The AMERICAN LEGION

(Copy for This Department Supplied by The American Legion News Service.)

WANT HERO MEDAL FOR HIM

Charles Crozier, New York, Plunged Into River and Saved Seven-Year-Old Boy.

As Charles J. Crozier of 518 Tully street, Syracuse, N. Y., was driving a truck across a Syracuse bridge he happened to look at the river below. Crozier's casual glance underwent a decided change. He saw something in the water. A small hand and arm seemed to be just level with the surface. Not many seconds elapsed until Crozier was beneath the surface of the water to see who was attached to the arm.

The next thing he really saw very distinctly was the small wet body of a seven-year-old boy silhouetted against the white interior of an ambulance. Crozier and William John Hanley, Jr., whose life he had saved, were on their way to the hospital.

For his act of heroism his buddies of the American Legion are helping in the movement to secure for him a Carnegie life-saving medal.

A FUTURE AUXILIARY WORKER

Bonnie Jean Kelly, Youngest Member at Organization of North Dakota State Department.

The youngest member present at the organization of the North Dakota state department of the American Legion auxiliary was a little lassie only four months old. Bonnie Jean Kelly of Tim Running post at Devil's Lake

Bonnie Jean Kelly.

was immediately adopted by the entire state department when she was presented as "one of the directors of the auxiliary's affairs tomorrow."

Bonnie Jean's father, M. P. Kelly, served as first lieutenant of the Ninety-third pursuit squadron of the First army.

ORIGINATED THE GOLD STAR

Medal Showing Appreciation of the Idea is Presented to J. M. Buck of Omaha, Neb.

A medal purchased with funds given by the governors of many states, General Pershing and a hundred notables in civil and military circles, has been presented to J. M. Buck of Omaha, Neb., who originated the gold star which was placed on the caskets of all war dead to be returned to this country from European battlefields.

Omaha was a distributing point for the United States graves registration service. After the federal agency began to return bodies from overseas, thousands of caskets passed through Omaha. Mr. Buck suggested to the Omaha American Legion that a gold star be placed on each soldier's casket. The Legion immediately accepted the idea and through the Legion's organization, the custom of placing the star on all soldiers' caskets in all parts of the United States was adopted.

Every contingent of soldier dead arriving at Omaha was met at the railway station by a delegation from the American Legion. Mr. Buck always accompanied the Legionnaires and supervised the placing of the stars on the caskets. The medal was presented Mr. Buck as an expression of appreciation of his work.

Three Myths.

A man's auto had broken down. When he crawled under it no crowd collected and attempted to advise him how to fix it.

A miner was entombed for three days and three nights as the result of a cave-in. When he was finally rescued it was found that his hair and beard turned snow white.

A soldier was on guard duty and as he approached by an officer who asked him to give his general orders. The sentinel recited them off, making many mistakes, and the officer corrected him, thus revealing the fact that he knew them himself.—American Legion Weekly.

WAR WORKER IS OHIO MAYOR

Miss Amy Kaukonen, Guardian of Little Buckeye City, Active in Auxiliary Affairs.

Ohio not only boasts that she has produced many more than her share of the nation's chief executives, but she also points with pride to the fact that her little city of Fairport has one of the most attractive and capable "lady mayors" in the country. Miss Amy Kaukonen, who during the war was a member of the volunteer medical service corps of the United States army, has given entire satisfaction as mayor of Fairport.

Mayor Kaukonen finds time from her official duties to take part in the affairs of the American Legion Auxiliary of her city. That she is a staunch supporter of the Legion is evidenced by her statement: "It is distinctly an American organization, in which politics and selfish interest have no place. Its cornerstone is American manhood, its objects liberty, fraternity and service. Its principles are as broad as the continent upon which falls the shadow of our flag."

CARE OF FRENCH WAR ORPHAN

Argonne Association's Plan May Be Used for Unfortunates in United States.

A plan for the care and training of French war orphans, worked out by the Argonne association, an organization formed as a permanent memorial to the Americans who fought in France, is said to be functioning so satisfactorily that a similar organization may be formed for the care of orphans in the United States.

The Argonne association was formed in 1918 by a group of Americans interested in French orphans. It has as its motto: "To provide for the child who has no parents, a home and a family life; to secure him his birthright of health; to educate him and train him to earn a livelihood; to develop his character that he may become a useful and an upright citizen and to do these things so well and so economically that others shall follow this example—is the aim of the Argonne association."

The orphans cared for under the association's plan are placed in private homes in a community where they are really wanted. They are not "farmed out." There is a community school, playground and vocational training center where the children are daily brought together to get their mental and physical development. There are three such centers in France where the orphans are given three distinct stages of training.

HE WELCOMED MARSHAL FOCH

Ernest Hall, Arizona's Secretary of State, Knew France's Idol Under Different Circumstances.

When Marshal Foch visited Arizona on his recent tour of the United States as the guest of the American Legion, he was officially welcomed by Ernest R. Hall, Arizona's secretary of state, who in the absence of the state's chief executive became acting governor. It had not been many months since Mr. Hall had seen the marshal under entirely different circumstances. On that former occasion, Mr. Hall wore an "issued" uniform. He was known as "Corporal Hall of the Twenty-seventh Engineers."

Although he was over draft age and a member of the state senate when war was declared, he was one of the first men in his community to enlist. Just now he is almost as proud of his position as chaplain of the Frank Luke, Jr., post of the American Legion as he is of the secretaryship.

Carrying On With the American Legion

Tyron, Neb., 26 miles from a railroad, in the midst of the sandhill region, has dedicated a \$2,300 American Legion memorial hall.

The Legion in Massachusetts has raised funds to install a radio receiving set in each of the state's five hospitals where service men are being cared for.

Free traveling libraries are being furnished Oklahoma posts of the American Legion by the department of education. The post may keep each collection of books two months.

Commander Hanford MacNider of the Legion has announced himself in favor of every Legion post adopting a troop of boy scouts or forming troops in communities where none exist. "Scouting is the best education in America today for developing future citizens and I favor anything that tends toward its promotion," Mr. MacNider says.
