

LOCAL BREVITIES.

All styles of job printing at the Herald office. A patent is at the land office for Jas. Gleed's homestead. The I. X. L. team ran away Wednesday. No one was hurt and the damage was slight. A. Howard and C. R. Van Alstine are candidates for the Goldendale postmastership. Congressional service in the Presbyterian church next Sunday at 11 o'clock a. m. All invited. O. A. Fechter and E. M. Reed have sold four lots in block 45 to W. D. Black, of Seattle, for \$850. G. A. Ducharme and W. D. Black, of Seattle, invested about \$8,000 in Yakima property on Friday last. Frank Young is down from the log drive, having discharged his men in consequence of the low water. The Yakima Mineral Springs Company have received a patent for the manufacture of soda pop and will do a general jobbing business in this line. The old Centennial hall, the property of Allan C. Mason, is to be remodeled and transformed into a lodging house. David Wilson proposes to light the Hotel Yakima with gasolene until such a time as gas works are established here. Potatoes now command 20 and 25 cents per bushel in Yakima. Thousands of bushels are still in the hands of farmers. Special Agent Samuel Vincent has returned from the Badger mountain country and made his report to the government. Captain Robert Dunn, John Golden, M. W. Wallace, R. Van Buskirk and S. F. Haines are aspirants for the North Yakima postoffice. George W. White, formerly of Yakima, died suddenly from heart disease, March 13, at the residence of his mother, Mrs. Ruddle, of Olympia. The marriage of an attractive Yakima lassie and a promising young man of Ellensburg is nominated to take place in this city on Sunday, March 31. W. H. Chapman has sold three lots in block 87 to J. J. Tyler for \$1000. Mr. Chapman purchased these lots less than a week ago for \$700. Mr. Tyler will build. Good bye, old friend, good bye! Where are you going? Oh, to Armstrong's, to buy my goods hereafter, corner of First street and Yakima avenue. It has been decided to locate the new Methodist church on the southeast corner of block 72, and work will commence inside of ten days. The building will cost \$5000. The ordinance raising the liquor license from \$500 to \$750 passed its third reading in the council Monday evening, and after its publication, it will become a law. The new steamer "Belle of Chelan," built on Lake Chelan for the purpose of towing rafts of logs and for excursion parties, was launched on Monday, the 11th inst. Hoxter & Newell will soon be here with their Percheron stallion "Ratimago" and remain during the season. Since this horse was here last year he has grown and improved very much. Col. L. S. Howlett has sold the property on the corner of Second and Chestnut streets, which he recently bought from A. W. Engle for \$2200, to Harry Spinning, of Sumner, for \$3000. Dr. W. G. Coe purchased the lot on the north east corner of Third and A streets at the sale of the Hill estate, and will immediately build thereon a dwelling to cost upwards of a thousand dollars. A delegation of the Roslyn lodge, K. of P., visited Ellensburg Wednesday to organize a new lodge of Sir Knights and install officers. They were met at the depot by the Ellensburg band. The town of Ellensburg secures quite a revenue from a license tax imposed on every business occupation down to that of publishing a newspaper. Editor Schnebley of the Localist protests. W. H. Carpenter, of the Ahtanum dairy, commenced delivering milk Monday. He has rigged up a new and very neat delivery wagon, with a canvas top, in order to protect the milk from the sun. Ladies, do you know that F. D. Hooton is here, and that his "tailor made" garments for ladies are warranted to give satisfaction? Mr. Hooton has secured temporary quarters with W. F. Jones, and is ready to take your orders. The council has passed an ordinance making it a misdemeanor with penalty of a fine of from one to ten dollars for the owners of poultry to allow the birds to run at large. Truly this is assuming metropolitan airs with a vengeance. P. W. Law, the local agent of Allan C. Mason, is now figuring for the brick of a two story building to be erected by Mr. Mason on block 10. The building will have a frontage of seventy-five feet on Front street and a depth of 100 feet. Ellensburg is having a difficult time in securing the \$100,000 bonus for the building of the railroad to the river. About \$50,000 has been raised, but the liberal givers have been exhausted, and it is like pulling teeth to increase this sum. A convention will be held at Olympia April 2 and 3 for the purpose of organizing a state teachers' association. The railroads have made a special rate by which return tickets from the convention can be had for one-fifth of the regular fare. Ed Merwin has brought in another sack of coal from his mine, the location of which is still a secret, other than that it is about nine miles from North Yakima. The coal is far superior to any other coal now mined in Washington territory. The vein is said to be seven feet through.

PERSONAL.

J. T. Foster is back from Portland. H. H. Ellis is over from Whatcom on a visit. D. J. Schnebley is down from Ellensburg. J. C. Hoxie and A. F. Weed returned from the Sound to-day. D. M. Stephens, postmaster of Bretons, W. T., was in Yakima this week. Mrs. C. Roaf, mother of Wm. Roaf, is in the city and proposes to remain. L. MacLean left Tuesday for Missoula and Mrs. MacLean for Walla Walla. Governor Swineford and family, of Alaska, passed through Yakima Friday going east. Mrs. H. E. Holmes, of Walla Walla, was in the city last week, a guest of Mrs. A. B. Weed. Jos. Bartholet, Sr., returned from Tacoma, where he has large property interests, last Friday. J. R. McDonald, president of the Seattle, Lake Shore & Eastern Railroad Company, is in the city. Dr. Albert Wilgus, of Dayton, Indiana, succeeds Dr. Coe as physician at the Yakima Indian agency. Ed Shattuck was married to Miss Vina Tustin at the residence of D. G. Van Nostrum, Klickitat county, March 11. Miss Libbie Ketchum, daughter of A. C. Ketchum, of Horse Heaven, will probably teach at the Moxee school during the coming term. Miss Rosa D. Thomas, who has been visiting Mr. and Mrs. J. H. Thomas for the past year, will leave to-day for her home in Plattsburg, Mo. Dr. G. J. Hill left for Astoria Wednesday in response to a telegram announcing that his mother, Mrs. Owens Adair, was down with typhoid fever. Judge O. F. Weed tied the matrimonial knot, Monday, that bound Wm. Taylor and Miss Moore in wedded bliss. Both parties are from the Wenas. Mrs. Lizzie Kaiser and daughter are here from Chippewa Falls, Wisconsin, and intend to remain. Mrs. Kaiser is a cousin of Mrs. Harry Hampton. W. P. Bird, formerly agent at Cle-Elum for the Northern Pacific railway, is now agent at Davenport, W. T. He writes that the town has 700 people and is growing fast. E. R. Klippel, of Portland, and formerly of Yakima, was in the city this week renewing old acquaintances. He marveled much at the surprising growth of the town and country. A. W. Engle, of Seattle, spent Sunday in Yakima. He has recently shown his great confidence in this section by purchasing 40 acres of land southeast of the city from W. D. Inverarity. A. L. Shriver, a brother of L. J. Shriver, of this city, arrived from Illinois on Friday last, and has been looking about with a view to locating. Mr. Shriver is a plumber, gas fitter and electrician by occupation. W. D. Spike and S. W. Arnold, recently of Tacoma, have leased the store room in the Pratt building, on First street, and opened a map house, furnishing township and sectional maps, views, architectural drawings, etc. J. W. Parker and G. W. West, of Indianapolis, were in the city this week, and, after looking over the situation, were so favorably impressed with the outlook that they propose locating. They are now on the Sound, but will return next week. F. A. Knapp, representing the well known agricultural implement house of Frank Bros., Portland, was in the city this week stocking up the local agents, Messrs. Chappell & Cox, with a supply of implements, wagons and buggies for the spring and summer campaign. Hon. J. M. Adams and family, of Spokane Falls, arrived in the city Monday and are the guests of Yakima friends. Mr. Adams will visit the Sound before returning to the Falls city. He is as enthusiastic as of old over Yakima and its future, and predicts all kinds of blessings in store for us. Mrs. Adams has but recently returned from an eastern trip, and not having been in Yakima since her departure for Spokane, she is greatly astonished at the many changes and improvements which have taken place here. L. Samuel is again in the city. He is exhibiting the lithographs of the Hill and Yakima National bank buildings, the Hotel Yakima, the Catholic and public schools, Ward Bros' building, Allen & Chapman's drug store, the First National Bank, Switzer's opera house, and a grouping of Yakima products, which have appeared in the March issue of the West Shore. The work is excellent, and an effort is being made to have them incorporated in a 25,000 descriptive pamphlet edition for circulation in the east. Dr. W. F. Morrison is again in Yakima after an absence of a year in New York. During the doctor's stay in the east he has been in attendance upon the best courses of medical lectures, has gained much in experience by contact with the professional duties, and has the honor of being the only representative from Washington territory at the international medical congress which held its sessions at Washington, D. C. Dr. Morrison expects soon to go to Germany to still further perfect his medical education. THE S. L. S. & E. WANTS COL. HOWLETT. Gen. A. Anderson and Paul Mohr arrived in Yakima, Wednesday, in Mr. Mohr's special car, en route for Spokane Falls. By telegraphic appointment, Col. L. S. Howlett joined the party here and journeyed down the road as far as Pasco. The Seattle, Lake Shore & Eastern company is now being fully reorganized with new and vigorous blood in it, and Col. Howlett has under consideration a proposition to become one of the officials under the new management.

George Storrs, of Tacoma, was in the city Wednesday and bought, through the agency of MacLean & Reed, ten acres of land lying north of the city and owned by D. C. Stone. The consideration was \$1500. Mr. Storrs is the gentleman who is arranging for taking a car filled with Washington territory products through the eastern and middle states for exhibit at the various fairs. He expects to travel over 3000 miles of country east of St. Paul and estimates that the expense will be between ten and twelve thousand dollars. The Seattle and Tacoma boards of trade will act on the proposition this evening. MOST EXTENSIVE ORCHARD IN WASHINGTON.—F. E. Thompson, formerly of Sumner, W. T., who recently bought the ranch of E. H. Lord in the Konnewock district, is preparing to have the best and most extensive orchard in Washington territory. He has now 700 bearing trees, mostly peach, and 1100 trees which will bear in a year or two, and in addition is now planting 4000 trees, 3000 of which are prune trees. The indications are that this will be one of the best fruit years ever experienced in this country, and that the shipments to Kittitas and the Sound will be on an extensive scale. MORE SERIOUS THAN FIRST REPORTED.—The accident to Wm. Ker and Geo. Browne at Tacoma, an account of which is printed on the title page of the HERALD, was more serious than first reported. The attending physician has forbidden even relatives to see Mr. Brown, as absolute quiet is essential. His injuries consist of a severely lacerated face, a wrenched shoulder, sprained thumb and spine, the latter injury being the most serious, and making it impossible for him to change his position. Mr. Ker is suffering from a sprained thigh, and will remain in Tacoma until he fully recovers. A FATAL CHARIOT.—On Sunday, March 10, Chas. Johnson and Miss Ella Brown were married at Waterville. On the following evening they were charioted at their residence near Douglas city by a party of young men. During the din a man named Leacrust increased the noise by firing off his revolver. One of the balls struck Johnson in the back, making a fatal wound, from which he died on the following Tuesday. Leacrust has been arrested for murder. He admits firing his revolver, but disclaims pointing it towards the house where Johnson and his wife were standing. BUILDING PROSPECTS.—W. S. Renfro, of Renfro & Kremer, called at the HERALD office to-day and announced that their first kiln of 200,000 brick will be burned, and the brick ready for delivery within 30 days. Mr. Renfro gives it as his opinion, based on present indications, that this year's building will be much in excess of that of last year. Renfro & Kremer are now ready to contract to deliver brick or for brick in the wall at the very lowest prices. The brick manufactured by this firm are a superior article, and will always find a ready market where there is any demand. REMOVAL OF SHARDLOW & McDANIEL.—Shardlow & McDaniel have moved into new quarters in the Kingsbury building, and it would be difficult to find a more attractively arranged or handsomer fitted saloon in any city. The bar-room is in front, and here Messrs. Shardlow, McDaniel and Ed Lyon preside with that becoming pride which is a result of their attractive surroundings. Back of the bar is the billiard room, containing one of the latest and most approved makes of tables. The second story is divided into comfortable private rooms for guests. ANOTHER NEW BLOCK.—Dr. W. F. Morrison and T. J. Redfield are arranging to build a two story, fifty foot front, brick block on their lots located on Yakima avenue between the Hill and the I. X. L. buildings. This building will add greatly to the appearance of the city, and as there are constant calls for store and office rooms, it will without question redound to the financial benefit of the builders. Dr. Morrison informs the HERALD that ground will be broken at once. DRAMATIC.—Bartlett & Gleason's Dramatic Company presented East Lynne to a good sized and appreciative audience at the opera house Wednesday evening. The play, as every one knows, is of the emotional kind, and, as a consequence, there were many moist eyes in the audience. This evening, for the first time in this city, the charming comedy of "Hazel Kirks" will be rendered. The well marked box sheet indicates the popular favor in which this play is held. The council has ordered the building of sidewalks from Chappell & Cox's store on the north side of Yakima avenue to Third street, and from Yakima avenue on the west side of Third street to C street. Also on the west side of Second street along blocks 33, 34 and 35. This will extend the sidewalk past the Mason cottages. The Biochemic Tissue Remedy Co., of New York, will have the above medicines in the market at 15 cents per bottle, enabling all people to save themselves of it. Look out for the label, which will read: "The Biochemic Tissue Remedy Co." The medicines will run from No. 1 to 12. Fawcett Bros. are agents for the celebrated Bramer Washing Machine. It is conceded by experts to be the best washer in the world. They let them out on trial; and if they do not give entire satisfaction, they can be returned at their expense. F. D. Hooton is back from Spokane Falls and proposes to remain. He is now prepared to take orders for gentlemen's clothing and make them up in the latest and most approved styles. Headquarters with W. F. Jones, on Yakima ave. Oh, say! I'm not a-going east to buy goods; but I can save you 25 per cent. on our daddy's dollar if you will call at Armstrong's, cor. First street and Yakima avenue. J. J. ARMSTRONG. Go and examine those elegant gold watches at Redfield's. They are daisies, and so cheap! Remember, they are warranted as represented or no trade.

DON'T READ THIS! Unless You Have Time To Make Some Money at Once. BUT JUST NOTE A FEW FACTS. TO-WIT: It is often said, and truthfully, too, that it is not so much what we make as what we save that makes us rich—or, in other words, the person who makes the dollar go farthest gets the best value out of it. The value of the dollar is known by its purchasing power, and not alone by the given quantity of 100 cents. In certain places in Europe, one dollar will purchase twice the amount of life's necessities that it will in the United States. The consumption being no more, it there provides for twice the length of time, or is worth 100 per cent. more in actual value. The prudent person will always consider the value of a dollar in relation to its purchasing power, and before spending it will ask himself, "Where will this dollar go farthest in the way of buying necessities and comforts?" A moment's reflection will answer, "At Vining & Bilger's," where 80 cents has about the same purchasing power as a dollar in most any other place here. The way to prove this is to call and examine goods and prices, which will be cheerfully shown to all. They have the newest and best selected stock in town, and it is certainly the place to go to find all you want very cheap in the line of Hardware, Cutlery, Tin, Granite, Iron and Woodware, Bird Cages and Lampware, both stand and hanging Lamps. You can save money by comparing prices, and satisfaction guaranteed at Vining & Bilger's! TO THE FARMER AND GARDENER.—We especially call your attention to the fact that we are sole agents for Emerson Talbot & Co.'s Standard Reapers, wide and narrow cut Mowers and Hay Rakes, Norwegian Flows, Cultivators and Harrows, Newton Wagons, Badger Seedlers, Feed Cutters, &c. Come and see them. NOTICE FOR PUBLICATION. LAND OFFICE AT NORTH YAKIMA, W. T., March 5th, 1889.
