

STATE COLLEGE OF WASHINGTON, WHERE 307 MEN ARE RECEIVING MECHANICAL TRAINING

MASS MEETINGS IN SCHOOL DISTRICTS

Will Be Held Next Friday Evening, June 28th, to Subscribe Full Quotas of War Savings Stamps

Next Friday, June 28, a public meeting will be held in every school district in the United States, to finish up the campaign for the sale of two billion dollars of war savings stamps, or \$20 per capita for every man, woman and child in the country. The quota for each district has been determined by taking the number of children of school age in the district, multiplying that number by five and the result by \$20. This gives a quota of \$82,500 for district 59, less about \$10,000, which has already been invested in stamps. Subscribers will have to January 1st to pay for the stamps they agree to purchase.

F. C. Forrest, who is acting as manager of the campaign in Pullman and vicinity, has appointed Ollis Pinkley to take charge of the work in district 59. A canvass of the city will be made prior to June 28th, to place as many of the stamps as possible and the balance must be subscribed for at meetings to be held in the college auditorium and high school, at 8:00 o'clock sharp, next Friday evening.

A well attended gathering of the school directors and farmers from a number of country school districts was held at the First National bank last Saturday. The plan of campaign was discussed and much interest and enthusiasm was manifested. Chairman Forrest pointed out that the war savings stamps are an excellent investment, drawing four per cent compound interest, being free from all state and local taxation, and being convertible into cash at any post office on 10 days notice.

WILL ENFORCE HOG ORDINANCE

The city ordinance making it a misdemeanor to harbor swine inside the city limits will be enforced to the letter as a result of a report to the city council last night by Dr. J. L. Gilleland, city health officer, to the effect that his investigation had unearthed "a number of clean and a number of unclean" hogs within the limits of the city. The investigation followed complaints to the council that a number of citizens were openly violating the city ordinance. The health officer further reported that a number of potatoes stored on South Grand street have rotted their usefulness and are a menace to the public health in their present condition. He also presented samples of impure water taken from hydrants near "dead ends" of pipe lines. Effective methods of remedying the evils will be taken by the city fathers.

WAIT FOR INTERPRETATION

About 20 business men attended a meeting at the city hall Wednesday evening to discuss the effect of the recent order of Provost Marshal General Crowder that all men of draft age must either fight or engage in some useful occupation. The ruling that sales clerks are not regarded as engaged in a useful occupation was the subject discussed, but it was decided that no action could be taken until the local exemption board has interpreted the effect of the rule.

INSURANCE Talk with DOWNEN

SECURITY LEAGUE WILL REORGANIZE

A meeting of the Security League has been called for next Monday evening, June 24, at 7:30 p. m. in the council chamber. The object of the meeting is to transform the organization into an auxiliary of the county and state councils of defense. All loyal citizens of Pullman and vicinity are urged to be present.

The work of the new organization will be divided into four principal branches. Food conservation, which will be discussed by County Food Administrator Emerson at the meeting. Financial support of the government's war program, which will be explained by F. C. Forrest. Supplying farm labor, which subject will be handled by M. D. Henry. The stamping out of sedition, espionage and sabotage. The importance of this branch of the work, and methods of handling it, will be presented by competent speakers.

The reorganization of the Security League is in conformity to the statewide program mapped out by the state council of defense.

"Y" NEEDS SHEET MUSIC

There is urgent demand for a quantity of sheet music at the Y. M. C. A. headquarters maintained at the college for the 300 soldiers, according to F. E. Sanger, who is serving as city representative for the headquarters, and citizens who have music to spare are urged to donate it to the cause. Sentimental music especially is in great demand. A large quantity of Victor records can also be used at the "Y." These records may be loaned by the owners and will be returned in good order if the name of the owner is attached to the record. Other urgent needs of the headquarters are potted plants, late technical magazines and rocking chairs. The people of Pullman responded liberally to the first call for furnishings and it is thought that the present needs will be forthcoming.

CAMP MEETING OPENS TODAY

The 23rd annual camp meeting of the Church of God, to be held at the Saints Home, 10 miles west of Pullman, opens tomorrow, every indication pointing to a record attendance. Thirty-five workers will be in attendance, these representing the five Northwest states, while the attendance is expected also to include persons from all of these states. Three services will be held daily, at 10:00 a. m., 2:30 p. m. and 7:00 p. m. Meals will be secured on the grounds and tents will be available for those who desire to rent them. It is predicted that the attendance will reach the 5000 mark on the two Sundays included in the 10-days meetings.

LONG AUTO TRIP

Henry Young and son, Reade, with Homer Mathews, left Pullman June 5 for Portland, via Pasco. At Portland they were met by Mrs. Young and another son, T. C., and the party visited at the home of J. F. Young, a brother of H. J. They went to Olympia, Tacoma, and Seattle, spending some time at Camp Lewis, and drove over the Sunset boulevard. Mrs. J. B. Blair, a niece of H. J. Young, returned home with them from Seattle and will spend the summer here. The party reports a highly pleasurable trip.

COUNCIL HELPS WITH CASH

The city council Tuesday evening voted the sum of \$250 to assist the chamber of commerce in providing adequate dressing rooms and shower baths for the municipal swimming pool near the city park.

HUNT TO MANAGE BIBLE FUND CAMPAIGN

Charles Hunt, assistant chemist of the state experiment station, has been appointed by E. A. Rowell, state campaign manager for the state of Washington, as manager for the local campaign to raise funds for the purchase of Bibles for the soldiers of the allied countries. Pullman's quota for the Bible campaign is \$75. Organization for the drive will be commenced next Sunday in the churches and Sunday schools of the city. The campaign is under the auspices of the American Bible society and is designed to place a Bible in the hands of every soldier of the allied countries.

OFFICER GIVES DETAILS OF LIVINGSTON'S DEATH

In his letter Mr. Beal gives a diagram of the cemetery at Foggia, where the Pullman man was laid to rest. The diagram shows the position of the coffin, the Italian and American soldiers who paid the final tribute to their deceased comrade, and the firing squad of five soldiers who fired a volley at the conclusion of the service, just as the coffin, draped in the Stars and Stripes, was lowered into the underground vault. The body was placed side by side with four other lads of the flying corps and the vault was sealed.

MISS CRAIG ON STATE BOARD

Miss Agnes H. Craig, state home economics director for the food administration and head of the college of home economics of the State College, has been named a member of the consulting editorial board of the state of Washington, which includes five members. Mrs. Josephine Corliss Preston, as state superintendent of public instruction, is chairman of the committee, the other members, aside from Miss Craig, being Dr. Henry Suzzallo, C. R. Frazier and Mrs. Margaret Yost. The work of the state consulting boards will be to give to the regular editorial staff of The Bulletin such help, advice and suggestions as may assist them in making The Bulletin meet the demands of the teachers. The members will also constitute a standing advisory group to be consulted as to means for adapting war service material to school needs and promoting the harmony of national with local programs of procedure.

WOODMEN OF THE WORLD EAT STRAWBERRIES

The annual "strawberry feed" of Pullman camp, No. 110, W. O. W., was the drawing card of the camp at its hall on Tuesday evening. No business session was held but the entire evening was given over to dancing and card playing by the neighbors and their friends. The refreshments consisted of strawberries, ice cream, cake and soda pop, all in the usual Woodmen abundance. There were about 125 present and all report an enjoyable evening.

ASK NEW WALKS

A request of residents of Shirley street for new sidewalks at the council meeting this week was referred to the chairman of the streets and highways committee, who will investigate. It is probable that the new walks will be ordered in.

DINNER NETS BIG SUM

The Red Cross benefit dinner served last Saturday by the Women of Woodcraft netted the local Red Cross \$150.65. Every particle of food was used and all who partook of the dinner voted it a most excellent one.

CEMETERY ASS'N IS PLANNED BY CHAMBER

Stock Company to Be Organized for Purpose of Improving and Maintaining Cemetery

The organization of a cemetery association for the purpose of beautifying and improving the South Side cemetery and maintaining it in a well kept state is proposed by the Pullman chamber of commerce, and a committee including the Rev. W. A. Spalding, M. J. Chapman and D. C. Dow was named by the chamber on Tuesday to investigate the feasibility and possibility of the plan and report at an early meeting.

"The cemetery as it appears now is a shame and a disgrace to the community," said the Rev. Mr. Spalding in urging that the chamber take immediate action toward improving it. He called attention to the fact that Pullman, one of the most beautiful communities in eastern Washington, has the most poorly kept cemetery.

The plan proposed is to effect an organization of persons interested in the cemetery to purchase the property from the present owner, Daniel Frew of Seattle. A sinking fund will be established, to which will be added the purchase price of lots by individuals, and it is thought that through this means funds in sufficient amount will be available to provide a caretaker for the property. It is planned to pump water to a standpipe in the cemetery from a spring on adjoining property and to provide adequate roads leading to the cemetery and traversing it.

CALL FOR LIMITED SERVICE

More Men for Vancouver Barracks June 24 and 25

The local board has received a call for men from group C, limited service men, for Vancouver barracks. The first class is for June 24 and the following have been notified to hold themselves in readiness for enlistment: Norman Goff, Bellingham, Wash.; Charles F. Bishop, Bishop, Wash.; William Stevenson, Vollmer, Idaho; Leroy H. Milner, Stege, Cal.; Frank L. Spils, Colton, Wash.; Chester J. Knott, Colton, Wash.

The following alternates have been named: William O. Barbee, Oscar C. Erickson, Virgil M. Barbee.

To answer the call for the 25th the following have been notified: Ernest Bircher, Potlatch, Idaho; Walter A. Brooks, Kahlotus, Wash.; Harry R. Culp, Farmington, Wash.; Henry F. Rodeen, Pullman, Wash.; Roy I. Marsh, Endicott, Wash.; William C. Marsh, Tacoma, Wash.; John Salamon, St. Maries, Idaho.

ATTENTION, THRESHERMEN

All owners of threshing machines and combines are urged to attend the meeting of all threshermen at Colfax, at the court house, Monday, June 24th, at 10:00 a. m., to consider the plans of the government for the threshing and harvesting of the 1918 crop.

J. N. EMERSON, Food Administrator for Whitman County.

NEW POLICE JUDGE NAMED

The office of police judge, held for several years by George N. Henry, was declared vacant by the city administration at the meeting of the council last night and A. R. McClaskey was appointed by Mayor Swain to the office.

STOP! FELLOWS

Before you hand out that four or five for a new straw lid— Consider how MUCH MORE USEFUL that amount would be, if invested in—

War Savings Stamps

Besides—you DON'T HAVE TO HAVE that new dicer! Before you decide that you MUST have it—consider THE NEEDS of the boys in France—

Consider the things that Uncle Sam MUST BUY and FORWARD to them—

So that they may have A FIGHTING CHANCE to—save—YOU.

Get the point? These lads—"over there" are fighting organized hell to SAVE YOU AND YOURS. Uncle Sam has GUARANTEED to keep them FIT and FINE and to support them with the FULLEST MEASURE OF WAR MACHINERY they need—

That costs money and you—you are going to BLOW FOUR OR FIVE DOLLARS in a new straw hat— A thing you POSITIVELY DO NOT NEED. Nothing doing fellows—Get out the old straw bonnets and invest that money in—

War Savings Stamps

NATIONAL WAR SAVINGS DAY—JUNE 28TH

This space contributed by T. C. Martin

Comfortable Patriots

Give as little as they can—help only as much as is convenient. They do not know how to sacrifice. They leave that to the boys in the trenches.

Are you a comfortable or a sacrificing patriot?

How many War Savings Stamps have you in your home?

This space contributed by the C. R. Sanders Co.

One Year—THE HERALD—One Dollar

Your Loose Change Will Lick the Potsdam Gang!

Get that—you fellows who are throwing out your chests and mourning because your Marital obligations are keeping you from discharging your Martial duties to these States.

Of course we're sorry you can't go over there and fight like the wild cats you are, but—

You can save your loose change and invest it in WAR SAVINGS STAMPS—Instead of letting it slip through your fingers.

Come across, fellows!

Cut out your pleasure stunts and INVEST THE PRICE in licking the Kaiser. Do without things you DON'T need for the sake of the Boys who are fighting "over there"—

FIGHTING and DYING for YOU.

Besides, Uncle Sam is the world's first banker. He pays GOOD dividends.
