## SUGGESTIONS FOR THE JUNE GRADUATE

Organdy, Voile, and Other Cottons Favored for Frock, Which Must Be Simple—Dress May Be Worn Later for Afternoons or Dancing

Quite as important as the June bride is the June graduate. She must be just as daintily dressed in misty white, and her future is equally as promising.

It is no longer considered the proper thing for the graduate to be elaborately dressed in silk or satin; many of the daintiest frocks are fashioned by the graduate herself, from the sheer voiles, organdies, nets, or from the dainty flouncings of lace or embroidery. The high schools favor the idea of the graduate fashioning her own dress; some go as far as to suggest the material and the cut for the entire dress. Perhaps this does not appeal to the average girl, with her ideas of individuality, but the notion of making her own frock should appeal to her, for this very reason, that she may

Commencement Frock of Voile

add little distinctive touches which bring out her own personality.

### Simplicity in Cut and Material

The very simplest, most youthful models are chosen for the June graduate. They are usually of organdy, or one of the sheer cottons, very sparingly and simply trimmed. Crepe de Chine or one of the very soft taffetas or satins may also be used, if preferred, but the cottons are more in vogue and daintier.

Net, which is such a general favorite for the typical summer dress, is quite as well liked for the graduation dress and proves extremely practical. White cotton net, combined with taffeta, voile, or organdy, fashions the daintiest of graduation frocks; one which may be worn later for summer afternoons or the dance.

Skirts are short, sleeves range from the short puff, so charmingly in keeping with bouffant skirts of the moment, to the three-quarter or full length sleeve of organdy, net, Georgette or chiffon. Round necks are particularly modish, although the square neck and the V are also liked. If one wishes to be at the height of the mode, the graduation frock must boast a hooped petticoat. These are so softly boned and so unobtrusive that the frock loses none of its simplicity but gains in grace.

### Shoes, Gloves and a Fan

White kid pumps and white silk stockings are dainty and carry out the "all white" notion; black patent or kid pumps and black stockings, however, are in quite as good form. White silk gloves, if any gloves are worn, are better than kid, being cooler. A small white fan may be carried, both for use and ornament, for fans are extremely dainty this summer. Feathers are being used in the new fans. There are small ostrich feather fans and plain cock feather fans in white and colors. The small spangled silk fan is still favored. Any of these make most acceptable gifts for the graduate. Although the plainer the hair is dressed the better, a bit of tulle or a single comb may be worn, and Colonial silver or rhinestone buckles may adorn the pumps. Very little jewelry, if any, is permissible; a small brooch or a tiny Lavalliere is quite enough.

### Summer Frocks or Organdy

Organdy is one of the most generally favored of materials for the sum-

mer frock, whether for graduation, garden parties, or summer dances. It comes in all the delicate pastel colorings now favored and is also patterned with dainty, conventionalized designs, on white and colored grounds.

The plain and figured voiles are effective also, and there are many attractive combinations of voile and taffeta, organdy and taffeta, net and organdy and the like.

It is considered most Frenchy to combine organdy and taffeta, or net and taffeta. This is usually done in a frock which one has no idea of sending to the laundry, although there are at the moment taffetas and satins which wash very well.

The first frock illustrated here is a

Another Dainty Model for Graduate

jumper model adapted from one of Poiret's designs. It is developed in net and taffeta and is a charmingly simple model for the girl who wishes to make her own frock for commencement.

In the second design is a particularly effective frock of plain and figured voile. The figured material is white with a white mercerized ring. The quaint neck line, puffed sleeves and full skirt, make it a very pleasing and youthful frock, suitable for graduation exercises or summer parties.

### The Garden Party Hat

It will do no harm to tell of a hat or two, which, worn with the graduation frock after that wonderful day, will complete a most effective garden party, or summer afternoon costume. There are large hats of organdy in the dainty colorings, just the thing for the organdy frock; large black and colored wenchows, stenciled with some quaintly conceived and colored figure, flower, or bird; wide brimmed leghorns, with a flower or two on their drooping brims; and many others, for the large hat is again modish. These stenciled hats offer alluring possibilities to the girl who paints or understands the mixing of colors.

It not only pays to milk the cows clean to get the last and richest milk, but it also keeps them from drying up. Careless habits in finishing milking will soon make the cows go dry and cut down the profits.

### A TWICE-TOLD TALE

#### One of Interest to Our Readers

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Pullman woman is confirmed after three years.

Mrs. B. A. Emerson, 1211 Star Route St., Pullman, Says: "I suffered a great deal from a dull pain across the small of my back. I felt tired all the time and had but little ambition. My kidneys acted irregularly and caused me such annoyance. Doan's Kidney Pills proved very beneficial and soon removed the ailments. Another of my family who had about the same ailments as I did found great relief by using Doan's Kidney Pills." Statement given April 21st, 1910.) OVER THREE YEARS LATER Mrs. Emerson said: "I gladly confirm my former endorsement of Doan's Kidney Pills and have the same confidence in them as ever."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Emerson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

**NEW PERFECTION OIL COOK-STOVE**

For Best Results Use Pearl Oil

A good oil stove is just like cooking with city gas. If you haven't a New Perfection you've missed comfort for years. Bakes, broils, roasts, toasts. More efficient than your wood or coal stove, and costs less to operate. Cuts out the coal-hod and wood-box drudgery. Keeps your kitchen cool. The long blue chimneys prevent smoke or odor. In 1, 2, 3 and 4-burner sizes, ovens separate. Also Cabinet Models with Fireless Cooking Ovens. Ask your dealer today.

**Cleaning up.**

The back-breaking work, that of keeping the kitchen clean, involved when the coal range held sway. It is a wonder women put up with it as long as they did. Every time the range was stoked or the ashes emptied the floor was dirtied up. Today that condition is gone. Women who like cleanliness cook by wire.
