

EWARTSVILLE

Mrs. W. F. Paulus, Mildred Klemgard and Dayton Snyder have been on the sick list this week.

A "protracted" neighborhood party was given at the new home of A. J. Whitten, beginning last Friday evening.

Mrs. C. D. Martin returned home Sunday from a visit with relatives and friends at Walla Walla.

The regular meeting of the Grange on Monday evening was postponed on account of the bad roads.

LeRoy Rucker returned home last week from Centralia, where he has been since early in the fall.

Mr. and Mrs. M. Farley spent Sunday at the J. C. Kamerrer home.

Mr. and Mrs. J. M. Klemgard and son, Hudson, spent Tuesday at the Nat Bryant home.

Mr. and Mrs. John Fulfs returned home Sunday from their honeymoon trip.

Simpson Methodist Church

Despite the severe weather there were fair sized audiences at the services of the church last Sunday. Preaching services will be conducted by the pastor both morning and evening Sunday. In the evening, the sixth of the series on "Men We Sometimes Meet" will be delivered. The topic of the sixth sermon will be "A Man Who Deserves the Victoria Cross." Next week will be observed as a week of prayer at the Methodist church. Every night, except Tuesday and Saturday nights, beginning at 7:30 o'clock, these services of prayer and song will be held. A week from Sunday, February 2, Rev. Brumblay will commence a two weeks series of special meetings, assisted by Mr. J. M. Patterson of Long Beach, Cal. For the past three weeks Mr. Patterson has been assisting Dr. Will Betts at the First Methodist church in Spokane. Mr. Patterson has the reputation of being one of the most accomplished gospel singers in the entire country. Many who have heard him declare he is the sweetest singer in evangelistic work they ever heard. Mr. Patterson will sing nightly, have charge of the chorus, and occasionally preach also.

DR. EVANS SPOKE TO HIGH SCHOOL

Explains the Aims and Conditions of the Rhodes Scholarship and Advocates the Study of Latin

Dr. Evans, head of the Latin department of the State College, addressed the assembly Tuesday afternoon on the subject of the Rhodes scholarship. He explained that the aim of Mr. Rhodes was to bring the English speaking people into a more sympathetic relation by sending representatives from the different countries to be educated together. He stated what the requirements were, and what it would mean to the boy who won the scholarship. He also emphasized the importance of the study of Latin. This is the first of a series of lectures to be given to the students during the semester.

The basket ball team was defeated Saturday afternoon by the college second team. Owing to their being out so late the night before on a sleigh ride they were in very poor condition to play. They lost another practice game Monday night to the high school alumni. The boys were still in poor condition and showed lack of practice.

The principal amusement of the high school students for the last two weeks has been sleigh riding. The Sophomore class went to Moscow Friday night and report a very good time. Miss McRae acted as chaperon.

Thatcher's Reply to the Resolutions

Mr. Otis Fletcher, President Farmers' Club; Mr. B. G. Godfrey, President Horticultural Club.

Dear Friends:—Will you please convey to your respective clubs this expression of my sincere and hearty appreciation of the kind words embodied in the resolutions adopted by them last week and published in the last number of The Evergreen, and my real regret that it will be impossible for me to comply with the requests made therein that I shall reconsider my determination to withdraw from this institution at the close of this collegiate year.

There comes a time in every man's life when he must make up his mind what his future life-work shall be. After long and careful consideration of this matter, I reached the conclusion that my life-work lay elsewhere than at this College, and that the present is an opportune time for me to make the change to some other field. I deemed it but fair to notify the authorities of the College of this decision on my part as soon as it was reached. Wishing that the termination of my engagement here should interfere with the progress of the work of which I have administrative supervision as little as possible, I left the exact date of my going to be determined by President Bryan and the Board of Regents. After consultation and consideration, it was decided that it would be best for me to continue in charge of the work until the close of my year, or September 15th next. Allowing for the customary vacation period, this will bring the actual date of my removal from Pullman sometime after August 1st.

I appreciate, more than I can express, your kind words and wishes. To be able to share in the hopes and plans of the young people who have come to me in my capacity as a member of the faculty of the College, has been one of the keenest pleasures of my life. In seeking future employment, it is my hope to find it where there will be ample opportunity to continue to enjoy the stimulus and inspiration of frequent contact with active, energetic and hopeful young people such as are found in college life like this.

Sincerely yours,
(Signed) R. W. THATCHER.

Twentieth Century Club

Those who have contributed to the Twentieth Century Club will be interested to learn of the financial status since the Curtis lecture. It is hoped by those who are at the head of the club that a larger interest will be manifested by the citizens and townspeople to make the aims of the Twentieth Century Club possible. Their aim, as has been stated before, is to place as many highly educational entertainments before the public and students without charge as possible. To do this they must of necessity have the financial assistance of those who are able to contribute to this worthy organization. There has been received from faculty, students and townspeople \$143.75; from the ticket sales for the Curtis lecture, \$277.50; making

penses of the Curtis opera and advertising have been \$221.25; leaving a balance of \$200.00.

The expenses for the programs, as outlined for the rest of the year will be about \$350. This then necessitates raising an additional \$150. The club hopes to raise this by voluntary contributions. So far, in this respect, the townspeople have not offered their assistance. If the additional money can be raised all of the scheduled numbers will be free and other attractive features may be added.

The W. S. C. second basket ball team defeated the Pullman high school team Saturday afternoon in the gymnasium by the score of 29 to 22. The high school team was on the long end of a 15 to 16 score at the end of the first half, but in the second half the second team took a brace and tallied 14 points to the high school's six. Hildebrand and Rumlal played a good game for the College team, while Butler and Hinchliff played the best game for the Pullman team. The line-up: Pullman H. S.—Butler and Moss, forwards; Hinchliff, center; Glover,

W. S. C. Wins From Gonzaga

Starting with a burst of speed that bewildered their opponents and in the first few minutes of play gaining a lead that was never headed off the Washington State College basket ball team defeated the veteran team of Gonzaga University Friday night at Spokane by the score of 26 to 23. The first half ended with W. S. C. on the long end of a 15-8 score. In the second period the Gonzaga team fought hard to overcome this lead, but was unable to score the necessary points.

The feature of the game was the playing of Sampson, star guard for W. S. C., against Mulholland the star forward of the Spokane team. Mulholland scored two field goals in the first and one in the second. Sampson failed to score field baskets, but shot six fouls out of nine chances in the first half. Bohler scored a field basket in each half and scored six free throws out of eight chances. Lowry, at forward, played his usual shifty game and scored a field goal in each period, as did Eddie Kienholtz at the other guard position. Love secured a goal in the first period, but failed to do so in the second. For Gonzaga DeMers, at center, shot three field goals in the second half.

The game was rather rough and many fouls were called by Referee Varnell. In all 17 fouls were called on Gonzaga to 11 called on W. S. C.

The line-up:

Gonzaga	W. S. C.
Mulholland.....F.....	Bohler
McKett.....F.....	Lowry
DeMers.....C.....	Love
Raftis.....G.....	Kienholtz
Megler.....G.....	Sampson
Referee, George M. Varnell.	

Ready for O. A. C.

Coach Bohler is busy with the basket ball team this week, working out the rough and weak places in their work that showed up in the Gonzaga game, and will have them in much better shape when they meet O. A. C. next Saturday and Monday nights. O. A. C. has a team of veterans; the only man of last year's championship team not playing this year is Cate, at center. Burdick, the midget forward, is captain of this year's O. A. C. team. They recently defeated the University of Idaho team by a decisive score one night and lost to them by a narrow margin of one point in the second game.

The W. S. C. team has been showing a wonderful improvement since the Spokane game over the form displayed when we defeated Idaho and those who have not seen it in action will be surprised at the speed and team work that has been developed. February 1 and 3 the University of Washington five will be played here.

Graduate Manager Bender has nearly completed negotiations with Willamette University for a football game to be played here next fall.

ANNUAL REPORT OF EXPERIMENT STATION
The twenty-second annual report of the State Agricultural Experiment Station at Pullman, Washington, is now ready for distribution. This report covers the work of the station for the year ending June 30, 1912. Besides the usual statement in detail of the financial business of the Station for the year, the changes in organization, personnel of the staff, etc., the report contains a comprehensive review of the experiments which have been conducted by the several divisions of the Station during the year. There are also detailed reports of the farmers' institute and extension work, the inspection work of the State Chemist, the receipts and expenditures from the Stallion and Jack registration, and all similar activities of the Station for the year. A copy of this report may be obtained free of charge by writing to the Director of the Experiment Station, Pullman, Wash.
