PULLMAN, WASHINGTON, FRIDAY, JULY 27, 1917

NUMBER 40

## FRENCH BOY PRAYS FOR PULLMAN WOMEN

Fortnightly Club Receives Letters of Thanks for Helping a French Family

The following letters received and translated by Mrs. Kruegel will be of interest to our readers as showing the deep gratitude of the French people for the assistance of Americans in providing money so that the children can stay at home with their mothers instead of being herded in institutions. The French have meant so much to the world that we must conserve the French children to carry on their work. It is gratifying to know that the two other children of the Bechade family have since been adopted in Pullman, so that the sister need no longer be "jealous" of her brother. The father was killed in one of the trenches of the Argonne the night of August 12 or 13, 1915.

Mrs. William C. Kruegel, 606 California Street, Pullman, Wash.

My Dear Madam: Through our representative at the American Ouvroir Funds, New York City, we are in receipt of your generous donation on behalf of Pierre Louise Bechade for one year.

Enclosed please find a memorandum concerning the child and various matters concerning the godmother's. Pierre and his family have been informed of the kind interest of you and the other members of the Fortnightly club and we hope that you will receive a personal acknowledgement from them in the near future.

On behalf of the Association Nationale Francaise, please accept the heartiest thanks and appreciation for yourself and the other ladies that have shown so generous an interest in this little orphan of France.

Yours respectfully, THE SECRETARY GENERAL, Ashby.

Burgnac, the 29th of May, 1917. Madam:

The secretary of the National French Association for the protection of the families of men who have died for their native land, having informed me that your kindness has chosen as godson Pierre Louise Bechade, born at LeVignac, the 1st of August, 1912, I have hastened to communicate the fact to his mother and grandmother, both widows. They were very happy, however, the mother of the child is writing you at the same time that I am.

The family are farmers, one of the prisoners of your godson's mother is a prisoner of war in Germany. The family has had many trials.

Your godson, madam, is very well; I have advised his mother to send him to school from this time on. He has a frank manner and I hope that some day he will write you himself. I have asked him to pray to God for you. He was very happy on learning the good news and I have kissed him for you. He has promised me to be very obedient.

He did not expect such good fortune like his little sister did. He thanks you then quite sincerely.

Each month you will receive news of him and if some day you make a trip to France to the Limousine country, let me know, get out at the priest's house at Burgnac and I will be happy to welcome you and have your godson come here or take you to his home.

Believe me, madam, devotedly yours and please accept with the thanks of your godson the assurance of my profound respect.

A. BERTAND, Priest of Burgnac and Lavignac, By Melhaac, Haute Vienne, France.

Lavignac, the 29th of May, 1917. Madam:

The priest of Burgnac brings me the good news that you have chosen as godson my little Pierre Louis Bechade. I am happy to thank you very sincerely on his part and mine.

The priest had promised his sister to find for her a godmother. Now she is a little jealous over the good fortune of her brother. She says to me "I wish this lady would be my godmother." Since your godson can not write we will be pleased to give you news of him. I can not tell you the joy that your choice has brought

to this home. You can imagine, madam, that the money that you send me to help me bring up your godson will be welcome, for I am a poor widow, aged 26, with three children to bring up, and times are hard.

Please accept, madam, my most sincere thanks on my part and that of your godson.

Yours gratefully, WIDOW BECHADE, Prades de Lavignac, Haute Vienne, France.

## CHILDREN'S LIBRARY

The children's books which have been secured through the efforts of the ladies of Pullman are now ready for use. They will be placed in the primary room in the basement of the Methodist church, from which place they will be loaned to the children Saturdays from two to five o'clock. Although the books are still not all here we have now a splendid collection on hand. Stories will be told to the children at 3:00 o'clock Saturday by Miss Virginia Slagle. Miss Mable Clark will have charge of the library and Miss Matie Brett will have general charge of the story telling hours.

## BACK FROM BOSTON

E. W. Thorpe returned Sunday from his trip to Boston, Mass., where he attended the meeting of the grand lodge of B. P. O. E. On his way home he visited New York and Washington. He reports that the crop in the eastern and middle western states are unusually good and that the industrial plants are working night and day at full capacity. He saw several big league baseball games and visited many points of historical interest, but says that what interested him most was the people of the east and their customs and manners.

## SITE FOUND FOR SWIMMING POOL

Will Probably Be Constructed in Triangle Between Merton and Harrison Streets, West of Reaney Park

After many trials and tribulations the committee in charge of the swimming pool have found an ideal location and construction work will probably be started at once.

The first pool excavated proved impossible for two reasons. It would not hold water and when the idea of constructing a permanent concrete pool was broached and a survey of the site was made, it was found to be located on land belonging to G. R. Kerns instead of in the City park, as had been supposed.

The committee next broached the idea of constructing the pool in the southwest corner of Reaney park, but this project met with vigorous opposition from property owners in the vicinity, who claimed that it was too public a place, and from others who thought that it would impair the use of the park for other purposes. A site which was free from both objections was found in the triangle of ground west of Reaney park lying between Harrison and Morton streets, belonging to Mrs. Phoebe Reaney. The city council held a special meeting Monday evening and informally agreed that the city would purchase the property if it could be bought for \$300. The matter was taken up with Mrs. Reaney by wife and Wednesday a telegram was received from her by P. W. Struppler, stating that she would sell the land for \$300. The location is an ideal one, being screened by large willow trees which afford both shade and privacy. The property includes one block and four city lots separated by an unnamed street which, if vacated, will give a triangular piece of ground with a base of approximately 192 feet on the alley back of the three houses fronting the park and sides of approximately 359 feet.

Work on the construction of the pool will probably be started as soon as the deal for the property can be closed and the location which will afford the best drainage can be determined upon by City Engineer Myers. The project has aroused great interest and is being industriously boosted by every small boy in the city.

## CALLED TO JOIN THE COLORS AND FIGHT FOR "OLD GLORY"

### FULL LIST OF WHITMAN COUNTY BOYS FROM WHOM COUNTY'S FIRST QUOTA OF 294 WILL BE SELECTED FOR SERVICE BY LOCAL EXEMPTION BOARD.

Last Friday 10,500 capsules, each containing a number, were drawn from a jar at Washington, D. C., to determine the order of the liability for military service of each of the 10,000,000 young men enrolled. Already 687,000 men have been ordered to the colors and to secure that number 1,374,000 men will be called for examination before the 4557 local exemption boards.

General Crowder has issued the following statement in regard to future procedure: "The drawing is complete and has been apparently successful. The official tally sheets have been compared, sent to the printer and the proof is being read. Final copies will be ready for distribution not later than Tuesday.

"The next step will be the certification of the results of the drawing to 4557 local boards and the application by each board of its chart to its serially numbered list. This need consume but little time and when done the order of priority of the nearly 10,000,000 registrants to report for examination will be revealed.

"Such additional drafts as may be ordered by the President will be filled by calling men in the order of this established priority and no further drawing will ever be necessary. Each local board, upon receipt of its chart and upon notification by the governor of the quota to be raised by it may proceed at once under regulations already promulgated to summon men for examination."

The Whitman county exemption board was first made up of Sheriff McClure, Auditor Kimm, and Dr. F. A. Bryant, but as Kimm was liable for service he resigned and W. S. Cooper was named in his place. There are 3320 men registered for service in this county and the county must furnish a quota of 294 to meet the first call. As soon as the official copy of the conscription list is received from Washington the county exemption board will call upon a certain number of men at the head of the drawing to present themselves for examination.

The regulations say that when any person is called by a local board, "notice thereof shall be mailed by the clerk of such local board to each person so called, directed to the address on his registration card." With a few exceptions all those called must first be subjected to a physical examination.

The notification sent out by mail will fix the date and place of this examination, but the government will not take as excuse for failure to appear that the man called did not receive notification.

Each registrant, particularly if he is near the head of the draft list, is expected to watch the posted announcements and lists of his local boards. The instructions to registrants say in heavy black type:

**WATCH FOR CALL**  
Watch the lists at the office of your board and see when you are called for examination.

Those called up for examination at the start will probably be those who come within the quota number of the head of the list. The instructions set forth that the first third shall be called up for examination the morning of the fifth day following the mailing of the notice; the next third on the morning of the sixth day and the remainder on the morning of the seventh day.

**No Chance of Evading Draft**  
"After the draft any man who does not respond will be classed as a deserter from the military service of the United States and will be court-martialed and treated as such on capture," says Brigadier General Maurice Thompson.

Through the courtesy of the Pa-

lousier, which had the enterprise to publish the list of men drawn from this county from whom the first quota of 294 will be selected for service, The Herald is able to print the names in the order drawn. The list is unofficial and a few minor errors made have been made in transmitting it by telegraph.

- 258 Clifford Bosse, Pullman.
- 2522 Henry Claud Routh, Colfax.
- 458 L. S. Christensen, Pullman.
- 1436 John Henry Jones, Rosalia.
- 2624 John Vanschoonover, Wawawai.

## HE CAME, HE SAW, HE CAUGHT THEM

### Fifteen Local Automobile Owners Fined for Violating Law Governing Operation of Motor Vehicles

F. J. Shinn, a deputy of the secretary of state, dropped into Pullman last Saturday and as a result of his visit 15 local automobile owners are poorer but wiser men. Justice Henry had an unprecedented rush of business, and the state road fund is \$75 to the good. The visitor did not advertise his presence in the city, but during the evening put in his time inspecting the automobiles on the streets and taking a little list of numbers and owners. As an aftermath of his observations, he swore out complaints against 15 possessors of buzz wagons, charging them with violating various provisions of the law governing the operations of automobiles. His activity caused much wailing and gnashing of teeth, but after studying the law all of the accused entered pleas of guilty and were each fined \$5 and costs, amounting to \$2.50. The list of offenses and victims was as follows: Operating a motor vehicle without a tail light—Jas. Devine, R. H. Davis, W. D. Henry, C. A. Eaton, H. C. Burgess, Glen Glover, Chris Wurgler, Lauren Brown, W. G. O'Donnell. Operating a motor vehicle with one front light—Sam Theis. Operating a motor vehicle with the muffler disconnected—A. A. Henry, R. O. Wilson, O. C. Simpkins, H. J. Allen, Virgil Doty.

Mrs. H. C. Sampson and children arrived from Spokane Monday to visit her parents, Mr. and Mrs. J. A. Hungate.

## LODGE HONORS ENLISTED MEMBERS

### K. of P. Picnic Demonstration Big Success—Grand Chancellor Delivers Fine Address

What Pythianism has done in past wars and what members of the lodge will do in the present crisis formed the basis of Grand Chancellor Metz's address to those gathered at Weeks grove last Sunday to do honor to the young men who expect soon to be in active service in the United States army.

The patriotic demonstration held by Evening Star lodge, Knights of Pythias, in honor of the Pythians who were soon to leave to fight for Old Glory was well attended and declared by all a success.

V. W. Clarkson and Ollis Pinkley had charge of the transportation to and from the grove and the smoothness with which their prearranged plans worked left nothing to be desired. Shortly before 10:00 o'clock the picnickers began arriving at the grounds and found that Clark Nye had everything arranged for their comfort and convenience. A large number of chairs and tables had been secured and their presence brought many compliments to the chairman of the grounds committee. Two 20-gallon jars of ice cold lemonade were ready and were kept filled throughout the day in spite of the repeated attacks of the crowd.

At about 1:00 o'clock the long tables were formed into an L in a shady spot and all the lunches were spread out, the lodge having provided tablecloths and napkins. When all was ready the entire crowd sat down to a dinner such as is only possible at an affair of this kind and enjoyed themselves to the utmost. Immediately after dinner ice cream freezers were opened and the joy of the children was unbounded as they were kept supplied with ice cream cones from then till going-home time and if one wants a subject for deep study and profound reflection he should try to figure out just how many ice cream cones the average child can put away—to the man dishing it up it seemed limitless. While the children were swarming around the ice cream, the opportunity was seized to hear from Grand Chancellor Metz, who made an eloquent address on the ideals of Pythianism and patriotism.

## PRETTY WEDDING AT HUNGATE HOME

### Popular Pullman Girl United in Marriage to Ensign Paul M. Browder of the U. S. Navy

A college romance culminated happily in a pretty wedding yesterday afternoon at the home of Mr. and Mrs. J. A. Hungate, 608 California street, when their youngest daughter, Helen Elizabeth, was united in marriage to Paul M. Browder of Colfax. The ceremony was performed at 1:00 o'clock in the presence of about 60 relatives and close friends of the contracting parties, Rev. C. H. Harrison officiating.

The house was attractively decorated with pink roses and Shasta daisies. The bride's gown was a beautiful creation of white silk net and organdie over taffeta. She wore a bridal veil and carried a shower bouquet of pale pink brides' roses. The bridesmaid was Miss Olive Brunning of Colfax, who was gowned in white and carried a bouquet of pale yellow roses. Robert McCroskey of Sprague, a cousin of the groom, acted as best man. Patricia Sampson of Spokane, a little niece of the bride, acted as ring bearer and two other little nieces, Mary Maude Hungate and Mary Elizabeth Sampson, both of Spokane, acted as flower girls. Grace Douglass played Mendelssohn's wedding march as the bridal party took their places. After the ceremony a wedding luncheon was served and the happy couple left on the 3:30 train for Spokane, en route to Washington, D. C.

The bride was born in Pullman, received her education in the grade and high schools of this city and is a member of the Junior class of the State College. Her ability as a student, coupled with a charming personality, has made her a general favorite and she has a host of friends in this community. She is a prominent member of the Pi Beta Phi sorority and has taken an active part in the social life of the college.

The groom was born and has spent his life in Whitman county. After completing the high school course at Colfax he entered the State College and soon gained recognition as a debater and leader in the student body. He majored in economic science and history and received his degree of B. A. last June. He is a member of the Alpha Tau Omega fraternity and the Crimson Circle and during his Senior year served as president of the Associated Students. He had planned to study law but when war was declared was recommended by President Holland for an appointment in the paymaster's department of the navy. He successfully passed the examinations and has been commissioned as an ensign. Last week he was summoned to report for duty at Washington, D. C., where he will probably be stationed for several months receiving instruction in the training school. After he is ordered into active service his bride will probably remain in Washington, where her sister, Mrs. C. V. Piper, resides.

The best wishes of a host of college mates and friends will accompany the happy pair to their distant home.

## DEATH OF MRS. CHRISTENSEN

Mrs. Ole Christensen died Monday evening at the Sacred Heart hospital in Spokane, where she had been for the past three months. She underwent two very serious operations for kidney trouble, the last one being performed on July 4. Her husband, the Pullman agent of the Standard Lumber company, and two of her sisters were with her when the end came. The body was interred in a Spokane cemetery Wednesday morning. Deceased had been an invalid for some time, but had made many friends in this city and the bereaved husband has the sincere sympathy of the whole community.

## RAINBOW TROUT

The Whitman county game commission has been notified by State Fish Commissioner Darwin that 30,000 rainbow trout fry from the Walla Walla hatchery have been assigned to Whitman county and will be ready for delivery about August 5.
