### RIDGEWAY THEATER.

#### Harry Ward's Minstrels.

Salt Lake Herald, March 1: Harry Ward's Minstrels opened a three night engagement at the Grand last night to a large audience. The performances were very good. Like all minstrels there was the old time first part, which was beautified by a special curtain carried by the company. It represented a terrace scene, making a very pretty effect. The comedians introduced some new jokes, and the ballads were new and well sung. The members deserving special mention were Carl Fletcher, the phenomenal boy soprano, who certainly has the sweetest child voice ever heard in this city. Ward and Alexander as end men and monologists were exceptionally entertaining and funny. George Manoro in his acrobatic act entitled, "The Lone Hottentot," created a furor of applause. The Moke quartette received numerous encores.

This attraction will be at the Ridgeway theatre one night only, Saturday, March 30. Seats on sale at Hamilton's drug store. Prices 75c, 50c and 25c. Watch for the big parade.

#### "Julius Caesar."

It requires an actor of special gifts to adequately present the character of Marc Antony. There are two Marc Antony's in Shakespeare, almost as distinct as Dr. Jekyll and Mr. Hyde. One is Marc Antony the idler and the voluptuary, the toy of Cleopatra's fancy, the other is Marc Antony the patriot, the loyal friend and avenger. Yet with these opposite traits the character is one of great consistency, for history is full of examples in which a crisis has called forth noble qualities in men whose lives had been given over to pleasure. Marc Antony should be a handsome man, a man of graceful personality, and yet a man of power and determination. Mr. Charles B. Hanford, who will present his revival of "Julius Caesar" at the Ridgeway theatre on Wednesday, April 10, was welcomed years ago in the company of Booth and Barrett as the ideal Marc Antony. It is a role to which he owes much of his present eminence as an actor in the manner in which he fulfilled its many sided requirements, inspiring confidence on the part of the play going public and won him lasting friendships among the critics. The company associated with Mr. Hanford in this production includes a number of players who have become well known through their performances with him in the past.

The Whitman College Glee Club, now making its eighth annual tour, will appear at the Ridgeway in a grand concert on Thursday evening, April 4, presenting martial choruses, college glee, etc. Features of the program will be the work of the baritone, Indian club and cornet soloists, who are artists in their respective lines. Popular prices—75, 50, 35 and 25 cents—will be charged.

### BEAUTIFUL CRIBBAGE BOARD.

Prisoner at Walla Walla Sends One to Be Raffle.

J. E. Brown, who is serving a sentence in the penitentiary at Walla Walla of seven years for killing Tom Turnbow at Garfield about four years ago, sent to Ed Burns of Garfield, through the sheriff's office at this place, a cribbage board that is pronounced by those who have seen it to be the most beautiful work of its kind that ever came under their observation. It was received at the sheriff's office Tuesday, and is held awaiting orders from Mr. Burns. Brown said that the beautiful cribbage board was made by an inmate of the prison (not giving his name), and asking that it be raffled for \$30 and the money sent to him. It is box shaped and consists of 299 pieces of abalone shells and bones, inlaid in beautiful designs and with artistic effect. When it is remembered that each piece had to be cut by hand and made to fit to the nicety of a hair the time it actually took to complete the board must have run into the months if not into the seasons. The work represents hearts, clubs, spades, diamonds, stars, circles, horseshoes, the maltese cross, the clover leaf, even birds. The shells are polished as only the abalone can be polished. As a work of art and as an evidence of patience and skill it has no superior of its kind. The \$30 the prisoner wants for it is nothing compared to the labor spent in making it.

### Property Deal.

C. O. Cram has just completed a deal whereby Thurston & Macomber of Clarkston have exchanged their Colfax holdings, consisting of the Black Hawk livery barn on South Main street, the adjoining residence, and property in Perkins addition, aggregating in value \$8000, and a cash consideration of \$640, for the Al Kinaman farm of 140 acres, well improved, two miles north of Colfax. Mr. Kinaman will take possession of the barn and other property April 1, but will not move into the city until fall, having reserved possession of the farm buildings, orchard and garden lands until after the fruit harvest is over.

### Timothy, Prairie and Timber Lands.

Westlake, a growing Idaho town located about forty miles southeast of Lewiston, with the famous Nez Perce prairie on the north and east and the teeming forests of Craig mountain on the south and west, is described in the book let just issued by Crom & Stewart. Westlake townsite owners. The booklet describes the great natural resources of the section in process of development and tells of the valuable timber lands and unsurpassed timothy and prairie lands adjacent, which will double in value in the next few years. At present timothy lands can be bought for from \$15 to \$35 an acre and prairie lands at from \$20 to \$40. Timber quarters range from \$1000 to \$5000. Copies of the booklet may be secured by addressing Crom & Stewart, Westlake, Idaho, who will give any additional information desired.

### THE SOCIAL SIDE.

C. Five hundred was played, the prizes being won by Miss Fannie Davis and E. J. Peschan. Elaborate refreshments were served after the game. The evening was delightfully spent.

On last Saturday evening a surprise party was tendered Miss Goldie Roberts at her home on Mill street by a number of her friends. The event was in honor of her 20th birthday anniversary, and the evening was pleasantly passed with music, games and refreshments.

Castle Galahad, Knights of King Arthur, held open court on Wednesday evening, a large number of invited guests being present. The conclave was held in the Congregational church, and after adjournment refreshments, consisting of sandwiches, cake and cocoa, were served. Upon invitation of the entertaining knights, Castle Lancelot attended in a body and were most hospitably welcomed by the members of Castle Galahad. Mr. E. E. Bellinger, who, in the capacity of Merlin, has been leader of Castle Galahad, leaves next week for Seattle to remain. As yet no one has been chosen to fill the position in the club where she has so capably presided and where she will be greatly missed.

### SAWLOGS GALORE.

About 4,500,000 Feet Fill Dam in North End of Town.

About 4,500,000 feet of logs are lying in the dam in the north end of town, having been floated down the North Palouse by the Potlatch Lumber Co. to be cut into lumber by their mill at this place. They lie in all conceivable shapes, jammed and wedged together as though by titanic force, as indeed they were, the recent high water bringing the logs down and playing with them like toys. The dam and river bed for half a mile is filled with saw logs, which caused the water to overflow its banks at this point and flood some of the streets and residence lots in the neighborhood, notwithstanding the river's banks had been dyked for over half a mile on either side. This condition of things, however, did not last long, as the water soon receded and things are again normal. It worked considerable inconvenience for a few days, and some of the north enders were justly indignant, but the elements were partly to blame and it is a hard proposition to kick against what it does.

The big mill of the Potlatch Lumber Co. is chewing up the logs as fast as possible and converting them into merchant lumber; men are piling high stacks for future use, and the mill and yards present an animated appearance. A stack of slab wood is also being formed, a reminder that stovewood may be cheaper next winter. About 40 men are employed in and around the mill. And the supply of logs in the dam, to the layman, seems almost inexhaustible.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This remedy has been in use for over thirty years and has proved itself to be the most successful remedy yet discovered for bowel complaints. It never fails. Sold by Ellis Drug Co.
