

LOCALS

Harold Holt, son and Mr. and Mrs. J. B. Holt, on Tuesday received his commission as a second lieutenant in the cavalry division of the regular army and is awaiting instructions to report for service. The appointment came as the result of the success of the Pullman man at the military examinations held several months ago in Spokane.

The local branch of the Red Cross is badly in need of a desk at the headquarters on Main street. Any patriotic citizen owning a desk which he is not using will receive the everlasting thanks of the local Red Cross workers if he will offer it for use.

Prof. and Mrs. Shedd motored to Colfax Tuesday.

Miss Ruth Kilham and Tommy Taylor visited last week at the home of Mr. and Mrs. S. E. Kilham in Colfax.

Dale Jinnett, who has been in a Portland hospital for some time, is reported to be getting along nicely and is expected to soon return to Pullman.

Mrs. T. C. McKay and daughters, Gertrude and Elizabeth, left Sunday for Pittsburg, Pa., where they will make their home. The two young ladies have teaching positions in the Schenley high school at Pittsburg.

J. F. Baymiller, old-time Pullmanite, now located at Buhl, Idaho, was shaking hands with old friends here last Friday. Mr. Baymiller was on his way home from the Masonic grand chapter meeting at Kellogg.

Mrs. Marion Spawr and son, Claude Enos, of Spokane, are here looking after property interests.

Richard V. Sterne returned Wednesday from San Francisco and will resume his scholastic work at the State College in October.

William H. Lawrence, a 1902 graduate from the horticulture department of the State College, was in Pullman this week. Mr. Lawrence is now connected with the University of Missouri.

Mr. and Mrs. E. E. Gallagher and daughter, Anita, will leave tomorrow for their home in California, making the trip by auto.

G. A. Mussgang of Spokane, traveling passenger agent for the O.-W. R. & N. company, was in Pullman Wednesday.

The appointment of a local committee to assist in the recruiting of British subjects has been asked by the British recruiting mission. The chamber of commerce referred the request to the committee on national defense.

Aleck Adams of the Club Barber shop went to Spokane Wednesday on combined business and pleasure, principally the latter.

Mrs. H. V. Moore is suffering severely from two broken ribs caused by a fall on some rocks at Kettle Falls. She is recovering slowly under the care of Dr. Patee.

Mr. and Mrs. Lou E. Wenham returned yesterday from the Coast, where they were married last week.

Miss Evelyn Crossland left Wednesday for San Francisco, where she will go in training as a nurse.

Dr. W. A. Spalding visited Coast points this week.

Robt. Neill drove to Spokane Tuesday. He was accompanied by Roy A. Neill.

Harold Allen, son of Mr. and Mrs. Ira G. Allen of Spokane, is visiting at the home of his grandparents, Mr. and Mrs. J. F. Hill.

Mr. and Mrs. Alfred Windus and daughter, Lida, and Miss Josephine Hoepfner of Colfax, returned Saturday evening from a three weeks automobile trip to Coast points. They report a very enjoyable trip, with a minimum of machine trouble.

Mr. and Mrs. E. N. Clark are the happy parents of a baby girl, born Tuesday at Mrs. Allen's maternity home. The little girl will be known as Alma Caroline Clark, at least until such time as she elects to change the latter name.

The Lee Allen and F. C. Forrest families returned last Thursday evening from Conklin Park, on Lake Coeur d'Alene, where they enjoyed a vacation. The expect to return later this fall when the fish are biting better.

J. N. Scott returned Tuesday from Northern Canada, where he looked over the Canadian farm lands. He camped for a time on the Frazier river and reports fish and big game in abundance in that vicinity.

The Ladies' Aid society of the Methodist church will hold a general meeting in the basement of the church Wednesday afternoon, September 5, at 2:30 o'clock. Election of officers. All are urged to be present.

COMMISSION DELIBERATES; GRAIN BUYERS FRET

Local Grain Buyers Out of Market While National Price-Fixing Commission Argues Over Price

While the national price-fixing commission named by President Wilson to determine a fair price for the 1917 wheat crop is deliberating at Washington with the indication of an early agreement on the price to be paid the farmers for the cereal, the local grain buyers are entirely out of the market and are growing impatient under the delay in the price-fixing operations. The farmers also are growing fretful and are anxiously awaiting news from the commission. Associated Press reports state that the price to be named by the commission will be between \$2 and \$2.30 in all probability, on a basis of No. 1 Northern wheat. A fixed price on a \$2 basis at the Chicago terminals would mean that the Pullman farmer would receive probably \$1.60 for his wheat, the difference representing the difference in grade of wheat and the freight charges to Chicago.

Local warehouse and elevator men have been asked by the government to affix to all their grain receipts the government clause calling for the sale of the cereal within 30 days. The clause is as follows:

"It is agreed that if the grain represented by this receipt shall remain in storage beyond the period of 30 days after the date hereof, the undersigned warehouseman is authorized to sell the same or to ship the same to the nearest terminal market for sale for the best price obtainable, and shall pay over the proceeds to the holder of this receipt, less lawful storage and other charges."

PHEASANTS FOR WHITMAN COUNTY

The initial shipment of Chinese pheasants from the new state game farm now in course of construction at Walla Walla is to be sent to Whitman county within a short time, according to announcement made by State Game Warden L. H. Darwin. The birds are said to be a splendid looking lot and will be liberated by County Game Warden Howard in those places insuring them the largest amount of protection for the ensuing few months. The 1917 session of the legislature made an appropriation of \$20,000 for the establishment of a game farm at the state penitentiary at Walla Walla under the direction of L. H. Darwin, state fish commissioner and state game warden.

Washington sportsmen are fortunate in having an opportunity to have convict labor employed in game propagation. This saves them thousands upon thousands of dollars. Also it insures a steady replenishment of the supply. This is the first state in the Union to undertake game propagation by convict labor, but several other states are said to be preparing to follow the example.

FIND PULLMAN GIRLS DELINQUENT

Colfax, Wash., Aug. 29.—Two young girls from Pullman have been sent to the training school at Grand Mound. The girls were caught in company with M. C. Strange, a Colfax restaurant man, it is alleged. Strange is held in jail in default of \$1000 bonds to answer the charge of contributing to the delinquency of a minor.

The girls talked freely, the officers say, of improper relations with Strange and others and gave the names of other girls whose ages range from 12 to 16 years, who had done the same things, they said. Sheriff McClure and his deputies are investigating.

Strange is married and has been conducting a restaurant here. He formerly cooked in a cafe at Pullman, and the girls told of debauches at that place. Strange was unable to furnish bonds and is in jail.

PLAN TO RAISE \$11,000

A. R. Metz, cashier of the Pullman State bank and grand chancellor of the Knights of Pythias of Washington, went to Spokane Tuesday to attend a conference of state Pythian officials regarding the raising of \$11,000 in this state toward the \$500,000 national Pythian war-relief fund. The \$11,000 contribution expected of the Washington members means \$1 for each member, and the three highest officers of each subordinate lodge will constitute a committee to raise that lodge's share of the state fund, according to plans adopted at the Spokane meeting.

BICYCLE HITS AUTO

While riding his bicycle Saturday afternoon, George Libby, Jr., son of Mr. and Mrs. G. P. Libby, collided with the automobile driven by Mrs. J. N. Emerson on Main street and sustained a strained wrist as well as numerous minor cuts and bruises.

ARE VICTIMS OF GERMAN HATE

Mutilated German Children Will Find a Haven in the West

When Dr. R. J. Skaife was in Pocatello, Idaho, last week a train of nine cars carrying mutilated Belgian children stopped at that place. A number of railroad men were allowed to go through the cars and were entirely unnerved by what they saw, weeping like children as they came from the cars.

The children were victims of Germany's revengeful feeling toward Belgium and her determination to exterminate the nation, root and branch. Both girls and boys had their hands mutilated and in some cases cut off, the boys being unfitted by the mutilation from ever performing military service. The girls' hands were destroyed so that they could not be put into the work of munition making or other war-time activities. The boys had been unsexed. Three Red Cross nurses were in charge of each car load of children.

They are the most pitiful of all the flotsam and jetsam which the war waves have cast upon American shores. American hearts are open to them and their condition will be ameliorated in every possible way in the land which is now in the war to establish in the whole world a system which will make future generations safe from such outrages.—Palouser.

UNCLE SAM NEEDS MEDICAL MEN

Uncle Sam is in need of medical men for his army and in an effort to secure recruits to the medical ranks from this part of the state Major Eagleson and Lieutenant Vandergoet, of the state medical reserve corps, will visit Whitman county early in September. The Whitman County Medical society has been asked to assist in the work. Aside from recruiting medical men for the service, the two officers will also conduct examinations for acceptance in the medical reserve corps. At a special meeting of the Whitman county medical men held at Colfax last Friday ways and means were discussed for providing for the families of physicians who hold membership in the society who go to the front. While no definite plan was adopted it was decided to provide some means of taking care of the dependents of enlisted members. Pullman was represented at the meeting by Drs. Gilleland, Maguire, Kimzey, and Patee.

ANTI-TUBERCULOSIS LEAGUE

Mrs. B. B. Buchanan, executive secretary of the Washington Anti-Tuberculosis association, and Mrs. Solon Shedd of Pullman, president of the State Federation of Women's Clubs, were in Colfax last Tuesday in the interest of forming an Anti-Tuberculosis league for Whitman county.

A luncheon was served at the Hotel Colfax, attended by several interested ladies, there being representatives from Pullman, Colfax, and Garfield, and communications expressing interest from other towns were read. Preliminary steps toward forming an Anti-Tuberculosis league were taken and the question of employment of a visiting nurse was actively discussed and plans for an educational campaign instituted.

Every interested person in the county is heartily invited to meet at Colfax on Tuesday, September 4, at the rest room to form a permanent Anti-Tuberculosis league and to discuss plans for the employment of a visiting nurse in the county.

EXEMPTION APPEAL OFFICER

The local exemption board of Whitman county has acted upon the various claims for exemption that have been presented to them and have decided them upon the affidavits and evidence that came before them. I have been appointed by the governor of the state as appealing officer for the local board to represent the Provost Marshal General in perfecting appeals for the government, and I will be pleased to have any person or class of persons present any evidence that they may have that was not presented to the local board in regard to any cases that were exempted, so that I may take the same up with the district board of appeals.

S. R. CLEGG,
Appealing Officer.

SWIMMING POOL OPENS

The new swimming pool was opened to the youngsters of the community for wading Sunday and a horde of the happy urchins were on hand to assist in the dedication of the pleasure resort. About three feet of water was run into the tank at first but this proved ample for the boys and girls. The water will be raised to its full depth as soon as the back filling has been completed and the concrete is thoroughly "set."

AUTOMOBILE TRIP

Mr. and Mrs. H. V. Moore, with Miss Leila and Russell, returned last week from an automobile trip to Kettle Falls, Wash. They visited Mr. and Mrs. Leroy E. Moore, who are ranching in that section. Mr. L. E. Moore will be remembered by his many friends as former proprietor of the Imperial dairy. A fine fishing trip to the Colville river, besides picnicking on the Columbia, were participated in during the week's visit at Mr. Moore's. The auto party visited at Meyers Falls, Colville, Chewelah, Loon Lake, and Spokane. They report a good trip.

WANT CREDIT FOR ENLISTMENTS

During the past week recruiting officials have been working in Whitman county and several enlistments have been secured from men included in the second call issued by the local board. Under the ruling of the War Department no county can receive credit for enlistments made after July 1, but it would appear that under the existing circumstances men of conscription age and included in the current call should be accredited to the county's quota, inasmuch as these men would inevitably be selected by the draft board if they did not enlist voluntarily. The board on Monday wired to Governor Lister, asking that he take the matter up with the proper authorities.—Colfax Palouser.

CIVIL SERVICE EXAMINATION

The U. S. Civil Service Commission announces that a third grade, or sub-clerical examination will be held on September 22, 1917, at all first and second class post offices in the state of Washington. From this examination, positions of messenger, watchman, skilled laborer, and positions requiring similar qualifications are filled. Vacancies now exist in the government service at Seattle, Wash., and at the Puget Sound navy yard, Bremerton, Wash. Salary, \$720 to \$900 per annum.

For application blanks and full information, apply at once to Secretary, Local Board of Civil Service Examiners, Post Office, this city, or Secretary, Eleventh Civil Service District, 303 Post Office building, Seattle, Wash.

CONFIRMED TESTIMONY

The Kind Pullman Readers Can Not Doubt

Doan's Kidney Pills have stood the test. The test of time—the hardest test of all.

Thousands gratefully testify. To quick relief—to lasting results. Pullman readers can no longer doubt the evidence.

It's convincing testimony—twice-told and well confirmed. Pullman readers should profit by these experiences.

H. H. Parrish, retired farmer, 310 Water St., Pullman, says: "I had to take to bed. The pains and twinges through my kidneys were something awful. I had heard of Doan's Kidney Pills, so I decided to try them. I found relief from the first few doses and when I had finished the box I was free from kidney trouble."

The above statement was given June 6, 1912, and on July 5, 1916, Mr. Parrish added: "The cure I mentioned in my former endorsement has been lasting. Doan's can surely be depended on to cure kidney ailments."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Parrish had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
