## REV. M. H. MARVIN RETURNS TO PULLMAN

Popular Methodist Divine to Fill Pullman Charge the Coming Year

Rev. M. H. Marvin, a former popular pastor of the Methodist church, will return to Pullman and again take up the work here, the Columbia River Conference, in session at North Yakima, having given him this appointment.

Rev. Grant Stewart, who has been in charge here the past year, has been transferred to Cheney.

Other appointments in this district are as follows:

Albion, F. E. Smith; Coeur d'Alene, J. P. Barker; Colfax, T. H. Fertig; Colton, R. A. Gailey; Elberton, Hazen Oakes; Garfield, E. R. Lockhart; Genesee, supply, W. O. Huchens; Harrison, W. H. Blodgett; Latah, D. W. Raines; Moscow, W. H. Fry; Moran, P. E. Bartlett; Oakesdale, Peter Conklin; Pleasant Prairie, F. R. Spaulding; Palouse, J. C. Laurance; Post Falls, W. H. Henderson; Pullman, M. H. Marvin; Rathdrum, J. H. Martin; Rockford, E. A. McKinney; St. Maries, J. L. Carpenter; Spokane (First Church), H. I. Rasmus; Vincent Church, Kimball; Jefferson, Gibson; Union Park, M. R. Brown; Hillyard, H. T. Beightol; Liberty Park, A. Monroe; Tekoa, Chas. Ellery; Wallace, Chas. McCoughey; Gardner, Ed. Baker; West Grove, J. C. Kirkman.

—R. A. Emerson and wife, with their daughters, Neille, Lenora and Darcy, and son, Roland and Tim, are here from Bloomdale, Ohio, visiting their son and brother, J. N. Emerson. They arrived Thursday and will remain a couple of weeks.

—Mrs. H. K. Burch is in the city visiting her brother, C. H. Morton. Mr. Burch who is now in Montana, will join his wife here in a few days, when they will go to Mexico, where Mr. B. has a position with a big mining company.

—Pres. Bryan has returned from the Yakima country, where he delivered an address at the Yakima county fair at Sunnyside.

—Born, to Mr. and Mrs. Roy Stewart, of Union Flat, Thursday, a daughter.

—Eugene Ringer is home from his cattle camp near Pierce, Idaho, for a few days.

—A daughter was born to Mr. and Mrs. Chas. Linthacum, Sunday.

—Photographer Stevenson, of the Artopho Studio, attended the session of the Northwest Photographers association held in Spokane last week. He reports a big attendance, and a royal good time while in the hands of the Spokane people. The newly elected president of the association is W. G. Emery, a Pullman photographer of earlier days, but now of Vancouver, Wash. Emery now occupies a foremost rank among the photographers of the northwest.

—J. C. Kamerrer is one of Whitman county's thrifty farmers who has got his crop all cared for, and has made his peace with the Herald for another year. From 35 acres of wheat Mr. Kamerrer threshed 822 sacks of wheat, and as it runs over two bushels to the sack, the average was nearly fifty bushels per acre.

—Geo. Fields, of Moscow, was in the city yesterday. Mr. Fields is establishing a new paper at Moscow, the Idaho Post, the first issue of which will appear next week. The new sheet is to be republican in politics, and is supposed to be backed by the state and county administrations.

—W. L. Ritchey left yesterday morning for his mining claim on the Snake river, a few miles above the mouth of the Grand Ronde. He will probably be gone all the fall, and we hope will uncover a body of ore that will make all of his friends millionaires.

—Robert Burns, a former Pullman photographer, but late of Dayton, was here yesterday making arrangements to establish a new gallery.

—Miss Della Allen left this morning for Sunnyside, Wash., to enter upon her duties as principal of the Sunnyside high school.

—The politicians are now beginning to circulate among their "constituents," and the glad hand is very much in evidence.

He says he will be again making pictures of Pullman people as soon as the preliminaries can be arranged.

—Mrs. E. S. Burgan left Tuesday afternoon for a two month's visit with relatives in eastern states.

—Parish meeting and social will be held at St. James Episcopal church, next Tuesday evening.

—Miss Georgia Malott left for Indiana, Tuesday, where she will visit during the winter.

—It is said that the prosecuting attorney of Whitman county was in the city Tuesday.

—W. H. Smith has sold his Mechanics hill residence property to H. M. Styles.

## WHITMAN COUNTY TO HOLD BIG FAIR

Annual County Fair and Live Stock Show to Open October 1st

What promises to be the best fair ever held in Whitman county will be held at Colfax October 1st to 6th inclusive. From present indications, every available stall for live stock, and all the space in the main building will be filled with the very best in the country and as many pure blood animals have been brought to the country during the past few years, and such liberal premiums offered, there is no doubt that the very best will find their way to the fair. Manager Lennox has inaugurated three very commendable features. First, is the interest he has aroused among Whitman county granges by hanging a handsome purse for the granges exhibit. Second, the announcement of four days of stock sales, which will enable both user and seller of fine stock to come together, and third, the installing of a pumping plant which enables him to not only sprinkle the race track and make that one of the fastest half mile tracks in the northwest, but he intends to keep the dust down all over the grounds, and the road approaching the fair grounds as well. This plant consists of a gasoline engine, 2 1-2 inch centrifugal pump, a large water tank, and a sprinkling wagon, and it is the intention to make the grounds as pleasant as possible.

During the fair, on every day, there will be an abundance of amusements such as horse racing, some of the best free open air attractions that can be secured, and a fine band of music to attract the eye and please the ear of the visitors.

This is the third fair Mr. Lennox has managed, and his two former successes should be a guarantee that this will be the biggest and best fair ever held in the county. There has been quite a number of entries made, but in order to enable the management to be fully prepared to receive your stock and products, application for space should be made in advance so that you will be promptly taken care of on your arrival. Special rates of 1 and 1-3 fare for the round trip will be made between Spokane and Walla Walla, and Pleasant Valley and Moscow branch lines of the O. R. & N. railway company. Children 1-3 fare.

**ACTION OF GRANGE INDORSED.**  
The Columbia River Conference of the Methodist Episcopal church has indorsed the action of the state grange in its campaign for the cutting out of saloons and pool rooms in Pullman or within a five-mile zone around it. Before completing its work at North Yakima last week, the conference unanimously adopted the following resolutions:  
"Whereas, The people of the state of Washington have large interests in the moral welfare of the student body of the Washington State College at Pullman, Wash., and,  
"Whereas, The presence of saloons and poolrooms in Pullman is a serious danger to the said student community; and,  
"Whereas, The farmers' convention, assembled at Pullman in June, 1906, representing the farming community of the entire state of Washington, by unanimous resolution requested the state legislature to suppress the evil of saloons and poolrooms within five miles of the State College; and,  
"Whereas, The state grange of Washington, Patrons of Husbandry, assembled in Spokane, passed resolutions requesting the legislature to suppress the saloons and poolrooms at and within five miles of the State College at Pullman; therefore, be it  
"Resolved, That we, the Columbia River Conference, representing 15,000 Methodists in eastern Washington, express our hearty approval of the

resolutions of the farmers' convention and the Washington state grange; and further

"Resolved, That we pledge our support to the Washington state grange in securing the pledged support of legislative candidates to measures looking to the complete suppression of saloons and poolrooms at and within five miles of Pullman, Wash."

—A letter sent out by Arthur Bryan by a returning party tells that the Pullmanites are having a fine time, the weather conditions in the mountains having been delightful. Arthur had killed two deer at the time of writing, while Grant Clark had the scalp of a mountain lion hanging at his belt. The lion is reported as having been eight feet long from its nose to the end of its "tale," but the tale will probably grow with time till it will be a record breaker by the time it reaches Pullman. The party will reach home some time next week.

—Jesse Burgan and Neil Stewart, Jr., went to Spokane Tuesday in Mr. Burgan's automobile, returning yesterday. The run each way was made without accident and in good running time.

—Will M. Duncan, republican nominee for county auditor, was in the north part of the county during the week. He also visited Spokane before returning.

—There is no mistaking the signs of the times. College is surely going to open next week—Col. Sapp and Toodles were in evidence on the streets this week.

—Rev. Willard H. Roots, of the St. James Episcopal church, announces regular services every Sunday at 11 a. m. and 7:30 p. m.

—A visit of the stork to the home of Mr. and Mrs. Lee Allen, last Saturday, added a daughter, the first born, to the household.

—A. R. Metz, nominee of the republicans for county treasurer, was calling on Pullman friends Tuesday.

—Mr. and Mrs. H. L. Benton, of Deer Creek, Idaho, are in the city visiting friends.

—L. E. Abrams was over from the county seat yesterday.

**W. R. C. NOTICE.**

Whitman Relief Corps will again take up its work after the summer vacation, and a meeting is hereby called for Friday, September 21, at the usual hour and place. All members are requested to be present. After a brief business session a social time will be enjoyed and refreshments served.

By Order of the President.

**RAISE IN RATES.**

The recent raise in insurance rates is causing the stock companies to spend still more money in their fight against the Northwestern Mutual Fire association, which refuses to recognize this raise in rates.

The stock companies are circularizing the state showing a supreme court decision in the state of Michigan to the effect that a mutual company could not make a by law limiting the liability of its members contrary to the laws of that state. This circular will hardly have the desired effect for even the average school boy in the state of Washington already knows that a company cannot make a by-law contrary to the state law. Our average school boy also knows that the people of Washington are not subject to the state laws of Michigan, but only to the state laws of Washington which required mutual company to limit the liability of its policy holders and also give the directors of such company power to issue cash premium or paid-up policies free from assessment liability.

## PALOUSE THRESHING ABOUT ALL FINISHED

Price of Wheat is Now Quoted at from 46 to 52 Cents

The harvest of the Palouse grain crop is now nearly at an end, another week of fair weather only being needed to put all in the sack. The work of the past week has been somewhat delayed by occasional showers, but the damage is not material. A number of threshing outfits have finished the season's run and pulled in, and there is now no scarcity of help with the remaining machines.

This has been a most profitable season for the thresher, as the straw was not exceptionally heavy, while the heads were well filled, and good daily runs were made. The fact that the Palouse country can withstand such a continued hot spell as visited us during July, and yet produce a top notch crop, stamps it as the one grain country top of earth.

The wheat hauling has only been well commenced, and the market has hardly opened up, but few sales being made.

The price of red wheat today is quoted as 46 cts., while Club is three cents higher, and bluestem and forty fold brings 52 cents

—J. W. Mathews and family left the first of the week for Indiana, where they will visit for a few weeks.

—A heavy frost fell Monday night, but everything was beyond the damage point except some late potatoes and corn.

—The Bryan-Clark-Wexler hunting party has just returned, today, from the Bitterroots. No elk fell as trophies to the prowess of the bold hunters, but deer and other game were plentiful.

—Miss Eva Roland, daughter of Mrs. J. H. T. Smith, and W. S. Davis, of Sokane, were married at the Smith home west of town last Wednesday, Rev. W. E. Powell, of Palouse, officiating. Mr. Davis is a graduate of the department of pharmacy at the College and will take his bride to Almira, where he will engage in business.

—N. P. Hately, who lives in the foothills of Moscow mountain, two miles northeast of Moscow, had an experience the other morning about 4 o'clock that he does not care to repeat. Mr. Hately heard a commotion among his stock and ran out to ascertain the cause of it. Arriving at the cattle yard he was attacked by a monster lynx. He went to the house for a gun and his hounds. In the fight that followed, the hounds were fearfully torn and whipped and the gun was broken when he clubbed the animal. He procured another rifle and brought down the animal. The body of the lynx measured over three feet. It has killed a large number of calves, pigs and sheep during the past few weeks.
