RED CROSS NOTES

In spite of the warm weather and with so many of our people out of town, our Red Cross treasury is being kept in good condition.

The Red Cross appreciates the generous check of \$20 from the Modern Woodmen of America.

The Red Cross lunch Saturday was well attended and the members of Evergreen circle, who had charge, were able to turn in \$152 to the treasury.

The plan for children to raise money called "A Mile of Pennies," was started just before school closed. To date \$89.44 has been turned in to the Red Cross.

One penny doesn't signify much, but just now every penny counts. So far we have filled 559 feet, each foot containing 16 pennies.

The children can carry on this work during the summer, so if any one wants the strips to fill they can get them at the Red Cross headquarters or by calling Mrs. A. Cammack, who has charge of them.

To date the June quotas for gauze and hospital garments have not arrived.

ASKS COUNCIL TO REINSTALL LIGHTS

A representative of the Washington Water Power company appeared before the city council Tuesday evening and urged that body to reinstall the lights recently removed from the residence districts. A motion to reinstall all the lights removed was lost, but the chairman of the lights committee was authorized to replace such lights as in his wisdom might be required. Only a few of the street lights in the residence districts were removed by the council, the action being taken in the interests of economy, they to be reinstalled this fall.

THANKS TO HELPERS

The undersigned members of the committee in charge of the lunch served by the Neighbors of Woodcraft on the 15th of June, 1918, take this method of thanking each and every one who, by contributing food or serving or by patronizing us, by their help made it possible to turn \$150.65 into the treasury of the Pullman Red Cross.

PROTECT THE HARVESTS

Committee to Care for the Palouse Harvesting Machines

In an effort to protect and conserve the grain harvest of the Palouse country a special committee consisting of Food Administrator Emerson, Agricultural Agent Kenard, Ira Scott of La Crosse and W. S. McCoy of Oakesdale has been appointed.

Mr. Scott will be the representative of the harvester men of this county and Mr. McCoy of the thresher men.

Instructions have already been received from governmental sources relative to the harvest season. Especial efforts will be made to prevent any machine from burning up this year. It is estimated that from one to three bushels of wheat per every 100 bushels can be saved by conservation efforts put forth at harvest time.

According to the record in the county assessor's office there are 283 threshing machines and 60 combined harvesters in Whitman county. These machines are to be thoroughly inspected before harvest begins and all carelessness and inefficiency in handling them will be, if possible, totally eliminated.

OLD TIME DANCE AT PIONEERS' PICNIC

An old time dance, with quadrilles, minuets, waltzes and other dances of bygone days predominating, will be one of the features of the big pioneer's picnic to be held in Pullman next Thursday, June 27. The dance will probably be held in the skating rink, although this has not yet been definitely decided, and the proceeds will go toward taking care of the financial deficit on the swimming pool. The entire afternoon, according to present plans, will be given over to the old time dances, while in the evening those who prefer the modern steps will be given an opportunity to enjoy themselves. The dances will be in charge of a committee from the chamber of commerce.

The next meeting will be a patriotic meeting at the home of Mrs. George McCroskey, on July 17.
