NUMBER 35

## WAR VETERANS WILL ENCAMP

Pullman to Entertain Honored Visitors on June 14, 15 and 16 in Annual Encampment.

Again does it become Pullman's pleasure to entertain the annual G. A. R. encampment, the dates set for the coming of the veteran's being June 14th, 15th and 16th.

A joint committee of citizens and G. A. R. and W. R. C. members met this week and after planning the preliminary arrangements, appointed the following committees to take up the work and carry it through to a big success:

Finance—D. F. Staley, F. T. Greer and M. D. Henry.

Grounds—Wm. M. Priest, and four other members to be selected.

Decoration—Jesse Burgan, Roy Morse, A. LaFountain, H. N. Styles, Wm. Duncan, R. Russell, S. H. Cameron, Neil Stewart.

Program—K. P. Allen, Prof. W. B. Strong, Hugh Todd, Rev. Frank O. Wyatt, Mrs. A. A. Benton, Mrs. Minnie Sargent, Wilford Allen.

Reception—A. B. Baker, R. Lanning, E. W. McCann, J. M. Palmerston, L. H. Soliday, Wilford Allen, E. S. Burgan, W. H. Harvey, W. V. Windus, A. E. Shaw, Dr. Maguire, Dr. Harris, L. E. VanWinkle, C. C. McKenna, Wm. Priest, E. A. Bryan, and Mesdames W. H. Harvey, Niel Stewart, E. W. Downen, K. P. Allen, P. W. Kimball, F. M. Spaulding, Dr. Benton, Dr. Shaw, A. M. Akin, J. M. Palmerton, A. B. Baker, Hinchliff, R. L. Pfiel and Miss E. Deane Smith.

The city and country authorities are working in conjunction to improve the street and road west of town. The city is grading Wawawai street, from the residence of Wilford Allen to the city limits, and will macadamize it to join with the work being done by the county, which will connect with the rock work that was built two years ago. The grade near the cemetery is being cut down, and the road shortened. The change will cut out one of the worst grades around Pullman, reducing it from a fifteen per cent to a five per cent grade.

Evergreen Circle has elected the following officers for the ensuing term: Ella Hooper, past guardian neighbor; Georgia Stewart, guardian neighbor; Minnie Allen, adviser; Annie Libby, magician; Lulu Downen, clerk; Mary Johnson, banker; Lydia Monlux, attendant; Anna Brooks, captain of the guards; T. J. Ferbrache, inner sentinel; Carrie Ellis, outer sentinel; Mary Drinkwater, musician; Henrietta Holt, Anna Brooks and J. M. Palmerton, managers.

C. C. Todd went to Portland yesterday to make arrangements for the coming of the cadets. As chief of the commissary department, Mr. Todd will be responsible for having enough eatables on hand so that Portland chicken roosts will not suffer.

J. A. Hungate has resigned from the position of bookkeeper for A. B. Baker & Co., and will again till the soil, having joined forces with his son, Frank Hungate, and the two, with added acres of Palouse soil, will become bonanza farmers.

Union memorial services will be held at the opera house, tomorrow, at 11 a. m., the sermon to be preached by Rev. Dr. Hays, pastor of the United Presbyterian church. Special music has been obtained for the occasion.

Professor Carpenter was in Clarkston last week assisting in the installation of an electric light plant.

A. A. Marden is in Portland, he having charge of the State College exhibit at the fair.

J. L. O'Connor, of Tacoma, was visiting relatives in the city Monday and Tuesday.

Mr. Schwickloth was here from Pomeroy Monday.

Last night's band concert, the third annual for the State College musicians, was the best yet, and a large audience put the stamp of its approval upon Prof. Strong's great work with his young musicians. The program was divided into two parts, of six numbers each, the band selections being interspersed with duets, etc., including selections by members of the ladies' glee club. Each successive musical performance, in which the college talent is brought before the public, speaks anew of the valuable service Prof. Strong is rendering the state.

J. N. Emerson and wife, of Bloomdale, Ohio, have come to Pullman to make their home. Mr. Emerson has a position with Burgan's big store. Mr. Emerson shipped his goods through from Ohio, the car being accompanied by Messrs. Park E. Wine-land and Cecil Decker, two young men who will likely locate with us and "grow up with the country." All are given a cordial welcome to the artesian city.

Decoration day will be observed Tuesday in the usual fitting way by our people. The members of the G. A. R. and W. R. C. will meet at G. A. R. hall, and proceed to the cemeteries where they will cover the graves of the departed ones with flowers. At two o'clock exercises will be held in the auditorium, which will be attended by the general public, and where the address will be delivered by Rev. W. E. Powell.

A branch of the W. R. C. was established at Palouse Tuesday the 23rd, as an auxiliary to Major Anderson post of that place. Mrs. K. P. Allen, of Pullman, was detailed by the department to institute the new corps, which will be known as Major Anderson Corps, No. 61, Department of Washington.

Thos. Neill's new house on Military hill is making rapid progress toward completion, and Mr. Neill will soon remove his family here from Colfax. That will count four off from the county seat population and add four toward making Pullman the big city of Whitman county.

A "kitchen shower", in honor of Miss Sayde Thompson, was given by Miss Mabel Baker, at her home on Mechanics hill Monday evening. The significance of the affair was the approaching wedding of Miss Thompson to R. B. Shaw of Spokane.

Miss Lizzie Lyle, daughter of Mr. and Mrs. W. J. Lyle, was married to David Hull, at Moscow, last Monday. They will reside in this city.

R. H. Todd is Baker's new book-keeper, having been installed in the position made vacant by the resignation of J. A. Hungate.

Professor Beach addressed the graduating class of the Lewiston high school last Friday.

Mr. H. B. Knight was here from Tacoma Tuesday visiting his son who is attending college.

Prof. Beattie was in Wenatchee Saturday inspecting the tomato blight.

Rev. Gibson, of Dayton, was in Pullman Wednesday.

## WOULD FURNISH LIGHT AND POWER

M. J. Shields, of Moscow, Makes Proposition for Bringing Electric Current to Pullman.

The city council has been considering a proposition from M. J. Shields, of Moscow, for the running of a line to Pullman to serve this city with electricity for both lighting and power.

Mr. Shields proposes to give both a day and night service, and to furnish current to the city at a certain per cent of the gross receipts. His present proposition is to supply the current and to accept in payment two thirds of the gross receipts, the city to maintain its city system and to have direct control over the sale of lights. For power and street lighting a stated rate is to be made for the current used.

In case an agreement can be made with Mr. Shields, electric power will be installed in the water works station, and with a new pump operated by electricity, no engineer will be required.

The committee from the council is making a careful study of all phases of the situation and it is probable that Pullman will have day service before long, if not from the Shield's proposition, then from some other source.
