—Benjamin Phelps has formed a partnership with Wm. Buckley. The firm will be known as Buckley & Phelps, contractors and builders.

—Mr. Shrader has returned from the Astoria country, bringing with him his wife and family and expects to make Pullman his future home.

—We saw Brother Thompson, of the Moscow "Star," drive rapidly past our sanctum, last Sunday afternoon. Hope he'll have time to stop when he is in town again.

—W. L. Taylor was very successful at the drawing on Thursday evening, securing several very elegant pictures which will lessen his bill when he comes to buy furniture. Cunctus?

—An art gallery conducted on the lottery plan, has taken possession of the room formerly used as the republican club room, in the Nodine block, and is fitting everybody out with pictures.

—Messrs White, of Coin, and Klemgard, of Ewartsville, made a very pleasant call at this office yesterday. Mr. White reports a project on foot to move the postoffice from Coin to St. John.

—Chicken thieves got away with half of J. W. Hollinshead's chickens one night last week. Pretty early for this kind of thievery to be going on. Guess some one is going to have company.

—Mrs. Reed and son Add. Ezell, who went to Montrose, Mo., some weeks ago, did not find that country to suit them and turned back to San Francisco where Add is now attending a business college.

—Harry Richardson and Albert Stanley have bought out the McDonald's stock of paints, etc., and will hereafter do all kinds of painting under the firm name of Richardson & Laney. They are located under Reaney's hall. Success to the boys.

—Elmer Burnam wrote out an attachment against A. Hurlbert for certain property, including a team of horses, and sent a constable after it, but Hurlbert had disposed of the team and left for parts unknown, leaving Mr. Burnam to mourn his loss.

—New sidewalk seem to be the order of the day. Lumber is on the ground for a walk on Grand street, and also one from near Nye & Carpenter's hardware store, on Main street, north and east around the block. These will be decided improvements and will be appreciated by all during the muddy season now at hand.

—Why can't we have a good foot-walk built from Grand street to the school house? We noticed about a dozen small children plodding through the mud, in getting around the old Mason store building to the walk on Grand street. Wake up city "dads" and look after this much needed improvement!

—The rush for pictures at the art palace continues, and the beautiful paintings, engravings and etchings are going fast. The palace will remain in town but a few days longer, and now is the last chance to avail yourself of the opportunity to obtain nice works of art at low prices.

—Invitations are out announcing the wedding of Emma M. Davison and John J. Shupe, Wednesday, October 16, at eight o'clock p. m., in the parlor of the Palace Hotel. They were printed at this office and we are ready to turn out some more just as nice for some one else.

—Geo. Neighbor brought to this office a beet that measures 28 inches around, and some potatoes, of the Beauty of Hebron variety, that are beauties in every sense of the word. The vegetables were grown on Mr. Neighbor's farm at Whelan, five miles north of here.

—If you happen in our office when the paper's nearly ripe, don't chin with the compositors nor monkey with the type. Don't sit down on the editor's desk and talk about the weather unless you have a cast-iron vest and your pants are made of leather.—Gem.

—Mr. M. A. Crippen, and family, left for Dansville, Michigan, last Tuesday morning, where they will visit for two or three months. During their absence they will keep posted on Pullman affairs by the weekly visits of the Herald.

—The N. P. company will have tickets on sale on Thursday, October 17, to the Portland exposition, at \$15 for the round trip. This also includes one admission ticket to the exposition. Limit of tickets, seven days from date of sale.

—A flock of white brant, which lighted on a stubble field just west of town, last Thursday, caused a good deal of excitement among some of our sportsmen. They did not, however, succeed in killing any of the birds.

—Frank Sanborn, a business man of Sprague, and also proprietor of the harness shop in Pullman, has recently purchased four farms in the Big Bend country, so we are informed.

—All members of the A. O. U. W. lodge are requested to be present on Thursday evening, the 17th inst., as important business will be transacted. By order of the M. W.

School is open, and our Freddie, When he gets a quiet chance, Goes and puts a double lining In the basement of his pants. —[Ex.]

—The New York base ball club has won the league championship pennant this year.

—Fariss Bros. have just received a large lot of stoves.

—The O. R. & N. company are extending the freight platform on the north side of depot three car lengths. This will enable draymen to unload from four cars at once instead of one as at present. They have also had a door cut through from the office to warehouse; a much needed improvement.

—Dr. W. A. Egbert, of Walla Walla, called at our office Friday. The Dr. makes a specialty of treating nasal catarrh. He told us he had treated over 500 cases at his home, and over 1,500 cases within the last three years. It is his purpose to come to Pullman one day each month. His recommendations are first-class.

—Gazette: On Friday last there was filed in the office of the county auditor a mortgage loan of four hundred thousand dollars at six per cent., against the Pacific Coast Elevator company, to the Illinois Trust & Savings bank, trustee. It bears date of July 1, 1889, and will be recorded in every county of the Pacific coast.

—Are we to have a top dressing of rock or gravel put on our streets this fall? Certainly this should be done or the streets will be impassable during the rainy season, as the loose dirt with which they have been filled is not yet settled. Mr. True and others have set the example; let each property owner "go and do likewise."

—Quite an exciting horse race was run yesterday, in Farr's meadow, half a mile west of town, by Rayburn's black horse and Hummiston's bay horse. The race was a distance of 250 yards and was won by Rayburn's horse by about a length.

Several persons won money on the outcome of the race, but a like number have learned to their sorrow that betting on horses is not a sure way of getting rich.

—The hop given last night by the base ball boys was a brilliant affair. About 30 couples were present, among whom we noticed representatives from Palouse City, Moscow, Colfax and other neighboring towns. An excellent supper was served at the Grand Hotel, and everyone present seemed to thoroughly enjoy themselves. It was a success, financially to the club and socially to the participants.

—Blessed is the man who sitteth not in the seat of the kicker nor mingles himself with the congregation of the mossbacks; but his delight is in new railroads and brick blocks, and his schemes to build up himself and his own town. And he is like an evergreen tree planted by the river of waters; his leaf shall not wither in the early fall like the cottonwood, for the Eli of the boomer shall get there, but the kicker shall be left to hold the bag.—Ex.

—David Gifford is keeping pace with the advance of the country. Last Saturday a number of his neighbors were at his place three miles south of town, and assisted in raising the frame of his new barn, after which the host served a fine supper to his friends. The barn is a commodious structure and is built with a view to having everything handy and convenient. More of such barns as this are what our farmers need to make life more pleasant for them.

—W. F. Hull, of Colfax, and Mae Patrick, of Moscow, Idaho, were quietly married at that place, Thursday, October 10, in the parlors of the Del Norte Hotel. Rev. Lloyd, of Pullman, uttered the wedding service in a happy but impressive manner. Both bride and groom are well and favorably known in Pullman where a host of friends join in wishing them a long life of happiness. Immediately following the ceremony the happy couple departed on a bridal tour to Portland and the Sound cities.

—It is a burning shame that so many full grown men, and some of them enjoying the reputation of being respectable business men, will crowd into the postoffice while the mails are being opened, and occupy space that properly belongs to the boys from eight to fourteen years of age, who wish to engage in scuffling and yelling like savages, while they are waiting for the important mail matter they are constantly expecting to receive. A public indignation meeting should be held and resolutions passed condemning this intrusion upon the rights of the boys. And if after this their rights are not respected, it perhaps would be a good idea for parents to keep their boys at home nights.

O. A. Noble, S. M. McCroskey and Chas. W. Bean, committee.

—The rain of the past week has made lots of mud and has also shown the advisability of covering our streets with a coating of rock. Wherever the rock was put on the rain has beaten it down until it forms a perfect pavement. Perfect, in that it serves every purpose of a pavement while it yet remains porous and allows the water to filter through, thus making a street that is always dry. When Main street is entirely paved in this manner it will be a street equal to any in the state of Washington. The cost is small as the rock is near at hand.

Dramatic Entertainment.

The Pullman dramatic club is not dead, dear reader, nor have the members been sleeping; they've been resting, merely resting, and now they are ready to open the dramatic season with a neat four act play by Geo. M. Baker, entitled, "Better Than Gold." This is a charming play and the members are working faithfully to produce it in a creditable manner, and we hope the public—who, by the way, have been resting too—will show their appreciation of the efforts of home talent to give them something in the amusement line when nothing professional presents itself. Prof. Harris, of Colfax, will be engaged to furnish some of his most excellent music for the occasion. Tickets will be on sale at the drug store at an early date. For further particulars see programs which will be issued from this office next week.

IMPORTANT NOTICE.

All persons knowing themselves indebted to the undersigned will call and settle, either by note or cash, on or before October 15th, 1889, and save costs, as after that date all outstanding accounts will be placed in the hands of a justice of the peace for collection.
