### AN ETRUSCAN BOOK.

**Miss Mary F. Seymour died of pneumonia at her home in New York city on Tuesday.** Her father, who is dead, was a lawyer. She was one of the first young women to earn her own living by stenography in a business office. She studied law, became a notary public, established a school of stenography and typewriting, and finally, six years ago, founded *The Business Women's Journal*, now called *The American Women's Journal*, which has a wide circulation among women who are in business. She was the first woman ever appointed commissioner of deeds for New Jersey, and to enable the governor to appoint her to this office the legislature passed a law authorizing the appointment of women. As an expert stenographer she had charge of the law reporting of many important cases.

### The Death of a Business Woman.

**True to Her Dead Love for 75 Years.** Miss Nancy Marvin, who died recently at Monrovia, was 103 years of age, and had a romance in early life that ever kept her single in devotion to her betrothed. She was born in London, Oct. 25, 1789. When she was 3 years old her parents sailed for America. From New York they went to Philadelphia, and thence to Baltimore.

The romance of Miss Marvin's life occurred at Baltimore in 1818. She was engaged to be married to Nicholas Hayes. The wedding day was set for Oct. 9, but on Oct. 4 her betrothed took ill and died in a few hours. The tears would course down her wrinkled face when talking in late years of her old lover, to whom she had always been true. — *Indianapolis Journal*.

### A Novel Baby Exhibit.

One of the favorite arguments against the higher education of women is that the race will degenerate if woman to a great extent abandons maternity as her prime vocation in life. In practical refutation of this argument one of the novel exhibits at the fair will be a set of photographic likenesses of babies whose mothers are remarkable for intellectual achievement and ability. It has been suggested that these scientific cherubs be christened "Political Economy," "Greek Literature," "Higher Mathematics," etc., in accordance with whatever branch of learning their erudite mothers have been most distinguished.

### When Mrs. Cleveland Drives Out.

Mrs. Cleveland has been driving about town for the past few days in the most stylish turnout which ever belonged to the White House stables. She handled the ribbons over a pair of handsome, clean limbed, dock tailed bay horses drawing a low phaeton or victoria, with a rumble behind, in which sits bolt upright a very black tiger in very white livery. Mrs. Cleveland sits on a driver's cushion, and when she has a gentleman with her, which is generally the case, he is compelled to look up to the handsome woman by his side, who holds the whip and reins like a true jockey.

**W**omen often feel the effect of too much gayety—balls, theatres, and teas in rapid succession find them worn out, or "run-down" by the end of the season. They suffer from nervousness, sleeplessness and irregularities. The smile and good spirits take flight. It is time to accept the help offered in *Dr. Pierce's Favorite Prescription*. It's a medicine which was discovered and used by a prominent physician for many years in all cases of "female complaint" and the nervous disorders which arise from it. The "Prescription" is a powerful uterine tonic and nerve, especially adapted to woman's delicate wants for it regulates and promotes all the natural functions, builds up, invigorates and cures.

Many women suffer from nervous prostration, or exhaustion, owing to congestion or to disorder of the special functions. The waste products should be quickly got rid of, the local source of irritation relieved and the system invigorated with the "Prescription." Do not take the so-called celery compounds, and nerves which only put the nerves to sleep, but get a lasting cure with *Dr. Pierce's Favorite Prescription*.

### "FEMALE WEAKNESS."

Mrs. WILLIAM HOOVER, of *Belleville, Richmond Co., Ohio*, writes: "I had been a great sufferer from 'female weakness.' I tried three doctors; they did me no good; I thought I was an invalid forever. But I heard of *Dr. Pierce's Favorite Prescription*, and then I wrote to him and he told me just how to take it. I took eight bottles. I now feel entirely well. I could stand on my feet only a short time, and now I do all my work for my family of five."

### A PERTINENT PARAGRAPH.

"Our country, if right, should be kept right; if wrong, should be put right," is a political maxim which, paraphrased, applies to other conditions of life, thus: our health, if right, should be kept right; if wrong, should be put right, especially in bodily ailments, such as pains and aches, which *St. Jacobs Oil* promptly cures. Many out of work should heed to give it a chance to cure, and it will give them a chance to go to work cured. Another adage is: "he doeth best who doeth well." Well, of course, you want to be well from all sorts of aches, and the best thing to do is to use the great remedy. He who does so is doing well indeed.

A Frenchman has invented a machine which turns out forty-two cigarettes a minute. It will be hard work for the coffee trust to keep ahead of that game.
