

TWO AUTOMOBILE ACCIDENTS.

Two Cars Wrecked in Peculiar Manner. Four Horse Team Runs Over Automobile.

Two peculiar automobile accidents happened this week to Pullman owned cars. Claude Enos and a young lady narrowly escaped serious injury when the Enos car was badly wrecked just west of town. They were going at a 30-mile clip when the steering gear broke and the car ran into the ditch near the Fred Young farm, just west of town. One wheel was smashed, and the car otherwise injured, but both occupants of the car escaped serious injury, although thrown several feet through the air.

Wednesday evening as Nate Myers, his daughter and his son-in-law, Charles Vollmer, were driving past the C. W. Young farm southwest of town a farm hand, driving a four-horse team along the road, was passed, the auto pulling out and around the team, which was not hitched to anything, having been just unhitched from a plow in the field. After the auto had passed the team the horses broke away from the driver, overtook the car while at a break-neck speed, and turned the car completely over on its side. The three occupants were thrown out. Mr. Vollmer went about 15 feet through the air. None of them were seriously hurt, but all were badly bruised. The front wheel of the auto was wrecked, every spoke being broken from the hub and from the outer rim. The horses escaped injury and were soon caught at the Young farm house.

COMMUNICATED.

Since some of the newspapers have given the impression and it is generally believed by some students and others that C. M. Waters and J. W. Scott, who signed the complaint against those who raised the disturbance at the auditorium, May

10th, did so through personal motive, the stockholders of the Opera house desire to state that after careful deliberation and after advising with the majority of the city council and several business men of the city, all of whom strongly advised that some action be taken to prevent future disturbances of the kind, and directed the manager and president to institute proceedings against the leaders of the disturbance.

J. N. Scott, Pres.; A. B. Baker, Vice-Pres.; Geo. H. Watt, Sec. and Treas.; C. M. Waters, Mgr.; H. Kimbrough, Asst. Mgr. Stockholders of the auditorium.

A. B. Clark will preach at the Baptist church Sunday, May 22nd.

Money to Loan.

The Pullman Savings and Loan Association has money to loan on improved property at reasonable rates.

The principal and interest can be paid in small monthly payments thus making the Savings and Loan plan a desirable one for persons having a moderate income. Or, if desired, the entire loan can be paid at any time without any bonus.

The money you are now paying for house rent will, in a few years, if applied to Savings and Loan Stock, purchase you a home.

This association has been in operation nearly nine years and has assisted in building nearly 100 dwelling houses in Pullman. It is composed of local people exclusively, its members being those persons who have taken out loans or have purchased savings stock.

For particulars apply to any officer of the association.
