BOY SCOUTS CAVORT ON COLLEGE CAMPUS

Moscow, LaCrosse and Pullman Scouts Participate in First Annual Encampment

The first annual encampment for the Boy Scouts of the Palouse council was held Monday, Tuesday and Wednesday on the college campus, with the Rev. C. N. Curtis, local Scoutmaster, as general supervisor. Fifty of the boys were in camp on Rogers field throughout the three days, "pup" tents being provided by the military department of the college. The boys cooked two meals each day in true Scout style, while the noon meal was provided for them. On Tuesday noon the visiting Scouts were guests of the chamber of commerce at the annual weekly luncheon. The affair was a big success, and the boys entered into the spirit of the encampment in a sportsmanlike way, deporting themselves in a manner that elicited much commendation from persons who visited the camp.

The boys of Troop 1 of Pullman secured the lion's share of the honors in the friendly contests between members of the various troops, piling up a total of 77½ points. The Moscow troop came second with 17½ points. Troop 2 of Pullman scored five points, as did also Troop 3 of Pullman, while the LaCrosse troop scored four points. Signaling (relay contest)—Troop 1 (W. Lowell, P. Lowell, F. Fordyce).

W. Lowell of Troop 1, Pullman, was the high individual point winner, with R. McKarcher of the same troop taking second place.

SECOND ELECTION NECESSARY

Owing to an improper description of the tract proposed to be annexed to the city, as given in the resolution calling for the special election recently held, a second election will be necessary to include in the parcel of land annexed the R. H. Zimmerman property on B street. Mr. Zimmerman will be the only voter in the parcel proposed to annex, while the voters of the city at large will cast their ballots on the proposal at the same time. The second election is the result of a petition by Mr. Zimmerman to have his property included.

SHOW YOUR COLORS; SECURE A CAR SIGN

A quantity of large automobile signs, advertising the Fourth of July celebration, have been secured by the American Legion and local automobile drivers are urged to attach the signs to the rear of their automobiles. By this means they will assist in arousing interest in the biggest celebration in the history of the county and at the same time will do a good bit of advertising for Pullman. The signs are cloth and may be secured at the White Drug Store or the Tire Shop.

JUNE SQUIRES MARRIED TO JOHN L. O'DAY

On Saturday evening, at the parsonage of the Methodist Episcopal church in Colfax, Miss June Squires of this city became the bride of John L. O'Day of Colfax. The ceremony was performed by the Rev. A. A. Callender of the Methodist church, the double ring service being used. The young people were attended by Mr. and Mrs. Floyd A. Lyle of Pullman. The bride is a daughter of Mr. and Mrs. John Squires, pioneers of Pullman, and has spent her entire life in this city. She has hundreds of close friends who extend well wishes for a long and happy wedded life. Mr. O'Day was formerly employed by the Emerson store here, later accepting a position at the Great Eastern store in Colfax. The young people will make their home in Lewiston, where the groom has accepted a position.

TWO ARE FINED FOR TRAFFIC LAW VIOLATIONS

Two fines were paid in Justice William Porter's court this week for violations of the traffic laws. Herbert Vosburg was arrested on a speeding charge and paid a fine of \$5 and costs. Frank Young paid a like fine for operating his automobile without proper license plates.

P. E. O. CONVENTION COMING TO PULLMAN

Large Attendance Is Expected and Delegates Will Be Housed in McCroskey Hall

The eighteenth annual convention of the Washington State chapter of P. E. O. will be held in Pullman June 21, 22, 23, 1921.

The convention will be composed of about 80 members, including the state officials, past presidents and delegates from the 44 chapters in Washington.

In addition there will be many visitors from over the state. The chapters from nearby towns, Lewiston, Idaho, Clarkston, Moscow, Idaho, Palouse, Colfax, Spokane,avenport, etc., will send large representatives. These members and visitors, numbering doubtless 150 each day, are representative women from all over the state, and it is the desire of the local chapter to make the convention not only a success from the standpoint of the delegates and visitors, but also an occasion for the demonstration of the hospitality for which Pullman is noted.

Through the courtesy of the board of regents of W. S. C. McCroskey hall has been secured to house the convention. Rooms will be furnished for all delegates and official members of the convention. The sessions will be held in the reception rooms and meals will be served in the dining room. This, however, does not provide fully for visitors. Very soon requests will be made for rooms which may be rented for the two days of the convention, and visitors will be informed at the convention hall of the places in town where meals are served.

The work of all committees has not yet been completed, but it is confidently expected that requests for assistance will be met in the same generous spirit so far displayed by everyone approached. Acknowledgment is made of promised assistance from the Pullman Transfer company, groups of Boy Scouts, owners of cars and others.

While all the sessions, except the evening of June 21, to which many guests will be invited, are, of course, closed, yet one subject for discussion is of interest to all. This will be a presentation of the educational fund policy. There is now in the national fund over \$100,000, which is loaned to young women to assist them in securing an education.

This policy of assistance to worthy young women is in keeping with one of the main objects of P. E. O., which is the promotion of the welfare of all women and the development of that spirit of sisterhood which has resulted in the growth of P. E. O. from a college sorority organized in 1869 by seven young women of Iowa Wesleyan College at Mt. Pleasant, Iowa, to a nation-wide society with over 25,000 members.

CLEAN UP FOR THE FOURTH

The American Legion committee in charge of plans for the big Fourth of July celebration urges all citizens to have their premises in ship shape for the event. It is estimated that fully 5000 people will be in the city on that day, and the co-operation of every citizen is requested in giving the visitors a good impression of the city. Several vacant lots will be cleared to give plenty of parking space for automobiles.

TOURIST TRAVEL STARTS; CITIZENS CLEAN UP PARK

Tourist travel started with a rush this week and many automobiles from eastern and middle western states have been observed in Pullman during the past few days. Last night a number of Pullman citizens gave the automobile park its annual spring cleanup, cutting the grass, repairing the stoves and tables and doing other work that gave the park a decidedly improved appearance. W. A. Yeo was in charge of the citizen crew. Throughout the tourist season two citizens will be named each week to visit the park daily and look after the needs of the travelers. A register will be provided and each party will be required to sign, giving the name of the head of the party, the number in the party, and their home address.

TALK FARM WAGES AT COLFAX JUNE 18

A meeting of the farmers of Whitman county has been called for Colfax Saturday, June 18, when the question of farm wages to be paid during the coming haying and harvest season will be discussed. Many prominent farmers are said to favor a substantial reduction in wages this year, pointing to the decline in grain prices as proper cause for such action.

FIREWORKS DISPLAY BIGGEST IN HISTORY

\$500 Display Will Be Purchased to Provide Fitting Climax for Pullman's Big Celebration

The biggest display of fireworks in Pullman's history will provide a fitting climax for the gigantic Fourth of July celebration. The committees in charge of the celebration will purchase a \$500 display, to include all sorts of pyrotechnic pieces. The fireworks display is scheduled for 9:30 in the evening. Subscriptions have been made this week by business men for the purpose of providing adequate decorations for the city. It is believed that fully \$350 can be raised for this purpose, which would provide decorations more comprehensive than those used for the state G. A. R. encampment in 1912.

J. S. Klemgard will assist Reade M. Young in planning for the big free barbecue at noon. Six hundred pounds of navy beans will be purchased for the feed and 200 gallons of coffee will be provided for the hungry celebrants. Considerable beef and other meat is being donated by the farmers of the vicinity and enough will be purchased to provide meat for 5000 people. H. J. Young has offered three head of mutton and several farmers have offered to donate beef.

A band will be secured for the occasion and band music will be on tap throughout the day. Concessions are already being sold and numerous carnival features will be included in the concessions granted to outsiders. Bowery dances will be in operation throughout the afternoon and evening.

The tentative program calls for a float parade in the morning, with practically all of the local business houses represented by floats. Moscow, Colfax and other towns of the Inland Empire, which will join with Pullman in the celebration, will also have floats in the parade, as well as several local fraternal organizations. The parade will be followed by patriotic services in the city park and the picnic dinner is scheduled for 12 o'clock noon.

The sports program will start promptly at 1:30 and will include all the races and stunts which usually accompany a celebration of the kind. There will be pie eating contests, shoe races, obstacle races, pig catching contests and other features to provide merriment as well as competition.

During the ball game, which will start at 3:30 in the afternoon, special features will be conducted for the children by members of the summer school faculty in playground supervision and athletics. Authorized playground workers will be provided to care for the children who are left at the park during the ball game and there will be something doing to interest the kiddies all the time.

The fire cart competition between the fire departments of Pullman and other Inland Empire towns will be held at 6 p. m. on Main street, to be followed by a mardi gras parade, fireworks and bowery dances.

MORE PARK LIGHTS

Councilman J. P. Duthie is authorized by the city council to install as many lights in the city parks as are necessary to satisfactorily illuminate the beauty spots. The park committee of the council has also been given authority to provide enough seats to take care of the big crowd expected for the Fourth of July celebration. Mayor Gentry will appoint several special policemen for the Fourth.
