

ALONG ALASKAN COAST

Mr. and Mrs. Maloney Return From the Far North.

Ride of 2500 Miles Through Islands and Past the Glaciers of This Wonderful Region.

Mr. and Mrs. Martin J. Maloney returned from the coast Wednesday, where they have been sojourning for three weeks. While in Seattle they boarded the steamer Jefferson and took the trip to Alaska, visiting all the points of interest along the coast. Twelve days is taken up in making this trip. Mr. Maloney was enthusiastic in his expressions, declaring it to be a passage through dreamland, each turn presenting something new, the ne plus ultra of all trips presented on this continent. And it is the poor man's excursion. Twelve days on a palatial steamer, a menu provided fit for the gods, an orchestra to provide music, frequent stops at historic and interesting spots—all for \$60. Truly, every American citizen can go to Alaska who desires, for the way is provided and the price is within the reach of all.

At Ketchikan a stop was made. The celebrated Indian mission village of Father Duncan was visited, the passengers going ashore and looking at the totem poles and other curious things. Haines (the government military post), Douglas City (where the great Treadwell mine is located), Juneau and Skagway were seen in turn. A trip to the summit at White Pass was made on the railway, the ride costing 20 cents a mile. A stop was made at Sitka. The wonderful Greek church at that place was entered, a fee being charged for this privilege, but enough was seen here to pay for the entire trip. The Muir and Taku glaciers are wonders in nature that never leave the mind after being seen, and here the sight-seers are given every opportunity to approach and investigate. Nowhere else can such sights be seen. The vessel approaches the Muir glacier in a sea of ice, going within five miles of the tumbling walls. The trip is one of interest from start to finish, which no pencil sketch can portray.

Picnic Last Sunday.

Members of Epworth Lodge No. 28, Daughters of Honor, 22 in number, attended a picnic last Sunday on the line of the Spokane & Inland at the Harpole place. This is an ideal place for picnicking, where the participants remained all day enjoying themselves, returning on the 9 o'clock train, which picked them up. They went well laden with lunch baskets, which contained plenty of good things to eat. A feature of the occasion was the presentation to Charles F. Stuart of a silver-mounted silk umbrella, this being the occasion of the anniversary of his birth. James E. Duff made the presentation speech. Stuart was taken completely by surprise, and is said to have filled, backed water, side stepped and turned a complete somersault before he recovered his equilibrium. The affair was greatly enjoyed by all.

Substantial Improvements Made.

O. L. Crawford and W. D. Parr have been at work for the last three weeks on two of the McCroskey places at Tennessee Flat. R. L. McCroskey had an addition of three rooms built to his house, and also a large addition made to his barn, about doubling its capacity. It is learned that this magnificent homestead has been leased for a number of years by Henry Chapman, now of Pleasant Valley, who will soon take charge. At the home of James H. McCroskey two porches were added to the dwelling and a large frame cellar, was built. All of which shows that there is nothing too good for the Palouse farmer, and the Palouse farmer is good enough for the best.

Departure of Mr. Burnett.

Rev. Charles P. Burnett and wife left Tuesday evening for Livingston, Montana, where they will reside in the future. Services will be resumed in the Episcopal church on the 1st of September, arrangements having been made for a pastor to take Mr. Burnett's place. It has been known for some time that the reverend gentleman was going to Livingston. He has deferred his going as long as possible to accommodate the membership here. Mr. Burnett is a most affable gentleman, a sincere worker and carries with him to his new field the best wishes of all classes.

TWO SHERIFFS CONVENTIONS

One at Vancouver, the Other at Portland--Ratiff Attends.

Sheriff Fred S. Ratiff left Wednesday evening to attend two conventions of sheriffs—one at Vancouver Friday and the other at Portland Saturday. The state of Washington sheriffs meet at Vancouver as above stated and the Oregon sheriffs meet at the same time in Portland. Saturday the two bodies will meet together in the Oregon metropolis. Mr. Ratiff intends to pull for Colfax for the next meeting place for the state of Washington sheriffs. He will be back Sunday.

Mrs. Ratiff and the children went as far as The Dalles and Hood River, where they stopped over to visit with friends.

LANE CHILDREN PROVIDED FOR

Mr. and Mrs. Kipp Take Second Child, Mr. Wilson the Boy.

Two of the Lane children have been provided for, for the present at least, both getting good homes. The family live on La Dow Butte near Garfield. The notice appearing in last week's Gazette, calling attention to the fact that homes were wanted for these children, brought several responses the first day, and the end is not yet.

Clinton Wilson of Moscow took Cecil, who is 15 years of age, and will provide him a home. Wilson is an uncle.

Mr. and Mrs. Robert H. Kipp took the second child, Genevieve, 12 years old, and may adopt her. She is a sweet-faced child, large for her age.

The youngest child, a girl seven years of age, is a cripple and may be sent to the Washington Children's Home at Spokane.

Prosecuting Attorney Kipp, who has interested himself in the children, taking one of them, says the father should not be judged too harshly. The mother is dead, and the father is married to his second wife, a young woman not more than 18, by whom he has an infant. She is in poor health and the husband and father desires to take her to other parts for her health. He is not a boozier and the proof is forthcoming that he is willing to work. He is not able to support the children by the first wife and the kind hearted seem to be much in evidence in Whitman county.

MRS. C. W. HESS WORSE.

Faint Hopes of Ultimate Recovery--Suffers a Relapse.

The friends of Mrs. C. W. Hess will be pained to learn that she lies in St. Luke's hospital in Spokane with faint hopes of recovery. Saturday morning she was taken much worse. Mr. Hess was notified and started at once for her bedside. Sunday she continued very low, and Monday morning it was decided to perform another operation, which was done. The son, E. A. Hess, also went to Spokane, but returned Wednesday evening. He did not speak hopefully of the recovery of his mother, being prepared for the worst. The doctors fear peritonitis. If she escapes that she may recover. She has gone through several operations and has been a great sufferer. The friends of the family hope for her recovery.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urin, etc. But if you keep the filters right you will have no trouble with your kidneys.

John Barnes who lives at the Columbia Hotel, Olympia, Wash., says: "I have used and therefore very highly value Doan's Kidney Pills. The results on short use of them over a year ago when my kidneys showed a deranged condition were very satisfactory. Any one suffering from kidney complaint, lumbar, backache or pain in the loins, would do well to procure a box of Doan's Kidney Pills at a drug store and take them according to directions. They will find satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

LOCAL BREVITIES.

Nothing can excel the fine display of fruit now seen in market from the Snake river section. Along the Snake river seems particularly adapted to the raising of fruit. Much of it, we are informed, is going to waste for lack of help to save it. The question of a fruit dryer in Colfax is one that should be agitated until we get one.

Mrs. Buck gave some interesting history of the local church here, and Mrs. William Ellis recited "Grandmother's Quilt," which was much appreciated. Mrs. J. D. Ellis and Mrs. S. C.
