

CIGARS FROM YAKIMA TOBACCO.—Vice President Wm. Ker, of the Moxee company, left for Portland Monday to make the necessary arrangements for starting a cigar factory on the Moxee. It will be remembered that some time ago Mr. Ker, as an experimenter, had some of the Moxee tobacco, of the crop of '87, made up into cigars. Some of these were sent east and were so highly appreciated that orders for a number of thousand were received. This has induced Mr. Ker to take the present step. The crop of '88 is pronounced fully 75 percent better in quality than that of '87, owing to experience and knowledge gained in the growing, and experts claim that cigars made from this tobacco will excel any made from domestic leaf. A sweating machine has already been received, and Mr. Ker, while in Portland, will place the contracts for boxes and labels, and secure competent hands to do the manufacturing.

SHOOTING AT ROSLYN.—A lot of negroes from mine No. 3 were in Roslyn Monday and many of them being in a drunken condition kept the town in a state of excitement and terror. They flourished knives and guns around without restraint and made the white citizens stand out of their way. Finally, about 4 o'clock, a citizen named Joe Merchant, while passing along the street with a saw in his hand, was assaulted by several negroes, one of whom hit him on the head with a club. Merchant tried to defend himself with the saw but the odds were against him and he was obliged to take to his heels. A negro named Fred Woodson, but who is generally known as "Redeye," pulled his revolver and fired two shots after Merchant, one of which took effect in the leg, making a painful but not serious wound. The fracas has created a very bitter feeling among the whites against the black ruffians. Woodson is now under arrest.

ELLENBURGH'S ALL RIGHT.—The Ellensburg correspondent of the Tacoma Ledger says: "The town is very dull in business matters and considerable depression is felt in financial circles." This is due largely, no doubt, to the money taken out of the town by the Northern Pacific through their recent sale of lots. The Ellensburg people have no cause for feeling discouraged. By an immense amount of energy they have built up a splendid town and if the town has been pushed in advance of the supporting country it will not be long before the country will catch up. With the large immigration to this country all fallow lands will soon be utilized and will contribute to the support and prosperity of their trading points.

AN ATTRACTIVE CARD.—Messrs. MacLean & Reed have had printed this week as handsome and attractive an advertising card as it is possible to conceive. It is 10x12 inches. On one side is a photograph of the products of the great Yakima country as exhibited at the last fair, and on the reverse an excellent and impartial statement of North Yakima and the surrounding country, her products, climate, buildings, and geographical location and topography as applicable to the making of Yakima a great railroad center. One thousand of these cards were issued, the photographing being done by Her and the printing by the HERALD.

HE'S ALL RIGHT, YOU BET.—At Waterville, Douglas county, the county commissioners advertised for bids for building a court house. The contract was awarded to A. T. Greene, he being the lowest bidder, having offered to furnish a block of land and erect a 4000 building for the consideration of one dollar. Mr. Green is not so green or philanthropic as this statement would indicate on his face. He has an addition on the market and he takes this means of booming it. This suggests a new proverb which the HERALD would like to submit for thoughtful consideration, i. e., all's not green that has a verdant name.

DEATH OF CHARLES SCHANNO.—Charles Schanno died at his home in Yakima City March 9, 1889, aged 56 years. The cause of his death was abscess of the liver, from which he has been a sufferer for years past. Mr. Schanno was born in Alsace and moved to the Yakima country twenty-three years ago. He was the founder of Yakima City and at one time was a very wealthy man but died poor. The funeral was held on Monday under the auspices of the Odd Fellows and was largely attended. Mr. Schanno leaves a wife and ten children to mourn his death.

"THE DANGER SIGNAL."—The dramatic entertainment given at the Opera House by the literary societies of the public school was a success financially, there being a large audience present. In an artistic light it was not so great a success, although in some particulars considerable talent was displayed. The main trouble was that the actors did not seem to know their lines, but perhaps that was due in a measure to stage fright.

A RUBBING BUSINESS.—Both presses in the HERALD office have been kept constantly warm from use this week, the job department turning out an immense amount of work. Over 60,000 impressions have been struck off in the past five days. This department is under the charge of C. W. Liggett, than whom there is no better job printer in the territory, which is attested by the excellent work he is doing.

MARRIED.—At the residence of the bride's parents in North Yakima, March 10, by the Rev. John Uren, D. F. Bunnell to Miss Endora E. Leach. Mr. and Mrs. Bunnell left that evening for a brief wedding trip to the upper country, followed by the congratulations of a host of friends and well wishes for a prosperous and happy life.

ODDITIES IN NAMES.—J. B. Allen is an Irish comedian who is now doing the sound as a member of the "Paper of Tacks Comedy Company," said Paul Schulse is an honest son of toll who tills the soil in the great Yakima country.

—Secretary of the Navy Tracy was formerly a school teacher, and among his pupils many years ago was G. W. Rodman, of this city. Mr. Rodman does not say so, but the probability is that Tracy padded the seat of his pants on various and sundry occasions.

—A social party will be given this Thursday, evening at the opera house, and from present indications there will be a large attendance. The names of F. R. Reed, O. A. Fechter and B. B. Milroy on the committee of arrangements is a guarantee that the party will be a social success.

—A large amount of interesting reading matter is crowded out of this issue. The HERALD has become such a popular advertising medium that the reading space is being so encroached upon as to make the prospects lively for an early enlargement. The HERALD has struck the public palate favorably.

PROSSER'S PROSSER. Looking Forward to Big Crops and Another Railroad.—Preparing to Move for Artesian Water.

PROSSER, March 10, 1889.

EDITOR HERALD:—The wheat in the Horse Heaven district appears in good condition although the most of it is sown late and but little of it made its appearance above ground last fall, consequently didn't winter kill, although the ground was bare of snow nearly all winter, there not being more than half an inch at any one time.

From H. W. Cresson, late county commissioner, it is learned that parties are coming within a few days to begin the work of boring the artesian well, for which the territory appropriated \$1000 and the county a like amount. Horse Heavens are anticipating great things from this well and some seem to think it will supply the whole country with water.

The well known sheep man, Mr. Kemp, seldom mentions any subject relative to sheep but he has lately freed his mind and given the information that this spring's wool clip will far exceed that of last year as the sheep have come through the winter in better condition, owing to the mild weather. By the way, the lack of winter moisture is playing havoc with the wells and cisterns here, they nearly all being dry.

I hear that Mr. Estes has sold his ranch to Frank Lyons, a sheep man from Umatilla, and that Mr. McIntire, of Pendleton, Oregon, has gone to Sunnyside to look up range for his band of 4000 sheep. Mr. McIntire claims that there will be 50,000 head of Oregon sheep driven into this part of the country between now and shearing time.

The marriage of Sam White seems to have stirred up things matrimonial hereabouts and report gives credence to another wedding in Horse Heaven shortly. Mr. White and his wife seem to be enjoying married bliss, although she is Danish and cannot speak a word of English, and he knows nothing of Danish. It is rumored that they will compromise on Chinook.

PROSSER, March 11, 1889.

EDITOR HERALD:—The prospect in Horse Heaven for the wheat crop at present is better than ever. The farmers are nearly all done sowing their spring grain and the wheat is coming up nicely and looks well and strong. Very little fall sown wheat was frozen out last winter in the Horse Heaven country.

L. D. Leep, who is farming Mr. T. K. Beard's ranch in Horse Heaven, will have in wheat this year between six and seven hundred acres and will summer fallow about a thousand acres. This country promises in the near future to be one of the greatest and most prolific grain countries in Eastern Washington.

There are good prospects for a railroad from Goldendale, through the Bickleton country, to intersect the Northern Pacific at Prosser. Two surveyors from Goldendale were in Prosser Saturday and report that they were engaged in viewing the line of the proposed road and were confident it was feasible.

L. Frank Gordon and family, of Philadelphia, arrived in the city Tuesday evening and will make their future home here. They have rented one of the Mason cottages and will immediately go to house-keeping. The people of Yakima are glad to welcome such desirable residents.

Must Liquidate. I am obliged to notice that all parties owing me must settle at once or stand the legal consequences. Money is essential to me in the conduct of my business and money I must have. G. O. NEVIL.
