his chair and went to M. Witte's side with the Japanese copies of the treaty, which he placed before him. At the same time M. Plancau placed the Russian copies of the treaty before Baron Komura. Almost at the same moment the two selected pens from the center of the table and signed their names first to the French and then to the English text. The copies were then signed by Baron Rosen and Mr. Takahira. Mr. Sato returned the Japanese copies for the signature of Baron Komura and Mr. Takahira. M. Witte and Baron Komura affixed their signatures to the Russian copies and the treaty of Portsmouth was signed, the ceremony being completed at 3:50.
