

RED PEP'S PHILOSOPHY

"The only thing the meat trust will give you without the cash is a cold shoulder."

We won't give you the cold shoulder at our shop. We'll be mighty glad to see you, whether you come in to have tires repaired or just to snoop around a bit.

EMERY THE NEW COMMANDER

Grand Rapids (Mich.) Official Is Elected to Succeed the Late F. W. Galbraith, Jr.

Major John Garfield Emery of Grand Rapids, Mich., was unanimously elected national commander of the American Legion at a meeting of the national executive committee held in Indianapolis.

He succeeds the late Frederick W. Galbraith, Jr., who was recently fatally injured in an automobile accident at Indianapolis.

Major Emery was one of the five vice commanders of the Legion, having been elected to that position at the Cleveland meeting of the organization.

Thomas J. Bannigan, of Hartford, Conn., was elected vice-commander, succeeding Mr. Emery in that position.

Major Emery saw much fighting during the World war. He entered the second officers' training camp at Fort Sheridan August 27, 1917.

After finishing the course he was commissioned a captain of infantry

JOHN G. EMERY.

and sent to France with the first group of Americans. He at first was assigned to the railway transportation office at Blois, France, and remained there until February 20, 1918. Later he attended the First corps school at Gondrecourt until March 24, when he took charge of company F, Eighteenth Infantry, First brigade, First division.

Major Emery participated in all the major actions with his regiment in 1918, at Cantigny in April, May and June; at St. Mihiel in September, and in the Meuse-Argonne offensive in September and October. He was commissioned a major of infantry August 30, 1918.

On October 9, 1918, during the Meuse-Argonne drive, Major Emery was wounded in the left arm and was invalided home, being discharged at Camp Custer. Soon after his return to Grand Rapids, he was elected a member of the Grand Rapids city commission, a position he has held since that time. Before entering the service he was a real estate and insurance broker.

Major Emery was born July 4, 1881, in Grand Rapids.

As vice-commander of the American Legion Major Emery was a close friend and confidant of Commander Galbraith.

WORKER FOR THE AUXILIARY

Devil's Lake (N. D.) Woman Is Elected First Vice President for Her State.

When the United States declared war against Germany her son was operating a large ranch in North Dakota. The son volunteered. His mother hurried to him and with her husband took over the task of managing that strip of fertile land which would provide bread and beef for the armies.

Mrs. Eugene Fenlon, Devil's Lake, N. D., played no spectacular part, therefore, in the world conflict, but she learned the service of sacrifice. There were times when the ranch was running smoothly enough and she spent the hours making bundles of comfort kits and knitting socks and sweaters.

When the mothers, sisters and wives of ex-service men organized a women's auxiliary to the American Legion in her city, Mrs. Fenlon was chosen president. The organization furnished clubrooms for their boys at an expense of \$2,000 during her first administration. Mrs. Fenlon recently was elected first vice president of the Women's auxiliary of North Dakota.

Carrying on With the American Legion

Of all the fruit that grows in the Imperial valley of California, a considerable portion is planted and tended by disabled veterans of the World war. While receiving \$100 monthly compensation from the government, the men are placed on tracts of land by the federal board of vocational education and are assisted in getting out their crops. R. T. Fisher, assistant national director of the government's rehabilitation work, recently complimented the California department of the American Legion for safeguarding the interests of the veterans who are winning their way back to health and usefulness in the fruit-growing project.

The aid of women's clubs of the West in the interest of a coast to coast Victory Memorial highway will be solicited by Capitol post of the American Legion in Topeka, Kan., with which the plan originated. The Topeka Woman's club will place the request for co-operation before the coming convention of the state federation of women's organizations. Integral highways now in use would be hard-surfaced by the government. Bronze memorial figures of American soldiers in full equipment and with rifles at "present arms" would mark all state boundaries.

Another move to induce the United States government to force the release by the Bolsheviks of Capt. Emmet Kilpatrick, Uniontown, Ala., has originated with the department of Poland of the American Legion. Latest reports declare that the American, confined in a Moscow prison, is in a deplorable condition from brutality and terror. Captain Kilpatrick, a Red Cross worker, was captured in Crimea.

The National Americanism commission of the American Legion is making arrangements to have a member present at all Legion state conventions. In addressing the conventions the Americanism officials will lay emphasis upon the necessity of co-operation with teachers for the furtherance of education in citizenship, the promotion of patriotism and the development of Americanism.

A house-to-house canvass of the entire city of Chicago has been undertaken by posts of the American Legion, in seeking out veterans who have been unsuccessful in adjustment of compensation claims with the government. A recent membership campaign in Illinois netted a gain of 10,000 members for the first four months of 1921 over the corresponding period of last year.

The American language will replace German in the services of the Bethany Reformed church of Baxter, Ia., under the provision of a resolution adopted by the congregation after a conference with the local American Legion post commander. The Legion objected to preaching in German at the funerals of veterans who were killed in France.

Aerial mail flyers, their mechanics and all who assist them in the U. S. Post office department's air mail service will be ex-service men, according to an order issued by John S. Jordan, San Francisco, chief of construction, acting superintendent of the traffic division, air mail service, a copy of which has reached American Legion national headquarters.

A proper education for American children in China and Japan is the end sought by the Peking (China) post of the American Legion, which has written to Legion national headquarters to enlist the aid of ex-service men in the movement. The American Chamber of Commerce and other organizations are working with the Legion in the project.

Because they believe that Memorial day should be observed in a reverent and decorous manner, members of the American Legion in Indianapolis, Ind., have asked that the annual motor speedway race be held in the future on July 4 instead of on May 30. More than 130,000 persons attended the international motor classic this year.

When the town of Lawton, Okla., set about building a road to the oil fields, 20 miles away, Lowry post of the American Legion undertook the building of a much-needed bridge about eighteen miles from town. During the construction members of the post's Women's Auxiliary brought food to the busy Legionnaires every day.

Fifty-eight years of residence in America were not enough to induce a resident of Emerald, Neb., to familiarize himself with the American language and institutions of government. As a result his application for final citizenship papers was denied at a naturalization hearing in which American Legion members testified.

A resolution calling upon congress to pass the American Legion's legislation for the relief of disabled veterans of the World war sent by an American Legion post at Newberry, S. C., was accompanied by a large pair of shears. An attached card bore the inscription: "For the Love of Mike, Cut Out the Red Tape."

"No plan for future preparedness can be carried out without the support of the American Legion," said General Pershing at a banquet held in his honor at Lincoln, Neb.

Studebaker
NEW PRICE \$1335

NEW LIGHT-SIX
Five-Passenger, 40-horse-power, 112-inch wheelbase
\$1335 f. o. b. South Bend

THE unprecedented popularity of the NEW LIGHT-SIX can be traced to the fact that it represents a degree of automobile value that the public has sought for years. It is built complete in the great Studebaker factories in South Bend. And the best indication of its real worth today, is to be found in the fact that, in the first six months of 1921, Studebaker (with the exception of one manufacturer of a well known and very low-priced car) produced and sold more cars than any other manufacturer in the country.

This is a Studebaker Year
