The city council Monday evening granted an extension of time to the Washington Paving company for the completion of the improvement east of the concrete bridge in East Pullman. The work was to have been completed by September 27, under the terms of the contract, but conditions over which the contractors had no control made this impossible. The work will be completed this week.

Prof. Rudolph Weaver and his niece, Miss Virginia Weaver, spent Saturday and Sunday at the home of Mr. and Mrs. J. A. Judson, near Winona. The brought back a nice bag of ducks to prove their prowess with the shotgun. Mr. Judson, a former resident of near Pullman, has 480 acres of land seven miles northwest of Winona, and is one of the influential farmers of that district.

Congressman W. L. LaFollette, at the chamber of commerce meeting Tuesday, thanked his local constituents for the magnificent vote accorded him at the recent primary election. Congressman LaFollette promised to address the chamber on national matters of legislation before he returns to the national capital November 15.

William M. Duncan, graduate of the State College and former Pullman business man, was shaking hands with his many old friends here this week. Mr. Duncan is at present employed in the office of State Land Commissioner Clark V. Savidge, at Olympia.

Mrs. R. M. VanDorn returned Friday from Aberdeen, where she has been the past year. She was accompanied home by Mr. VanDorn, who went to Aberdeen for that purpose, and his mother, Mrs. Scofield. The family will reside in the Kimbrough residence in College Park. Mrs. VanDorn has been bedridden for the past two years, but returns to Pullman slightly improved.

WHAT IS DONE WITH ROAD MONEY

Some Whitman county youngster is going to receive a five-dollar bill from Prof. O. L. Waller, member of the roads committee of the Whitman County Taxpayers' association, for the best essay submitted on the question "What Was Done with the Road Money Due to This District?" Through this competition it is expected that complete and reliable details concerning the expenditure of the county road funds in the different school districts can be obtained for the use of the association in working toward a more equal distribution and more conservative expenditure of the available road funds.

During the past two weeks the Washington state experiment station has filled orders for 230 bushels of Tapp's white winter seed barley. This is a heavy six-row bearded variety which has the heaviest straw of any grown in the state and will stand up on corn ground under a yield of 90 bushels to the acre. About 50 bushels of seed are still available. The station also has for distribution 50 bushels of water Bluestem wheat. This variety has given favorable results in field tests conducted in Bluestem regions during the past two years. It was originated at the station, being the result of a cross of Turkey Red and Bluestem. While it possesses sufficient of the Bluestem qualities to sell as that variety on the market, it also has the winter character of the Turkey Red and is planted in the fall.

J. F. Bohler, familiarly known around the campus as Doc, grabbed a fumbled ball intended for Fullback Doane, and ran 52 yards for a touchdown, incidentally causing the varsity to lose its first game in two seasons. The game was rather a disappointment to the big crowd for only once did the W. S. C. eleven show its punch. This was in the third quarter when the conquerors of Brown marched down the field for a touchdown in two minutes. Long end runs by Boone brought the ball to the 10 yard line and Doane carried the leather over for a touchdown. It took two minutes to make the touchdown. Doane going over and Durham missing goal.

Score by quarters:
 Alumni 0 0 7 0—7
 Varsity 0 0 6 0—6

BUYS 320 ACRES
 Three hundred and twenty acres of the Coolidge & MacKenzie holdings south of here, this week became the property of W. H. Eaton of Pullman. The price paid by Mr. Eaton was \$25,000 for the 320 acres, part of which is already seeded for next year's crop. The deal was consummated by Hazen & Hartley.

William Halpin has purchased 140 acres of land adjoining his present farm from George Stephenson. The addition gives Mr. Halpin a fine farm of 340 acres. The deal was made through Hazen & Hartley.

EMERSON'S OPENING A COMPLETE SUCCESS

The formal opening of the new store of the Emerson Mercantile company attracted a big crowd last Saturday and was a complete success in every particular. All day long the spacious room was crowded with shoppers, who did not hesitate to express the opinion that in appointments, arrangement and beauty the new store is by far the finest in Whitman county and would be a credit to any city in the state. Nearly a thousand people visited the store during the evening to see the latest styles displayed on living models. A bevy of pretty girls came down from the balcony clad in the new fall suits and after making a circuit of the lower floor returned to the balcony and then appeared again three times, first in the new fall coats, then in evening gowns and later in opera cloaks. During the day phonograph selections were rendered and a demonstration of baking with the products of the Elberton flour mill was given.

WEDDED AT MOSCOW

Hazel Moss and Ray Meek stole a march on their many friends last Monday afternoon when they slipped over to Moscow, Idaho, and were united in marriage at the Methodist parsonage in that city. The only witnesses were Mr. and Mrs. Will Hinchliff. The happy couple returned to the Meek home, near Johnson, the next day, where the groom helped load three cars of live stock to take to his 1000-acre wheat ranch near Kilham, Alberta, Canada. On Wednesday they left for Spokane, where they will spend a couple of days and then proceed to Kilham. Both of the contracting parties are graduates of the Pullman high school and have a large circle of friends in Pullman and vicinity. The groom graduated in the class of 1912 and was a star on the champion football team of that year. The bride is a daughter of Mr. and Mrs. W. A. Moss and completed her high school course with the class of 1913. The best wishes of a host of friends will follow them to their new home.

REV. SPALDING ACCEPTS

At a congregational meeting held after services last Sabbath morning, Rev. W. A. Spalding of Seattle was unanimously called as state's supply, for the United Presbyterian church until July 1, 1917. Dr. Spalding was unwilling to take up permanent pastoral work here but will act until a pastor is secured. He is a splendid type of Christian gentleman, a fine preacher and is taking hold of the work with enthusiasm.
