SOME FACTS ABOUT THE PULLMAN SAVINGS AND LOAN ASSOCIATION

Who It's For

To provide a systematic and absolutely safe plan for the investment of savings, and to aid its members to acquire homes of their own is the object of the Pullman Savings and Loan Association. The Association is in every sense a Home institution.

It is for the Practical Man, who realizing the uncertainties of business and of health, and of the folly of spending all his money as fast as he gets it, provides for an emergency.

It is for the Prudent Woman, who out of her earnings or allowance, desires to put away a little money, monthly, where it will be securely and profitably invested, and give her the least trouble and where she can get it when needed.

It is for the Young Man possessing the manhood and determination to save something every month from his earnings as a reserve fund, to draw on when sick or out of a position, for providing a home or for a start in business.

It is for Boys and Girls, to help them to be economical and industrious and to encourage them to acquire the habit of saving, provide a fund to educate them and to make them independent.

It is for Societies, Fraternal and Other Organizations wishing to invest their income for the purpose of creating a reserve fund, or for building.

It is for all Seeking a Home or who want to improve their property, or pay off a mortgage or to provide a fund for any other worthy purpose.

\$1.50 Wheat

Come to Killam, the Palouse country of the Alberta; 30 to 50 bushels of wheat per acre for the last six years. Different ones paid for the land with one crop last year. You can do the same. The best reference I can give you in regard to the country is to call on parties that have bought and seen: John L. Metsker, George Stephenson, Walt, Bert and Alex Hatley, S. V. Meeke, Mr. Easto, Wm. Yeo, all of Pullman, Wash. Address, W. E. LARSON, Pullman, Wash.

Red Crown the Gasoline of Quality

Made up to a standard—not down to a price. We make the best gasoline that our experience and resources enable us to produce. The quality of the gasoline determines its price—not the price its quality. Dealers everywhere.

STANDARD OIL COMPANY (California) Pullman

HOW'S THAT FOR A FINE FLAVOR? UM! UM! I'D KNOW IT WITH MY EYES SHUT--IT'S THE REAL TOBACCO CHEW!

THE GOOD JUDGE AND THE FLORIST KNOW WHAT'S WHAT

ONE 10c. pouch of "Right-Cut," the Real Tobacco Chew, lasts longer than twice the money will buy in the old kind.

A new blend of mellow, sappy tobacco—seasoned and sweetened just enough. That's what makes it taste so good and why it gives you such comfort and satisfaction.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

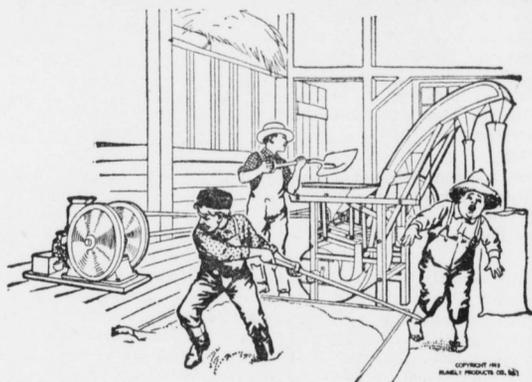

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and sorbitol. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.
