## EAST AND WEST SELECT SAME DATE

U. of W. and W. S. C. Hold Interscholastic May 12 and 13.

High Schools of Inland Empire to Meet at Pullman.

Western Washington to Meet at Seattle.

By a strange coincidence the University of Washington has selected the same date for their interscholastic as W. S. C. selected. For this reason the committee has received intimations from two or three high schools that a change in our date would be very acceptable. Since this date was chosen a year ago, and is so stated in the college catalogue, the committee feel that they are not usurping the date of any other institution in this matter. However, a greater reason than this why the date cannot be changed is that Manager Jones has arranged the baseball and track schedule with May 12 and 13 reserved for the interscholastic meet, and so at the present time there is no other date available.

The question has also been raised which meet in the championship meet, ours or the one at Seattle. As a matter of fact neither can be called the championship meet of the state. The meet at Seattle takes in the schools of Western Washington and two or three of the larger schools of Eastern Washington. The meet at W. S. C. is a championship meet of the high schools of the Inland Empire. This takes in the school of Eastern Washington, Northern Idaho, and Eastern Oregon, which is, of course, a larger territory than that covered by the meet at Seattle. The meet at Seattle, can be properly called the championship of Western Washington.

The state college will this year extend the usual interscholastic contest to include a contest in industrial arts. Two series of medals—gold, silver and bronze—will be given as first, second and third prizes in the following contests:

Contest A—Manual training, woodwork. Any piece of furniture not to exceed in weight 20 pounds, such as chair, taboret, glove box, bookcase, footstool, etc. Articles entered must be designed and made complete by a bona fide student without assistance. Article must be accompanied by a working drawing.

Contest B—Domestic art, shirtwaist suit. One shirtwaist suit designed, material selected, cut and fit to measure, and made complete by a bona fide student without assistance. Cost limit of material, \$1.50.

In the oratorical contest the ten best orations will be chosen before the meet by a committee of the English department of the state college. The ten winners in the preliminary contest will deliver their orations at the meet.

### BASEBALL FANS

LOOK CHEERFUL

College Balltossers Hold Spokane Indians to a Tie.

### SWEITZER DOES GOOD WORK

Tulley Sends Ball Over Bank—Home Run for Us.

W. S. C. took all the Spokane Indians had to offer and were still crying for more when the game was called because of the darkness in the first of the sixth. Fresh from a 12 to 8 victory over the U. of I. that 1 to 1 victory to which we held them certainly looks as though we were going to have some classy baseball team this season.

Just to take away any luck which the Indians might have Sweitzer let them score one in the first on a long three-bagger, bringing their total score for the day to the unlucky 13. The next man up fanned, and Tulley started the batting for us. The first ball up Tulley sent over the bank for the first home run of the season. Sweitzer of W. S. C. showed up in first-class mid-season form, only allowing two hits and granting one pass. Those six Indians who swung three time on the ball and then walked sadly to their bench haven't been able to figure it out yet. From Willis W. S. C. managed to secure a total of four hits.

The line-up:

Graham	Hasty

Gribble	Nordyke
