Correspondents Tell What Our Neighbors Are Doing.

Live News of the County Gathered From Many Sources For Gazette Readers.

ALBION AFFAIRS.

Postmaster Farnsworth and wife will assume the management of the Albion next week, having leased it from Mr. Howell. About thirty dollars was realized by the M. E. Ladies Aid Society at its ice cream social last Saturday evening. George Howell and wife are in Spokane this week, combining business with pleasure. Gene Rice of Colfax visited with his family here over Sunday. Mr. and Mrs. Cable of Moscow, visited friends here the latter part of last week. Mrs. Sarah Marquis visited her daughter in Pullman the fore part of the week. Mrs. Bertha Armstrong visited Mrs. Ella Lawler in Pullman last week. Miss Lillian Lawrence returned to her home in Spokane Thursday. Grandma Crawford accompanied her for a few days' visit with her daughter's family. Whetzel brothers are sanguine that they have discovered a coal mine above town a little ways. A fine vein of coal has been opened up and if further investigation proves it a sure thing, it means much to our town as well as the prospectors. Miss Stella Perkins of Colfax and Miss Lacey Johnston of Washington, D. C., were Albion visitors Monday. Saturday afternoon the baseball team of Pullman will play the Albion team on the ball grounds here. Mr. Howell is having the hotel treated to a new coat of paint this week. Mr. and Mrs. Jim Stover returned to their ranch on Snake river Friday. J. S. Beard made a business trip to Colfax Tuesday. Frank Seaver and son Will took a load of their poultry to Colfax this week, where they disposed of it at a good price.

ELBERTON ETCHINGS.

A much needed change is hoped for in the road below the depot, which is located on the railroad right of way and is nearly impassable. In answer to several complaints County Commissioner Ellis and Road Supervisor J. H. Bloom were in town last week and at their suggestion a petition has been prepared asking that the road be set over on the poor farm and a new grade established. If this plan is carried out it will mean much to the farmers living west of town, and be a satisfactory improvement all around. At a meeting of the town council Saturday evening the matter of the annual picnic was brought up, and all were enthusiastic in its support, the council fixing June 13, 20 and 21 as the dates and naming as manager Councilman Lewis Stairer, who is getting busy naming his committees. It is Manager Stairer's intention to this year, in connection with the picnic, have a stock show, and also add other features that will make it more interesting than ever. Baseball will be made a special feature and some of the best teams in the Palouse country will be asked to take part. The picnic will be another important feature and in all probability the picnic will be engaged. Everything points to the annual affair being a "bummer" this year. Three carloads of Geo. Dodd's coal order arrived Saturday and the fuel famine is a thing of the past. Mr. and Mrs. H. W. Tracy have taken employment with the O. K. & N. bridge crew. W. B. Peoples has secured the contract for erecting a small building for D. H. Johnson at Stepton, who will try his luck selling groceries at the new town. Mr. Johnson is an eastern man. Edward Baker has traded his property here to A. J. Picher for property in Spokane, and expects to move there next month. H. C. Eitel and D. E. Pickett attended the Woodmen convention at Colfax Wednesday.

ENDICOTT EVENTS.

Earl Shoup left this week to join his father who lives in Coeur d'Alene. He expects to make his home there. Mrs. Sidney Huntley, the Misses Julia Faires, Jennie Boulden and J. C. Faires were visitors in Colfax Monday. Miss Leota Pelton, who attended the musical festival at Pullman Thursday and Friday, reports a delightful time. The term of the Endicott schools ends May 21. The pupils are preparing commencement exercises, which they expect to render at the close of school. The Endicott Cornet band will give an entertainment Saturday evening, May 11. A variety of stump speeches, monologues and comedies will be given. The band is progressing well and are prepared to play to outside places. Mrs. Leah Irwin of Colfax spent a few days with her daughter-in-law, Mrs. E. L. Irwin, this week. The late frosts have done a great deal of damage to the fruit here. T. F. Sheppard and family have moved to a farm at Greenacres, Wash. Mr. Sheppard has been running the index office here. The office is waiting now for an editor to appear and he should hurry, for this is a good location. Miss Gertrude Phillips spent Saturday and Sunday with her parents in Tekoa. Several of the local teachers are going to take the teachers' examination this week. The new Methodist church is being papered, and the members expect to occupy the building next week. F. M. Isaacs, who has been at Pasco, returned this week. Andrew-Smith. The marriage of Howard E. Andrew and Miss Rose Smith was solemnized Wednesday evening, May 1, in the presence of 350 invited guests. The wedding was held under the auspices of the Women of Woodcraft in Fraternity hall, which was beautifully decorated in the colors of the lodge. At 9 o'clock Miss Iva Hamilton began to play. Men deacons' wedding march, to which the "guards" of the lodge entered, dressed in white and carrying white wands. They formed an arched passageway in front of the altar. The bride, accompanied by her maid of honor, Miss Jennie Boulden, and the groom, with his best man, Charlie Andrew, were met at the altar by Rev. F. H. Walker of the M. E. church, who officiated. Immediately after the ceremony the company repaired to the dining room, which was beautifully decorated in white. The long tables were filled with delicious viands which soon burdened the guests. The bride was tastefully dressed in cream silk mull and carried a bouquet of white carnations. STATE COLLEGE. The work for the annual session of the summer school at the Washington State College has been arranged, and the catalogue is now being distributed. The school will be open June 24, immediately after the close of the commencement week at the college, and continue for six weeks, closing on Friday, August 4th. The school is designed for advanced students, high school teachers, candidates for first certificates or life diplomas, teachers in the primary grades, and other special students who may desire to profit by the advantages it affords.

Tuition will be free to residents of this state, and board and rooms will be furnished in the college dormitories for \$21 for the six weeks. The instruction will be given by members of the State College Faculty, assisted by Superintendent Yoder of Tacoma, Superintendent Read of North Yakima, Superintendent F. O. Krenger of Olympia, and Rev. W. J. Hindley of Spokane. The work in domestic economy will be in charge of Miss Mary E. Hanna of Pittsburgh, Pennsylvania, who is recommended as one of the ablest instructors in her state. All laboratories and museums of the college will be thrown open to students of the summer school. The work will be under the supervision of Professor H. C. Sampson of the chair of education at the State College, who is already widely known throughout the state for his work among teachers.

COUNTY CULLINGS.

The C. M. & St. P. will establish a hospital at Tekoa for employes engaged in construction work between Rosalia and Chatcolet. There will be cots for 30 patients, and more can be accommodated in case of emergency. P. N. McKenzie bought the roller and feed mill at La Crosse of Blackburn & Lyons of Colfax. Fruit trees are leafing out nicely at Thornton, though it is feared by farmers that a great deal of damage has been done to fruit because of the late cold snap. Buyers were in Pullman last week from St. Maries, Idaho, looking for heavy horses. They purchased the team of big grays from Phil Bickford, paying him \$400 for the two. They also purchased a bay mare of Ira Nye for \$275.

A Couple of "Kicks."

Wilcox, Wash., May 6.—Editor Gazette: As one who is endeavoring to help along the thoroughbred poultry industry I desire to register a "kick." There are some in our county who began with common mongrel chickens, adding a full blood rooster each year, who now sell eggs for hatching purposes, alleging them to be full blood. This practice is unfair and should be stopped. "Kick" No. 2. The Bell Telephone Co. is out, they claim, giving away their lines. However this may be, at Wilcox they present for signature a 10-year contract and demand pay for the phone whether one wishes to register a "kick" or not, while over in Diamond district phones are supplied without contracts for \$1 a year. Around here we have to sign the contract and pay \$3 a year. We cannot see into this very good. M.

CITY COUNCIL IN SESSION.

Pumps and Gasoline Engine to Be Installed at Elberton. City council met Monday night, Mayor Pattison in the chair. Present: Councilmen Davenport, Easum, Perrine, Plummer and Van Schoick.

Bills were allowed and ordered paid as follows: From current expense fund, \$900; water fund, \$259.10. Street committee established grade of Island street, and city attorney was instructed to draw ordinance to that effect.

The water committee recommended that two pumps and a gasoline engine be installed at the spring at Elberton to pump into pipe line at source. It was adopted that the water superintendent be authorized to purchase a gasoline engine and pump at once.

It was also adopted that the water committee be empowered to purchase an additional engine. The street committee was instructed to make different arrangements in regard to the watering trough opposite the court house, so as to arrange for its more convenient use.

Chief Mackay was instructed to inform Mr. Brickner, agent for certain lots, to cause the same to be cleared of rubbish at once. The chief of police was also instructed to purchase locks for city jail.

It was moved and carried to advertise for bids for street sprinkling to be done under the direction of the street committee, bids to be made by the month, to be received up to May 13.

The plumbing ordinance was passed. This ordinance is printed in another part of this paper. On motion the street superintendent was authorized to set up mail box posts.

Assignment of liquor license of Thompson & Thompson at Hotel Whitman was ordered transferred to Alwin Schmidt and bond accepted.

It was moved to refer matter of nuisances in toilets in North Colfax to Policeman Eklor to inspect same and cause them to be attended to. City attorney was directed to notify all persons who can connect with sewer lines, otherwise action will be taken to enforce the law.

THE SOCIAL SIDE.

Mrs. Wm. Lippitt entertained informally on Tuesday afternoon in honor of Mrs. A. Coolidge and Mrs. Wilson Johnston of Spokane. The time was pleasantly spent in conversation, and refreshments were served, the hostess being assisted by her daughter, Miss Rose Lippitt.

Mrs. Howard Bramwell entertained a party of ladies Wednesday afternoon having as guests of honor Mrs. A. Coolidge and Mrs. Wilson Johnston of Spokane, and Mrs. Frederick Holbrook of Butte. The afternoon was spent with conversation and needlework, and dainty refreshments were served. During the afternoon the company was delightfully entertained by Mrs. Holbrook and Miss Stella Perkins, who gave a number of vocal solos.

The Snyders Will Return.

A letter received from J. W. Snyder at Los Angeles states that he and his family will soon return and locate in Spokane. The letter states they are delighted with the country, it being the plus ultra of all that is beautiful in nature and affording all the enjoyments in life, but property is at high water mark and none but millionaires can touch it. The Inland Empire affords a better field for the man of moderate means.

Marriage Licenses.

Marriage licenses have been issued by the county auditor to the following: Seligman Bacharach of Colorado Springs, Seligman and Florence Amanda Smith of Colfax; Elmer Isaacson of Clatsop, Wash.; Alberta, Canada, and Edythe Armstrong of Albion; M. A. Rhodes and Lottie Spencer, both of Spokane.

If it's good candy you want, buy a box of Coffman's chocolate chips. 10c and 25c at the Elk Drug Store.

RIDGEWAY THEATER.

"Thelma." One of the greatest literary successes of recent years, if not the very greatest, is that which has been achieved by Marie Corelli's great novel, "Thelma," which has been read by probably more people than any other novel of the contemporaneous period. It has been translated into every civilized tongue and the royalties from its sale have made the talented author one of the richest living writers. Numerous attempts have been made, owing to the overwhelming popularity of this novel, to adapt it for the stage, but although numerous dramatic versions have been made, none of them have accomplished more than a temporary success until this season, when Willis Maxwell Goodhue, the talented author of "Hello Bill," and other favorite comedies, went out of the beaten track in which he has heretofore pursued the even tenor of his way, to make a dramatic version of "Thelma," which has been acclaimed as the best dramatization of a novel seen in years. This adaptation of the most popular novel of the day will be seen at the Ridgeway on Monday next, when Miss Carolyn McLean, and what is said to be a splendid supporting company, will present Mr. Goodhue's dramatic version of the Corelli chef d'oeuvre for the first time in this city. Prices will be 50c, 75c and \$1.

"Dr. Jekyll and Mr. Hyde." Lee Willard and Company will return to Colfax next week and produce two more new plays to Colfax theater goes on Thursday, May 16, the celebrated dual role play "Dr. Jekyll and Mr. Hyde," and on Friday, May 17, "The Silver King." Both of these plays are excellent and we have every reason to believe that the Willard Company will give creditable performances of both. Prices for this engagement will be 35c, 50c and 75c.

The Famous Seven Avallons Troupe. Norris & Rowe announce that the Avallons Troupe of bicyclists will positively appear with their circus when they exhibit here next Monday, May 13. The troupe is acknowledged by showmen to be the greatest in their line that has ever come to this country. The troupe numbers seven in all, four graceful young women and three clever young men. They are Americans, but their first big success was scored at the Paris Hippodrome, after which they went to the Imperial Opera House, St. Petersburg, Russia, and then scored numerous successes throughout Germany. It was thought that every feat possible had already been accomplished upon a wheel, but it remained for the Seven Avallons Troupe of expert, trick and fancy bicyclists to show the unlimited possibilities upon the safety. Their act is characterized as sensational in the extreme. They mount upon each others' shoulders and while dashing around the stage rapidly turn single and double somersaults, they dismantle their wheels and continue their wild dash in restricted circles. While riding at top speed they leap over hurdles, mount stairs and go through so many difficult evolutions as to win the admiration of all.

Webster Loses Pet. Bill Webster, the peanut vendor who operates at the corner of Main and Up town streets, is almost in tears over the loss of a beautiful gray squirrel that he kept in a cage, where he turned a wheel and was a great attraction in his line. The squirrel came all the way from Indiana and was valued at \$5. As most people know the habit of the gray squirrel is east of the Mississippi river, Indiana and Kentucky particularly being noted as the home of the beautiful little animal. They are arboreal by nature, live on nuts and their fur is put to many uses. This is quite in contrast to the so-called squirrel of the Pacific slope, which is a pestiferous nuisance. Sunday afternoon Webster discovered that his pet was out of the cage. The door of the cage was open. How it came to be open is a mystery. At any rate the animal was scampering among the branches in the willows back of the peanut stand, but refused to be caught. He was followed to the bridge, which he crossed, and on up the west slope to the English school, where he was lost to view. Sunday night, however, a denizen of that ward discovered him in the chicken house, and taking him for a ferocious animal after chicken meat filled him with shot.

Farewell Party Given. Willis Hendricson was given a farewell reception Tuesday night by the Colfax Club at the home of Matt and Roland Johnson, all the members of the club being present except a few necessarily out of town. A swell supper was served, and Professor Francis Walker of Spokane sang several songs. Harold Windupresided at the piano. Mr. Hendricson will soon go to Portland to take a position with the Marshall & Mills Hardware Co.

A Very Sick Child. The seven-year-old son of Dr. Coberly of Garfield is lying at death's door with malarial fever. Drs. Skaffe and Post of Colfax and Grittman of Moscow made a hurried trip by automobile to attend in consultation Wednesday night, the result of which has not come to hand as we go to press. The local doctors have made several trips to Garfield in connection with this case.

Sore Nipples. Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by Ellis Drug Co.

Squirrel Poison Results. What Mr. P. Arrasmith says about Hamilton's Squirrel Poison: "Three years ago I paid out \$35 or \$40 for strychnine and lost a great many bushels of grain. Last year I used \$10 worth of Hamilton's prepared poison and did not lose over 10 bushels of wheat. I use nothing else and get the very best results, and firmly believe it is the cheapest and most effective poison on the market."

A good Tonic for Spring is A. D. S. Tasteless Cod Liver Oil with Hypophosphites. \$1.00 per bottle, at Stuart's Drug Store.

Red cedar shingles for sale at only \$2.00 per thousand. Springtown Lumber Co.

One cent postage will be collected. JAMES EWART, P. M.

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at V. T. McCroskey & Bro.'s Drug Store.

Have you tried Elk Squirrel Poison? If not, do so now by all means, for it will save your wheat. Elk Drug Store, Colfax.
