PYTHIAN HOME TO BE BUILT IN VANCOUVER

Locating Committee of Washington and Oregon Grand Lodges Selects Site for Fraternal Home

The Pythian home for the states of Washington and Oregon will be located at Vancouver, Washington, this decision having been reached by a joint committee from the grand lodges of Washington and Oregon which met last week.

Sites were offered the committee at Aurora, McMinville, Yamhill, Oregon, and five different tracts in Vancouver and in Ridgefield, in Washington. The site selected is within the city limits of Vancouver, about six blocks from the high school and an equal distance from a grade school, and has a frontage of 1400 feet on the Pacific highway. The tract contains 13 1/2 acres, is ideally located on a slight elevation overlooking Vancouver, Portland and the Columbia river. It is expected the site will be donated by the citizens of Vancouver and members of the Knights of Pythias of the state of Washington. Plans will be prepared immediately for a 50-room structure costing approximately \$75,000, as the first unit of the home. It is intended to start work this year and the home will probably be completed for opening early next year.

The grand lodge of Washington was represented by Edward A. Davis of Pasco, grand chancellor; H. M. Love of Colfax, grand keeper of records and seal, and George E. Bennett of Seattle, Dan M. Bowes of Aberdeen and Ellis Laird of Colfax, grand trustees.

Edward A. Davis of Pasco is chairman of the joint committee and H. M. Love of Colfax is secretary.

STRUPPLER IN ROLE OF A SHERLOCK HOLMES

Harry A. Struppeler, adjutant and finance officer of Maynard-Price post No. 52, American Legion, appeared in the role of a Sherlock Holmes last week when he apprehended, in Spokane, Russell Blair, who is alleged to have defrauded the Pullman post out of a sum of money advanced for a railroad ticket to Camp Lewis. It has been learned that Blair is wanted in other sections of the state on various charges and he was turned over to the federal authorities in Spokane for any disposition they care to make of him. Concerning the operations of Blair, Mr. Struppeler gave out the following interview in Spokane:

"About two months ago Blair came to Pullman from Colfax after being given enough money in Colfax to make our town. He put up a hard luck story and said he wanted to get back to Camp Lewis to reinlist in his old outfit. So our post paid his hotel bill and bought him a ticket to Seattle. He gave us an order on the Camp Lewis paymaster for pay that he would draw after enlistment, saying he would repay us in that way. We wrote over there later, but he never enlisted.

"Today I saw him on the streets panhandling. I traced him to a restaurant and called an officer and when we went in he was just starting in on a big meal. He still wears his uniform without a discharge chevron. He said he would go right over to Camp Lewis and enlist. He said he had a girl here and for her sake didn't want to get into trouble."

REAL MUSICAL DELIGHT

The announcement of the coming of Reinald Werrenrath to the college next Wednesday evening means that an evening of real musical delight is in store for the music lovers. Concerning Werrenrath's standing in his chosen art there seems to be no question whatever. For several years past his recitals in New York, Boston, Chicago, Philadelphia and other of the largest cities have been counted among the most important features of the season and now this has come true of London, where two seasons have been able to establish him as firmly as in any city of his native country. A fine, sincere and manly artist like Werrenrath is destined to success.

With spring almost here, machinery for the spring work is already seen in the fields where it was left last year.

NEW GARBAGE ORDINANCE PROPOSED BY COUNCIL

The city council is considering a new ordinance which fixes the salary of the official garbage collector and requires a license from all persons who gather garbage within the corporate limits. The ordinance provides that the official garbage collector be paid, from the current expense fund, an annual salary of \$300 for his services in supervising, managing and controlling the city dump grounds. Any person who hauls garbage or rubbish, except ashes and manure, would be required, under the ordinance, to secure a license from the city at a fee of \$300 per year, and also to execute to the city a bond. The ordinance provides that in case the official garbage collector of Pullman applies for a license to haul garbage for hire the amount of his yearly salary may be credited as payment by him as the amount of the annual license fee.
