**SOCIAL SIDE OF COLFAX.**

Whitman Circle No. 102, Women of Woodcraft, entertained a large membership as well as many friends at their hall in Fraternity block Monday night that was an event greatly enjoyed. After the business meeting of the lodge, which was made to last but a short time, the room was thrown open to invited guests, and joy and good cheer reigned supreme the rest of the evening. Several came from Pullman and took part in the festivities. An interesting feature was the attendance of the Degree of Honor, who, after their business meeting was over, came in a body and participated. Five hundred was played by most of those present. Mrs. Thomas J. Welty won the first prize, John Argerter the second prize, and Harry Wheelhouse and Miss Harter captured the booby prizes. Good things to eat without limit, including coffee, was served. Following the mid-summer vacation this first fraternal social event of the season was heartily welcomed.

Five hundred was played, Miss Waters winning first prize and Miss Agnes Davis the consolation prize. Sam Burgunder won gentlemen's first prize and Mr. Benson received the consolation prize. During the evening there was music, dainty refreshments and a general good time.

**Don't Fail to Register.**

Voters are again urged to register. The books will be open until the 12th, the day before the primary election, so as to give every one a chance to register. It is the busy season, we know, but good government depends on the citizenship taking an interest in the affairs of government. It takes but a few minutes to register as well as to vote, which every citizen can give if he wills that way. Of candidates and policies of government ponder them over seriously and conscientiously while you work and when you rest, giving them your best thought. Remember that the ballot is a privilege—a sacred privilege—one that should be cherished and exercised as a religious duty. No citizen should be careless in this matter. Again we say, don't fail to register and by all means go to the polls and vote.

About 30 left Saturday evening for Moscow, Idaho, to engage in the work of fighting forest fires. They were collected by City Marshal Mackay.

Joshua Davis, whose farm is three miles north of Colfax, threshed 120 acres of wheat, the average being 30 bushels per acre. More wheat per acre has been raised on this land in seasons past, but the above is not to be sneezed at.

Work on the bridge in the south end is under way, workmen digging out where the buttresses will rest. A steel bridge, with concrete flooring, is to span the South Palouse at this point.

The warehouses at Colfax are fast filling up with wheat. Wagon load after wagon load follow each other in rapid succession to the warehouses.

The two year-old son of Mr. and Mrs. Ed Ross died of cholera infantum Monday at their home near St. John.

A local banker states that considerable wheat is being sold by farmers, although many of the more wealthy class are holding for higher prices. Good prices, however, are being realized by those who sell.

The friends of Mrs. Robert K. Squibb will be pleased to learn that she is greatly improved and will soon be around as usual. She was operated on last week for chronic disease of gall bladder, from which she has been a sufferer for a long time.

An alarm of fire Wednesday morning made the people acquainted with the fact that the bunch grass on the west side, just below the Barton residence, was on fire, threatening to spread. A few buckets of water put it out. Some children dug a hole in the bank, built a fire and were roasting potatoes, when the grass alongside caught, hence the alarm.

Ralph Erwin this week succeeded Athlon Meclung as local agent for the American Express Co.

Jack Rose was before Judge Pickrell Saturday charged with stealing a gun from a hotel in Tekoa. He pleaded guilty and was given 60 days in the county jail.

**"Pioneer Day" at Interstate Fair.**

There are necessarily many pioneers still playing big parts in the drama of life in a region so newly peopled as the Inland Empire. Yesterday a wilderness, today a flourishing civilization—naturally those of the younger generation who followed the pathfinders eagerly turn an attentive ear to listen to their thrilling tales of the time that was. The old timers will have their innings at the Spokane Interstate Fair, October 3 to 9 next, in the pioneer exhibit and on pioneer day, which will form an interesting feature of the educational department of the fair.

**\$4000 REWARD.**

We offer \$4,000 reward to hirelings of the insurance combine to prove their statements made to intimidate persons and prevent their taking advantage of the service property owners are receiving through the Northwestern Mutual Fire Association.

The four statements ordinarily made are:

First—That all policies in the company carry an assessment liability.

Second—That the company not having subscribed capital does not furnish its policy holders good indemnity.

Third—That mutual companies as good as the Northwestern are continually failing.

Fourth—That there are many times as many failures of mutual companies as of stock companies.

It is to prove these statements that we offer the reward.

First—We offer \$1,000 to any one who will prove that our policies are not absolutely non assessable.

Second—We offer \$1,000 to any one who will prove that this company has not more actual cash resources in proportion to the amount needed to carry all its policies to expiration than the ten largest stock companies in the United States, including all their subscribed capital and surplus, as based on the past nine years' experience.

Third—We offer \$1,000 to any one who will show the failure of a single mutual fire insurance company in all American history after it had reached the age, size, strength and record of this company.

Fourth—We offer \$1,000 to any one who will prove that there have not been 50 per cent more failures of stock companies during the past forty years in proportion to the number doing business than there have been failures of mutual companies.

These people should either claim the reward or stop misrepresenting.

Northwestern Mutual Fire Association.  
 By F. J. Martin, Sec'y and Mgr.
