

THE PULLMAN HERALD

Devoted to the best interests of Pullman and the best farming community in the Northwest surrounding it.

VOLUME XXIV

PULLMAN, WASHINGTON, FRIDAY, APRIL 12, 1912

NUMBER 28

OFFICIAL DECORATOR FOR GRAND ARMY ENCAMPMENT

William Siebels of Spokane has been secured to decorate the city streets

At the last meeting of the general committee of arrangements for the G. A. R. encampment Chairman Baker was authorized to appoint a committee on decorations. He named E. W. Thorpe, Jesse Burgan, and D. F. Staley. They at once got in touch with Wm. Siebels of Spokane, a professional decorator, who has won a wide reputation by his fine work. He came to Pullman Wednesday and after looking over the ground and suggesting a general plan of street decoration, was engaged by the committee as official decorator for the G. A. R. encampment. He is to receive \$125 for his services, in return for which he is to furnish the decorations for the streets, put them up and remove them after the encampment. The plan outlined by him calls for an arch of welcome on the steel bridge on Alder street near the N. P. depot and 27 street streamers, which will be suspended across the following streets: Main, from the foot of Sunnyside hill to the turn by the flour mill; Alder, Grand and Oleson streets. Each streamer has a large American flag in the center with two red, white and blue pennants on each side of it. The flags and pennants are all of fast colors, which will not

be injured by rain. At the corner of Main and Alder streets there will be a crisscross of the streamers. He also agrees to decorate the stand in the park.

Mr. Siebels has had a great deal of experience in this class of work, having three times decorated Spokane for the National Apple Show. He also decorated Portland, Ore., for the Rose Carnival and other celebrations and has been named as official decorator for the Dry Farming Congress, which is to meet in Lethbridge, Canada, in October. He has splendid testimonials as to his efficiency and square dealing from reliable men. He is doing this general decorating at just about cost, but hopes to secure contracts for decorating many of the business houses and residences in the city. He furnishes all materials, plans the decorations, and can put them up for less than the materials and labor would cost the average property owner, to say nothing of the far more artistic effect.

It is safe to predict that when the old soldiers reach Pullman, they will find prettier and more elaborate decorations than have ever been displayed in their honor in any city where the encampment has heretofore been held.

Prof. McDonald Resigns from W.S.C.

State and College Suffers Loss of Animal Husbandryman, Who Will Be Livestock Commissioner of British Columbia

Realizing the worth of Professor W. T. McDonald, animal husbandryman on the faculty of the State College and on the staff of the Experiment Station, the provincial ministry of British Columbia, after a previously unsuccessful attempt to secure his services, finally tendered him a position so financially well remunerated and at the same time of so high a rank that he could not refuse to accept it.

Professor McDonald came to the State College of Washington in 1908 from the Oklahoma Agricultural College. During the four years he has been with us his work has been extensive and of a high order and his efforts have been very successful. He has turned out a number of stock judging teams, none of which have ever been beaten in collegiate competition. Among the contests at which these victorious teams have been entered was the A.-Y.-P. at Seattle, the Fat Stock Show at Portland, several Interstate Fairs at Spokane and others.

It is understood that, if possible to do so, Professor McDonald will remain in Pullman until the present college term is completed.

Blue Blooded Canine

Lionel Gittelson has an English bull terrier bitch, 16 months old, of which he is justly proud. He entered her in the dog show at Portland last week, where she won first place in the novice bitch class, and the cup for the best novice of either sex. There were 25 entries of the same breed and she won over all from Oregon and Washington, being beaten only by an imported bitch. Sound End Beauty is the name of this aristocratic canine, which was secured by Mr. Gittelson from the Sound End kennels at Olympia. He has entered her in the Seattle and Tacoma dog shows and expects that she will win more prizes.

In connection with the publicity campaign carried on by the College a large number of prints of the College campus have been made from a half tone cut and framed to be sent out to every high school in the state. The cut is the largest of its kind ever used in the Pullman print shops.

Death of "Grandma" Henry

The grim hand of death has visited Pullman again and removed from our midst one of the early pioneers, "Grandma" Henry, at the ripe old age of 80 years. She passed away at the home of her youngest son, Murray Henry, Saturday evening, April 6.

Grandma Henry was born in Pennsylvania on February 24, 1832. She was united in marriage to David S. Henry on the 26th of February, 1852. To this union there were born five boys and five girls, six of whom survive her. Geo. N. Henry, Mrs. J. T. Chilton, W. D. Henry, Murray Henry and Mrs. H. L. Hardy, all residing in Pullman, were at her bedside when the end came; and J. T. Henry, who resides in Spokane, arrived a few hours after her death.

Deceased, with her husband and family, moved to Missouri in 1868, where they lived for about 11 years, and then came to Washington in 1879. She had resided in and near Pullman ever since, with the exception of a few years spent in Genesee, Idaho. In 1900 she broke up house-keeping and has lived most of the time with her younger daughter, Mrs. H. L. Hardy, who has resided the past few months in Colton. Grandma Henry came to Pullman just nine days previous to her death, as Mrs. Hardy was moving back to this city. Funeral services were held at 1 o'clock from the home of Geo. N. Henry, Dr. Hays officiating. Interment was in the I. O. O. F. cemetery.

Democratic Primaries

Democratic primaries for the election of delegates to the county convention to be held at Rosalia, April 20, will be held tomorrow, April 13. In the country precincts the polls will be open from 2 to 4 o'clock p. m. and in the city precincts from 5 to 7. The primaries in Pullman will be held at the following places: First ward, in the city council chamber; Second ward, at J. M. Palmerton's office on Grand street; Third ward, at 1701 A street. The First and Third wards are entitled to four delegates each and the Second ward to three. Pullman county precinct will elect four.

Congregational Church

There will be regular services at the Congregational church next Sunday. In the morning the pastor will preach on "The Head of the House" and in the evening will deliver the third of a series of addresses on "Social Evils." Special music will be furnished at the evening service by the Y. P. S. C. E.

Early Rose seed potatoes for sale at McCann's Grocery—Dredge's old stand. April 12

ANNUAL CLEAN UP

I hereby appoint Monday and Tuesday, April 15 and 16, for the annual clean-up of Pullman. All property owners are urged to collect the rubbish on their premises and pile it where it can be reached by the teams provided by the city for hauling it away.

I would suggest that on Monday every citizen clean up his own premises and that Tuesday be devoted to a clean-up of the unoccupied lots, the river bed, alleys and city parks. If each one will do a little, a great deal can be accomplished toward improving the appearance and sanitary condition of our city.

A. E. SHAW,
Mayor.

RULES GOVERNING THE PULLMAN VEGETABLE GROWING CONTESTS

1. These contests shall consist of the following: Garden growing, fruit canning, fruit exhibit.
2. Contestants must do all the work in the garden-growing contest except plowing and harrowing the ground for the first time, but they are free to use any method of cultivation or any kind of fertilizer, and may irrigate.
3. The contests are open to all pupils of grades Two-A to Eleven inclusive, of the Pullman schools.
4. An exhibit of any variety of vegetables and fruit shall consist of not more than five specimens, except of pumpkins, squashes, cabbages, rutabagas and turnips, of any of which not more than one specimen may be exhibited.
5. Contestants will be permitted to exhibit not more than eight different vegetables, one variety of each, selected from the ten named below.
6. The following awards will be made: (a) for the best exhibit of any variety of vegetables, \$1; for the second best, 50 cents; for the third best, a ribbon. (b) For the best quart of canned fruit or vegetables, 50 cents. (c) For the best exhibit of any variety of vegetables not named below, 50 cents. Grand prizes will be awarded to boys and girls having the highest scoring exhibit of eight varieties of different vegetables. The list of grand prizes is not yet complete and will be published later.
7. No contestant shall be eligible to more than one prize other than a ribbon.
8. The following canned fruits and vegetables may be exhibited: Corn, tomatoes, pears, peaches, prunes, beans, peas and plums. All fruits and vegetables must be put up in quart glass jars.
9. Any contestant may enter, in addition to his vegetable and canned fruit exhibits, an exhibit of apples, pears or other fruit. No cash prizes, however, will be given for the fruit exhibit.
10. All applications to enter the contests must be filed with the superintendent of contests not later than April 17.
11. The fair will be held about October 15.
12. The following vegetables may be grown and exhibited: Potato—Early Rose, Early Ohio, Burbank; cabbage—Flat Dutch, Ballhead; onion—Yellow Globe, Danvers, Prizetaker; beet—Early Blood Turnip; Half Long Blood; turnip—Purple Top White Globe, White Egg; carrot—Chantenay, Ox Heart; parsnip; rutabaga; squash—Hubbard; pumpkin—Large Yellow, Winter Luxury.

BOARD OF REGENTS MET IN SPOKANE

Dr. H. B. Humphrey to be Promoted to Position of Vice Director of Experiment Station

The board of regents of the W. S. C. met in Spokane last week, as Regent McGregor was unable to come to Pullman on account of sickness. R. C. McCroskey was elected president of the board and Lee A. Johnson, vice president.

Appropriations for new machinery and equipment for the department of agriculture were allowed by the board.

Application of the Chamber of Commerce of Puyallup for a summer school to teach agriculture and horticulture in connection with the experiment station at Puyallup was granted, conditioned upon the Chamber complying with certain regulations laid down by the board.

The position of vice director of the experiment station was created and Dr. H. B. Humphrey will be elected in June, when all faculty changes are made. The various departments of the department of agriculture are henceforth to be known as divisions rather than as departments. The title of the department of domestic economy was changed to that of "home economics." Resolutions highly laudatory of the late J. J. Browne of Spokane, a member of the board of regents, were passed after each member of the board had paid a warm tribute to the memory of their late associate.

It was decided that Dr. S. B. Nelson, head of the department of veterinary science of the Washington State College and state veterinarian, who has made his home in Spokane for several years, shall again take up his official residence in Pullman at the opening of the next school year in September. The Spokane hospital has been placed on such a firm basis

that it can now be left in charge of a subordinate. Dr. Nelson will spend a portion of each month in Spokane.

The board also accepted plans for a president's mansion and appointed a building committee to take charge of its construction.

St. James Episcopal Church

Rev. J. G. Robinson, rector. Sunday school and Bible class at 10 a. m.; morning service at 11 o'clock; evening service at 7:45 o'clock. Dean Hicks of All Saints' Cathedral in Spokane will preach at the morning service. He is rather widely known among readers of the newspapers by reason of his clear and forceful words on subjects of present importance. In the evening the rector will begin a series of lecture-sermons on the general subject, "God and the Church." The aim will be to give a simple and adequate statement of some fundamental principles of the Christian faith, together with an explanation of certain beliefs and practices in the Episcopal church. The topic on Sunday night will be "Reality in Religion."

A cordial invitation is extended to all who care to come. At the morning service the Easter music will be repeated.

Notice

All persons in Pullman not on the State College faculty, who hold degrees from institutions of higher learning, such as colleges, universities or normal schools, will find it greatly to their advantage to so notify Registrar Barnard of the State College at their earliest convenience. Telephone or drop him a card at once.

LOST—A center piece; rose design. Return to Herald or 206 Jackson street and receive reward.

COLFAX VERSUS PULLMAN; BASEBALL AND TRAPSHOOTING

County Seat Baseballists and Trap Experts Will Figure in Double Attraction Sunday

Colfax will send her baseball team and trap shooting squad to Pullman next Sunday to compete with the Boosters and the team from the Rod and Gun club. The trap shooting contest will be held at the gun club grounds at 10 a. m., when teams composed of the best material from the two towns will match their eye and judgment in the popular sport. The match contest will be for 50 birds per man, after which shorter shoots will be held, open to everybody.

The Pullman shotgun artists met a seven-man team at Colfax two weeks ago, and were beaten by the narrow margin of eight birds. The members of the team are out for revenge and with the advantage through shooting on their own grounds, should have no trouble in winning the contest. No admission will be charged and the public is cordially invited to attend and watch the "sport alluring."

At 2:30 in the afternoon the Colfax Cardinals will lock horns with the Pullman Boosters in the first baseball game of the season for either team, on the city grounds. The pre-season "dope sheet" would seem to give the Boosters the best

of the argument, but the "dope" is not infallible, and Colfax must be counted upon to at least make the game interesting for the Boosters. An admission of 25 cents will be charged and the local team should have the support of the public.

The Pullman team was organized this week, C. L. Jain being elected manager, R. M. VanDorn captain and T. W. Amos secretary-treasurer. While the organization of a four-team league is improbable, owing to the difficulty experienced in finding a team to accept the fourth franchise, the Boosters will play independently, taking on all comers, and several games will be arranged with Colfax, Palouse, Rosalia, Oakesdale, Lewiston and other Inland Empire towns.

The personnel of the team Sunday will probably be as follows:

Thorpe, catcher; Gibson, pitcher; Foran, first; VanDorn, second; Moss, shortstop; Garrison, third; Garlock, right field; Gaddis, center field; Osthoff, left field; Kennedy and Hamilton, catchers, and Muir, pitcher, will be in suits ready to play if called upon.

PULLMAN HIGH SCHOOL AFTER TRACK PENNANT Will Try to Make Clean Sweep of County Honors in Athletics

Track prospects at the high school are exceptionally bright this year. With a heavy schedule on hand, it looks as if the Pullman boys will land the county championship.

Coach Putman, in addressing the student body some time ago, said: "We are going to 'hog' athletics by capturing all county pennants out this year. We have succeeded in winning the football and basket ball championships, now it is up to us to capture the track pennant."

He also explained how the girls could and should help the boys train, "by not keeping them too late evenings and feeding them 'taffy' and fudge."

Three meets have been scheduled: a triangular meet with Genesee and Lewiston, to be held at Genesee April 20; a dual meet with Colfax, to be held at Colfax April 27, and the county meet, which will be held at Garfield May 4. If Spokane will come to terms, the Pullman team will meet them in a dual meet on Rogers Field May 11.

Trees for High School

Through the efforts of C. J. Jones, teacher of agriculture, Pullman high school has received a valuable present in the shape of fruit trees and ornamental bushes grown by two thoroughly reliable firms, the Vineyard Nurseries Co. of Clarkston, and the Riverside Nursery of Spokane. The assortment includes apple, peach, pear and cherry trees and lilac and rose bushes, about 100 in all. Most of them will be planted on the high school grounds and the remainder in the yards of the grade schools. Not only will the school premises be beautified, but the pupils in the agricultural course will be given practical experience in the planting and care of trees and ornamental bushes.

Senator Cox of Walla Walla, candidate for the republican nomination for state treasurer, was in Pullman yesterday, building his political fences.

W. Connolly, superintendent of the Washington division of the O.-W. R. & N. Co., was in the city Wednesday and authorized Agent Brownell to decorate the depot for the G. A. R. encampment. He also agreed with the city authorities that his company would pay a fair proportion of the expense if the city would remove the rocky point where the railroad crosses East Main street and crush the rock for use in the proposed street improvements.

President's Mansion Will be Erected

To Be Social Center of College as Well as the Home of the President

The board of regents, at its recent meeting in Spokane, decided upon the erection this summer of the official residence of the president of the College on the College campus. By careful economy and saving for a considerable time a sum approximating about \$15,000 has been accumulated in the College fund for this purpose. This fund does not come from taxation and is subject only to the appropriation of the board of regents. It is made up of the income from rentals and interest on the deposits of funds received from the United States and other odds and ends.

Such an official residence will fill a long-felt want. It will help the discipline of the campus; will form a social center for faculty and students, and will be a proper place for receiving official visitors to the College, and in many other ways will promote its strength and efficiency. It will, of course, impose additional and onerous duties upon the president's family, but these duties will doubtless be gladly undertaken by the present or any future president of the College who has at heart its highest welfare. The building will be plain and substantial, rather than showy, designed for permanence rather than for ornament. It will be located in the northwest corner of the campus, facing Campus avenue, the street which is to be improved. The contract is to be let May 1 by the building committee of the board, which is composed of R. C. McCroskey, chairman, Lee A. Johnson and Peter McGregor. The building will be of brick, with reception rooms and plenty of space for large social functions.

Rudolph Weaver, professor of architecture and architect for the College, attended the meeting of the board and submitted plans, which were adopted.

Pioneer Woman Passes Away

Mrs. Catherine Aldrich, aged 66 years, died at her home in this city from cerebral hemorrhage Tuesday morning. Deceased had lived in Pullman for many years, her husband having been buried here 16 years ago. She leaves two daughters, Jessie and Hazel, to mourn her death. Funeral services were held at the Methodist church, of which deceased was a member, at 2 o'clock Wednesday afternoon.
