Election Notice.
To Whom It May Concern:
Notice is hereby given that on the first day of April, 1889, a general election will be held at the law-office of Wm. Newton, on Main street, in the town of Pullman, Whitman county, Wash. The object and purpose of said election is to elect a new Board of Trustees of said town of Pullman for the term of one year, and the following named persons are hereby appointed a board of election: William Vedder, J. W. Stewart, John Squires.
By order of Board of Trustees. Dated, Pullman, Wash., March 6, 1889.
WILLIAM NEWTON, Town Clerk.

TOWN AND COUNTY.
Watches at cost, for cash, at the drug store.
—See town election notice in this paper.
—John McCausland, the Colfax well-borer, is here on business.
—Buckley has about completed his new house on the north side.
20 dozen chickens wanted by M. C. True.
—The meat-market is just gorgeous with fresh meat, inside and outside, and has a handsome new sign.
—Married: At Almota, by Rev. W. R. Phelps, Frederick Stockill and Emma Bolton, both of Whitman county.
—Wm. Wood, a farmer, living near Kamia, was thrown from his wagon, last Saturday night, breaking two ribs.
—The Palouse Real Estate Agency is the title of another industry just organized in Pullman. See card for explanation.

White & Jackson's Compound Cough Syrup.
—Magnificent weather, this, and the farmers are of course busy as bees on the hills and in the vales with plow and seeder.
—Contractor W. T. Lauder was in Pullman this week, looking after the construction of the proposed new brick blocks.
—W. E. Winston, of Belmont, Wash., is in charge of the N. P. depot here during the temporary absence of Agent Crawford.
Try Compound Cough Syrup, for sale at the drug store.
—The bill for bonding Whitman county for the purpose of building a new court-house and jail, failed to pass through Congress.

—Under the hands of the renovators and painters the Empire House is coming forth in a most attractive garb. Call us when dinner is ready, Charlie.
—Messrs. Staver & Walker have removed their farm implement stock to Colfax, leaving Pullman to struggle along with only three implement houses now.
—Jos. Grief and wife made a short visit in town Monday, en route home to Uniontown from the East. We hear it whispered that Joe was single when he went away.
Cedar posts by the arm-load or car-load, for sale by Hunt & Buckley. 1614
—"Prof." Spear, the champion crank of the universe, held forth in town two or three evenings last week, but it isn't worth while to waste space on his vapors.
—The winter is over and there has been one night only when the thermometer reached zero. Such a climate and soil as we have in the Palouse country is worthy of all the praise ever bestowed upon it.

—It is proposed to hereafter make Washington's birthday (Feb. 22) a regular fourth-of-July holiday in the newly created states, the president having signed the admission bill at 11 o'clock on that day, the exact hour of Gen. Washington's birth.
—Correspondents, please remember that items reaching the HERALD later than Thursday are too late for insertion the same week. Also, kindly remember that we desire the news (personal, or otherwise), and not fictitious items or private jokes. See?
We will sell watches and jewelry at 10 per cent. below cost for the next 30 days. FARRISS BROS. 1614
—Colfax Gazette: The school land in the territory with the advent of statehood may be either sold or leased; but in no case can it be sold at a less price than ten dollars per acre. In many instances it will command twenty or twenty-five dollars and in some instances five hundred to one thousand. At an average of twenty-five dollars per acre it will bring to the school fund of each township the snug sum of \$92,000, which, invested at ten per cent., would pay ten teachers \$50 per month for six months each year. Each township has 1280 acres of these school lands.

—Does it pay to advertise? A card inserted in the Northwestern Miller, calling for a flour mill at Pullman, has already brought us twenty different replies, and the returns are not all in yet.
—Navigation has been resumed on Snake river, two good steamers now plying regularly between Riparia and Lewiston. As a summer trip the ride between those two points has many attractions.
Do you want first-class barb-wire? We will have a car-load within a few days. KNAPP, BURRELL & COMPANY.
—The whistle of the new steam plant will be heard for the first time next Monday morning, when it is expected the plant will be all ready for operation. Now for a steam flouring mill, to be erected in the same locality.
—A meeting of those who desire to become members of the hook and ladder company, will be held at Stewart's Hall on Wednesday evening, March 13, at 7 o'clock, for the purpose of forming a permanent organization. A full meeting is requested.
—Charlie Skeels, the Spokane saloon-keeper, who was shot by his wife last week, died from his wounds Saturday night. Deceased was widely known throughout this country. His remains were interred at Uniontown. His wife ("Bunco Liz") has been held to the grand jury on a charge of willful murder.
M. C. True has for sale two span of good horses, suitable to work or to drive; also, buggy harness and two buggies. 1744
—Manager Hayward, of the Spokane opera-house, writes us that the celebrated Georgia Minstrels will be at Pullman on the evening of the 14th inst., giving us a first-class entertainment. This is the first of the series to be given under the recently organized show circuit referred to in last week's HERALD.
—Services at the Congregational church to-morrow morning and evening. Rev. Hill officiating. Prayer-meeting hereafter on Wednesday evenings. We understand it is proposed to reorganize the Sabbath-school, also, and make a general endeavor to infuse new life and activity into the church work. Verily, 'tis well.
—The HERALD doesn't just understand the drift of it, but publishes the following card from the fortune-teller as per request:
I wish to say that the report that I said there was only one nice girl in town, is not true. I never said any such thing, for I have found a great many nice girls in town.
MADAM STEWART, the Gipsy.

—The following from the Wallula Herald is a gospel that will fit very well in Pullman:
Ten thousand trees should be planted in Wallula next fall by the residents, on their enclosed grounds, and another ten thousand in the lots that should be enclosed. These trees would soon double the value of property and help in bringing in a very desirable class of inhabitants.
—An alleged show under the management of G. W. Moore and wife, inflicted its presence upon Pullman, Monday and Tuesday evenings. It was a show—"a holy show." We advise our brethren of the press to collect their money in advance from the lean and hungry agent who announces its coming, as the manager repudiates the contracts made by his representative.
—W. R. Carithurs, of the Paradise roller mill, Moscow, was in town last week, arranging for the introduction and sale of his flour. It is claimed that under the new management the Moscow flour is equal to the best in the country. Mr. C. proposes to build a small warehouse here and keep on hand a full supply of flour, feed, etc., if he cannot get it on our market in any other way.
—It is said that on the morning of April 30, 1889, at 9 o'clock, by previous arrangement, the church bells all over the country will ring to celebrate the event of one hundred years ago, when the church bells throughout the thirteen states rang out to call the people together to pray for the success and prosperity of the country under Gen. Washington, that day inaugurated president of the United States.
—A series of union revival meetings will be held at the Congregational church in the near future, doubtless to commence as soon as Monday evening, 18th inst. Union prayer-meetings will be held as often as practicable during the time, and before, on Wednesday evening. All christian workers are urgently requested to be present at all these meetings and help. Everybody is also invited to come. "How shall they believe unless they hear?"

From Wa-wa-wai.
Tabor & Holt are setting out young peach trees this spring.
Our citizens have constructed a new grade up the hill, and it is a very good one, too.
Prospects for fruit were never better; without doubt we shall have a full crop of all kinds this season.
Spring has arrived on Snake river to stay its apportioned time, and everybody is busy. Hay is nearly all sown.
The river steamer is again running between Riparia and Lewiston, making two trips a week—up Friday and down Sunday. ONE EYE.

The Gospel of Progress.
Either run your town with a vim, or just get up and leave it. Men who are all the time wanting to get out of business, or to get out of town, will never try to build it up. One of two things should be done. Push things; find a way or make a way to put some "go" into the business; run the town for all there is in it; get up steam and keep it up, or else quit the whole thing, vamose the ranch, slide out and let nature have her way. Do you want trade? Bid for it. Do you want business men to come to your town? Encourage those who do come. Do you want a prosperous town, where people can come disposed to make it their home? Then do away with and bury from sight all local differences, all spite. If you want a live paper, support it ungrudgingly. Work no more for a few individuals, but all work together for a common prosperity and for a mutual benefit. Wake up, rub your eyes, roll up your sleeves and go to work. Don't go to work with fear and trembling, but take it for granted that work will tell. Leave results to themselves, borrow no trouble, but unite and make the biggest kind of a try.
Feathers, -tips, ribbons and fancy goods in jobbing lots, or sold in any way and at any price to suit purchasers. Mrs. C. S. MASON.

Board of Trustees.
Board met Wednesday, pursuant to adjournment from March 5th. All members present save Phillips.
Committee appointed to select a lot for the jail was granted further time, or until the next meeting.
Bills were allowed as follows:
R. Lanning, lumber and work on crosswalk, \$24 73
M. C. True, work on streets, 2 50
Wm. Newton, clerk's salary, 12 15
It was ordered that the petition for sidewalk along the west side of Alder and Olsen streets be granted, and that said walk be completed within 30 days. Also, (on petition) that a walk be constructed on west side Grand-st. from Mason's store to O. R. & N. depot, to be completed within 30 days.
The street commissioner was instructed to put in a culvert on Alder-st., and also to arrange for lighting the lamp on corner of Main and Alder streets; also, to improve and repair all crosswalks where needed.
The town election was ordered for April 1, 1889, to elect a new board of trustees, and Wm. Vedder, J. W. Stewart and John Squires were appointed an election board. The clerk was instructed to publish the notice in the HERALD.
Say! we are closing out our stock of watches at actual cost. This is a fact. Call and examine our handsome assortment. WHITE & JACKSON. 1514

That Special Tax Levy.
A special meeting of the county commissioners has been called for March 18th for the purpose of considering the question of levying a special tax to build a court-house and jail at Colfax. We understand that it is the intention of the promoters of this scheme to have a tax levied without submitting the question to a vote of the people. There appears to be a question of law whether a special tax can be levied for that purpose without submitting the matter to a vote, but it is said the schemers intend to take the chances on the doubt.
The HERALD would like to ask why these agitators do not want this question voted upon? The vote could be cast on the same day that the delegates to the constitutional convention are elected (May 14), thus saving the expense of an extra election. If they fear that a majority would vote against the tax levy and on account of that fear propose to ignore the people and levy the tax anyhow, then it is the scheme of a reckless minority to endeavor to bind an unwilling majority. Is that right? Is it fair?
Now, you gentlemen of the court-house scheme, if your cause is a good one—if this is an entirely disinterested movement on your part—don't be afraid to submit it to the tax-payers, who must foot the bills. Ask them if they want a new court-house and jail just now. And why this undue haste? Why not wait until we are under state government?

A Scoundrelly Deed.
[Colfax Gazette.]
Lina Van Schoick, whose parents live on Spring flat, a short distance from town, is the victim of one of the basest outrages ever perpetrated in Whitman county. She is scarcely fourteen years of age, and is a bright and apparently innocent little girl of respectable parents. A few days ago she gave birth to a child which died, and the recovery of the child-mother is doubtful. The girl names Al. Clevenger, a bachelor, as the cause of her ruin. Clevenger owned the ranch on which the Van Schoick family resided and made his home with the family. He skipped the country several months ago. Taking into consideration the girl's age, the circumstances, and the man's age, it is putting it mildly to say that he deserves the extent of the law and the contempt of the community.
Killed by a Kick.
Colfax Commoner.
On Friday last, at Pat. Grady's place near Almota, George W. Jones, an unmarried man about thirty years of age, met with an accident which terminated in his death on Sunday. In passing among the horses in the stable, Mr. Jones noticed that one, a three-year old colt, was inclined to kick at him, and jumped behind a post, as he supposed out of danger. The kick was made however, one hoof of the animal striking the post and the other dealing the unfortunate young man a heavy blow in the left side. All that could be, to alleviate his suffering, was done, but inflammation set in and it became impossible to save his life. Preparations for the funeral were made after the death, the body to be interred in the Almota cemetery, but at almost the last moment a telegram from his parents at Waupun, Wis., was received asking that the remains be sent home. The body was embalmed and shipped as requested.

The Wheat Outlook.
In an interview with a representative of the New York World on the outlook for the flour trade, Mr. Pillsbury, the great Minneapolis miller, said:
"We are not going to have any bread famine in this great and glorious country, although I think high grade flour will sell higher than it has yet sold on this crop. Besides, there are more people to be fed than ever before. I am not influenced by either bulls or bears; I am influenced by facts and figures. I was in Europe all last summer. Germany, France, England, Belgium and Holland have short wheat crops. To put the whole thing in a nutshell, the importing countries are going to want more wheat than usual, and the exporting countries have less than usual to give them, while Russia, the only country which had a large crop this year, had parted with the most of her surplus. France will have to import fifty or sixty million bushels more than heretofore. On account of the higher prices French farmers have marketed their wheat more fully than usual and the shortage has not yet become apparent. The present shortage in the visible and invisible stocks of wheat in Minnesota and Dakota, as compared with a year ago, is equal to the whole of the present visible supply."
