

Last Big Block of the Canadian Pacific Reserved Farm Lands

THIS announces the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of you can secure at low cost a farm home in Western Canada that will make you rich and independent. Never again on the American Continent will farm lands be offered at prices so low.

Last Big Opportunity

This block contains both fertile, open prairie and rich park lands in Lloydminster and Battleford Districts of Central Alberta and Saskatchewan. Farm lands on the rich prairies of Manitoba, Saskatchewan and Alberta average about \$18 an acre. Lands in Southern Alberta under an irrigation system of unfailling water from \$50 an acre up.

Twenty Years to Pay

The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10%. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6%. In Central Saskatchewan, Seager Wheeler grew the world's prize wheat. World's prize oats were grown at Lloydminster.

Lands Under Irrigation

In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent. This district contains some of the best lands in Canada. An unfailling supply of water is administered under the Canadian Government. Prices range from \$50 an acre up on the same easy payment terms. \$2000 loan on improvements. 20 years to pay back.

Special Rates for Home-seekers and Full Information

The Canadian Pacific will not sell you a farm until you have inspected it. To make this easy, special railway rates have been arranged. Do not delay your investigation. This is the last great block of Canadian Pacific Reserved Farm Homes. Send today for complete information—without obligation.

WHAT POST WILL ADOPT HER?

Little French Orphan Whose Father Was Killed in Defending Verdun From the Boche.

Little Denise Sellier is now ten years old. She was six when her father was killed defending Verdun from the boche. Denise once was the adopted daughter of the American civilian employees of the Central Printing plant, at 17 Rue de l'Academie, Paris. Now the Americans have gone home and Denise and her invalid mother, her little brother and aged grandmother find it very hard to make ends meet.

Many posts of the American Legion already have followed the suggestion of national headquarters and have contributed \$75 to care of a French orphan for a year. Perhaps some of the former foster-fathers of Denise, now members of a Legion post, may see the need and adopt her.

that wishes to adopt her, or any other of the thousands of French orphans, can do so by sending \$75 to the Legion national treasurer, Robert H. Tyndall, at Legion headquarters, Indianapolis.

CASH BONUS PLAN FAVORED

Referendum Laws Adopted by New York, New Jersey, Washington and South Dakota.

Four more states adopted referendum laws providing for the payment of a cash bonus to veterans of the World war at the elections on November 2, following a well organized campaign by American Legion posts and various civic organizations. The states were: New York, \$10 a month, \$250 maximum; New Jersey, \$10 a month, \$100 maximum; Washington, \$15 a month for service up to November 11, 1918, and South Dakota, \$15 a month.

Twelve states, which supplied 1,000,000 men to the army, have now granted the cash compensation. In addition to the four named above, the cash bonus states are: Massachusetts, \$100 plus \$10 a month to January 15, 1918; Vermont, \$10 a month, maximum of 12 months; New Hampshire, \$100; Minnesota, \$15 a month, maximum of \$100; Wisconsin, \$10 a month, minimum of \$50; Rhode Island, \$100; North Dakota, \$25 a month, and Maine, \$100.

In New York the bonus rode to victory by a majority of more than a million; the vote in Washington was three to one in its favor, while in New Jersey and South Dakota the Legionnaires were successful by large margins.

National officials of the Legion contend that the bonus referendums show conclusively that the people of the United States favor compensation for ex-service men and they propose to redouble their efforts to obtain the passage of the Legion's fourfold nation al bonus law in the next congress.

PARIS POST IS EFFECTIVE

Organization in French Capital Has 837 Veterans of the A. E. F. on Membership Rolls.

Over in France where the men who make up the American Legion fought and suffered and in the very city where in the winter of 1919 the American Legion was born, there is carrying on today a large representative post of the organization. With 837 veterans of the A. E. F. on its membership rolls and the entire second floor of a handsome building for its headquarters the Paris post today is making its influence felt in caring for the needs of its members and all former service men.

One of the chief benefits rendered by the Paris post has been in the way of obtaining employment for honorably discharged service men seeking work in the capital. More than 100 men were placed in positions during the first seven weeks of the post's service bureau operations. Helping men to return home when their funds are insufficient is another phase of the work that is bringing relief to many.

The post, which is located in the building of the American Library association, at 10 Rue de l'Elysee, has a flourishing women's auxiliary of some fifty members with applications coming in all the time. In addition to serving the American veteran, the Paris post is striving to strengthen the bond between France and America through the younger generation of Paris by offering yearly prizes for the best essay written by any boy or girl in a Paris lycee on a subject which connects the history of France and America.
