RIDGEWAY THEATER.

"Human Hearts."

The story of "Human Hearts" deals with the happenings to honest Tom Logan, the village blacksmith. Tom dwells with his parents in a picturesque spot of the Arkansas Hills. There he has been pursuing his vocation, living a plain simple life, the mainstay of his parents, beloved by all who know him, and respected above his fellows. On a certain unlucky day, there came to the village a beautiful woman, a temptress, unprincipled and black at heart, but with a fascination that proved to be the undoing of poor Tom Logan. He immediately proceeded to fall in love with her, asked her to marry him and she became his wife.

One day there appears on the scene a villain, the former lover of the woman, who commits a cowardly murder and with the assistance of the woman, fastens the crime on Tom, who is tried and convicted for the crime of another. Tom is sentenced to state's prison for life, and the pair congratulate themselves that they have not only gotten rid of him, but have secured immunity from the law for themselves. But Providence has been watching over the blacksmith, and unseen influences are at work to thwart their plan. Humble friends of Tom Logan do not forget him and their endeavors to bring the case to the notice of the governor of Arkansas are finally successful. The villains are unmasked and Tom is proved innocent.

Manager Nankeville has provided a most adequate stage investiture for the play, and has engaged an admirable company for its portrayal. "Human Hearts" will appear at the Ridgeway on Thursday evening February 8th.

A Grand Double Bill.

Keen anticipation is always aroused among playgoers of Colfax when the announcement is made that Charles B. Hanford is to appear. Mr. Hanford has never yet failed to satisfy both the critical and the popular judgment of his audience and this is an achievement, the more noteworthy because his plays have for the most part been those which invited the attention of the student as well as the patronage of the casual amusement seeker. Mr. Hanford has been singularly successful in not allowing pedantry to obscure the intense human interest which exists in Shakespeare's plays for all classes of society and for all generations. He has succeeded by his marvelous gifts as a reader and his magnetic personality in bridging the centuries which lie between the people among whom Petruccio and Benedick are pictured as exploiting their inexhaustible humor and pungent repartee, and those who now assemble before the footlights in a country which in the Bard of Avon's day was yet to be explored. Mr. Hanford's presentation of "The Taming of the Shrew" at the Ridgeway Theater on Wednesday, Feb. 7, will be awaited with eager interest by a host of admirers whose numbers have increased with each ensuing season.

"The Taming of the Shrew" will be preceded by the attractive one act play, "The Old Guard," with Mr. Hanford in his celebrated character of Capt. Absolute. He brings a splendid scenic equipment, surpassing in some respects even those elaborate productions with which he has been so brilliantly identified in the past and the cast, which with the accomplished classic comedienne, Miss Marie Dronah, as leading lady promises a performance that will be complete in every detail. Remember the curtain raises promptly at 8:30 and those coming late cannot be seated until the curtain drops on the first act.

ON AMERICAN HORSES

Prof. Carlyle, Government Expert, is to Talk at Moscow.

Program for the Fifth Annual Session of Inland Registered Stock Breeders' Association.

At the fifth annual session of the Inland Registered Stock Breeders' Association, to be held at Moscow, Idaho, Feb. 8 and 9, Prof. W. L. Carlyle, who is in charge of the United States horse breeding experiments will address the association on "The American Horse." It would be hard to secure a better qualified man to discuss the horse question, both from the scientific and the practical standpoint and this address alone will pay any stockman for attending this meeting. He will also act as judge of the stock exhibits which will insure a very fair and instructive contest, provided the stockmen do their part and make a large display. Come out with your best animals and give Professor Carlyle something to work on.

The various names and topics on the program certainly guarantee a profitable session.

Following is the program:

STOP! WOMEN,

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years. You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result.

First letter.

"Dear Mrs. Pinkham:—For eight years I have suffered something terrible every month with my periods. The pains are excruciating and I can hardly stand them. My doctor says I have ovarian and womb trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmick, 59th and E. Capitol Sts., Benning P.O., Washington, D.C.

Second letter.

"Dear Mrs. Pinkham:—After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me."

"As you know, I wrote you that my doctor said I must have an operation or I could not live. I then wrote you, telling you my ailments. I followed your advice and am entirely well. I can walk miles without an ache or a pain, and I owe my life to you and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy."—Mrs. Mary Dimmick, 59th and E. Capitol Streets, Benning P. O., Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.
