

# The Pullman Herald.

VOLUME XI.

PULLMAN, WASHINGTON, SATURDAY, OCT. 7, 1899.

NUMBER 51

## THE NEWS OF THE CITY.

### Record of Happenings of a Week in Pullman.

### What People are Doing and how They are Doing it.

—A fakir who was selling jewelry on the streets yesterday was arrested by Marshal Lanning for violation of the city ordinance regulating peddling, he having failed to take out the necessary license, and Justice Swain taxed him \$5.00 and costs. The vendor of jewelry was not inclined to pay his fine at first, but after a half day in the city bastille, and in view of the order that the fine be worked out on the street, the amount of the fine was forthcoming.

—Rev. A. W. McLeod left Wednesday for Kamloops, B. C., where he will take charge of the local Baptist church of that place. Mr. McLeod has been charge of the local Baptist church for nearly two years. Mrs. McLeod and the children will remain in Pullman till Mr. McLeod has the new home at Kamloops ready for them.

—The harvest is now practically over, the grain having been gotten out of the way in a remarkably short time. The acreage, however, was not as large as usual, but the greatly increased yield per acre will make a total output as large as last year's. The average yield is nearly double that of '98.

—Next week's entertainments include the recital by Miss Katharine Oliver, in the Presbyterian church, Tuesday evening; Miss McCoy's recital at the college chapel Friday evening, and the concert at the auditorium by Miss Bernadine Sargent.

—W. R. Taylor and wife, old time friends of Mr. S. Shearer of this city, arrived yesterday from Iowa, and contemplate locating. Mr. Shearer and Mr. Taylor were boyhood friends, and this visit after so many years is indeed a happy one.

—Rev. D. W. Smith, of Nez Perce, will occupy the Baptist church tomorrow, and will probably become the permanent pastor of that church. Mr. Smith is a graduate the University of Chicago.

The Deming Investment Co., of Colfax, offers a special premium of \$10 cash for the best peck of club wheat exhibited at the Whitman county fair at Colfax, Wash., October 10th to 14th.

—The N. P. surveyors are again making a new survey of the "y" and yards for the Pullman-Connell cut-off. It is the belief of all that this road will soon be built.

—The press everywhere speaks in the highest terms of Katharine E. Oliver, who will give a recital in the Presbyterian church next Tuesday evening.

—John Martin and family, who have been in this city for the past year, departed the first of the week for their old home at Coffeyville, Kansas.

—Gorton's Minstrels, advertised to appear at the auditorium last night, failed to put in an appearance.

—The city council at its meeting last night fixed the municipal tax levy at 18 mills, the same as last year.

—The Spokane industrial exposition opened Tuesday.

—Geo. Ford went to Spokane yesterday.

—The college regents have been in session this week.

—Mr. and Mrs. J. D. Layman are taking in the exposition at Spokane.

—Dr. S. B. Nelson went to Spokane Monday, returning Thursday.

—W. J. Seat and Eli Hatter, of Troy, were visitors in the city yesterday.

—Mrs. O. L. Kennedy drove over from the county seat Thursday to visit friends.

—Prof. Balmer is at Spokane in charge of the exhibit of the college at the exposition.

—The finishing touches are being put on Prof. Fulmer's new residence on Mechanic's hill.

—John Hunt is down from Torda, the mining camp on the Colville reservation, for a few days.

—Henry Chambers is doing the honors in Grant's cigar store during Mr. G's absence in Portland.

—Metsker & Klemgard won several prizes at the Spokane exposition with their Poland China hogs.

—Miss Oliver's recital next Tuesday evening will be under the patronage of the Fortnightly club.

—B. H. Grant has been in Portland the past week, and will not return till the early part of next week.

—The roof is now being put on Ferry hall, and in a short time the building will be ready for the plasterers.

—Mrs. C. H. Buell and daughter, Laura, went to Colfax this week, where the latter's eyes were given medical treatment.

—Gerrell's threshing outfit, which had a good run here, was shipped Tuesday to Lapwai, where it will have quite a run.

—The live stock exhibited by the college at the Spokane exposition won a number of first and second prizes, the Berkshire hogs winning all the firsts offered in their class.

—Mrs. W. D. Clegg, of Seattle, joined her husband here Thursday. Mr. Clegg is one of the engineers now located here running the survey for the Pullman-Connell cut-off.

—C. W. McFarland is taking a lay-off for a few days, the result of a bad shaking up he received by being thrown from a wagon while working on the farm of Pres. Bryan, Thursday.

—A fifty-foot addition is being built on the north end of the Tacoma grain company's warehouse, the large 50x2000 house being already full of wheat to the roof. W. D. Henry is in charge of this house.

—Mrs. L. E. Bailey, national organizer for the W. C. T. U., will lecture in the Christian church at 11 a. m., in the Methodist church at 3 p. m., and in the Congregational church at 7:30 p. m. tomorrow. She comes highly recommended.

—Mr. and Mrs. G. P. Gammon left last Saturday for Springfield, Mo., to visit friends and relatives. Mr. Gammon will return in about two months, but Mrs. Gammon will remain all winter. It is 25 years since they have visited their old Missouri home, and they anticipate an enjoyable time.

### Katharine E. Oliver.

Miss Katharine E. Oliver, the clever impersonator of Scottish character, will give a recital in the United Presbyterian church, under the patronage of the Fortnightly club, on Tuesday evening, October 10th. This is Miss Oliver's second appearance before a Pullman audience, and her return will be welcomed by all who saw her last year, as well as a treat to those who may hear her for the first time.

The ladies of the Fortnightly deserve much praise and liberal patronage for securing Miss Oliver for a second engagement. She will recite "The Little Minister," and some selections from Robert Burns.

### Miss McCoy's Song Recital.

The Columbian literary society of the college has been fortunate in securing Miss Harriett, of Spokane, who will give a song recital in the college chapel next Friday evening, Oct. 13th.

Miss McCoy spent the past two seasons in voice culture under the best teachers in Chicago, and has sung in the First Baptist of the same city for the past year.

It will be remembered that Miss McCoy and Miss Kate Hogan gave a series of entertainment throughout this county just prior to Miss Hogan's eastern tour. Miss McCoy has a rich contralto voice, and the recital will be of the greatest interest to all lovers of good music.

### Bernadine Sargent Coming.

A concert will be given in the auditorium Saturday evening, Oct. 14th, by Miss Jean Bernadine Sargent, assisted by the best local talent.

Miss Sargent is a singer of known reputation, having a voice of unusual range and sweetness.

She represented this state at the world's fair in '93, and has studied both in New York and abroad under the best voice instructors. Her name on a program in Spokane, her old home, always insures a crowd, and the entertainment Saturday evening will be an unusual treat. The price of admission will be 50 cents. Seats can be reserved at Morton's book store.

—Harry Hale, otherwise known as "Tough Nut," was before Justice Swain Monday on a charge of burglary. John Peltier charging him with entering his room at Gosney's boarding house and extracting therefrom \$55 in cash and a silver watch. The watch and \$12 cash were found on Hale when he was arrested by the marshal. At the preliminary hearing Hale was bound over to appear before the superior court, his bonds being fixed at \$1000, which he was unable to furnish. Peltier was placed under \$100 bonds to appear as a witness. Hale and Peltier had been working with Mecklem's threshing outfit, but were paid off Saturday, and coming to Pullman they proceeded to fill up on booze, and during the night the robbery occurred. Sheriff Canutt came up after Hale Tuesday and the latter is now in the county jail awaiting the pleasure of the superior court.

—J. W. Gile and wife will leave next week for Portland, where they will visit during the winter.

Orders taken for men and boys' made-to-order clothing at Golden Rule Bazaar.

—A. Rylie, of Moscow, was doing business here Tuesday.

—J. R. Standley, of Colton, was in the city Thursday.

—The new heat, light and power plant is now furnishing heat for the college buildings, the steam having been turned on Tuesday for the first time. The new plant is giving entire satisfaction, and will undoubtedly prove better and more economical in every respect than the old one. The electric lights are still furnished from the plant at the foot of the hill, and this arrangement will continue till the arrival of a new dynamo, which has been ordered, when the light plant will be transferred to the new power house. By this arrangement there will be no break in the lights furnished the city.

—Deputy Prosecuting Attorney Roberts was here Monday representing the prosecution in the Hale case.

—The streets are again lighted with electricity, and the belated wayfarer rejoices.

The best line of \$2.50 shoes ever shown in Pullman are now on sale at E. S. Burgan's.

Ice cream and soda water at the C. K.

Home made caramels at the C. K.

Fresh peanut taffy at the C. K.

Butter scotch at the C. K.

### Dissolution Notice.

Notice is hereby given that the co-partnership heretofore existing between the undersigned, doing business under the firm name of Heath & Yahr, is this day dissolved by mutual consent. E. Yahr will continue the business, and will collect all accounts due the firm and assume all indebtedness.

PERCY VAN HEATH, EMIL YAHR.

Dated Pullman, Wash., September 20th, 1899.

Small pox is over, and the talk of the town now is about the Golden Rule coal air tight heaters at Lindley's. The points of advantage over other stoves are as follows: 1st. It burns either wood or coal. 2d. It saves fuel because it is a return flue base burner. 3d. It has either top or direct draft.

4th. On account of the scientific principles involved in its construction, it will hold fire longer and give out more heat than any other stove in the market.
