

FAME IS EARNED.

Not Merely by the Evidence of Things Written.

Met by the Arduous Gratitude of Deeds Accomplished—A Record of Unprecedented Success.

Seattle, Washington.

Five years ago I took down with rheumatism, gravel and inflammation of the stomach. I was two years on my back and could not turn over. I had the best medical aid of Seattle that money could procure, but I received no benefit. I was shipped to San Francisco, stayed there five months under expert medical care, and I received some slight benefit there. All that time I suffered excruciatingly in my stomach and kidneys, and my leg was almost the size of two legs and as hard as a rock its whole length. I could hardly eat anything and was falling fast. I gave myself up to die, in fact, I thought it was only a matter of days. About that time all the country round me rang with the praises of Dr. J. Eugene Jordan and his new Histogenetic system, of which he was the author. He took no cases unless they were given up as incurable by other reputable doctors. He charged nothing for services and medicine and his object seemed to be to show to the world the coming revolution of the medicine. I had myself conveyed to him at the Brunswick Hotel, where his office is. In one day after taking his medicine the terrible pain in my stomach, that stayed with me for so many years and that doctors east and west, of every school and no school, could not dislodge, vanished. My bodily health came back to me. I threw away my crutches, and if it were not for a remaining stiffness of my knee I would be a young man again. This does not begin to tell the sufferings I endured; a volume could not do justice; a pen could not convey it. It was sleepless nights and days of torture. Rest was foreign to me. All this transformation to health has now been in a year and I have no recurrence of the trouble. I am 68 years old and have lived 50 years near Seattle, and my many friends never expected to see me about again. I am still taking the medicine and have hopes to get the use of my knee back. I am positive that had I known of Dr. J. Eugene Jordan and his great Histogenetic system before I was prescribed on for years by all the big and little doctors, I should not have spent years of unutterable misery and thousands of dollars in money. In my opinion, having tried all kinds of doctors, there is but one rational system of medicine, and that is the Histogenetic system, and having seen so many other so-called "incurable" cases, like Bright's disease and blindness, etc., of my neighbors get well, I conclude that the Histogenetic system of medicine is the coming system of the world, and all other schools will have to give way to it, as darkness to light. F. McNARY.

TERRITORY OF WASHINGTON, COUNTY OF KING.

The Affiant, R. S. Colvin, says: Two years ago I had a compound fracture of the leg, and it was set by Dr. Smith, of Seattle, but was not set even and was painful. It subsequently formed into a running sore and pieces of bone were continually coming out.

I had Dr. Bagley for eight months, who concluded that it was cancer of the bone, but his medicine did me no good. By that time I could hardly drag myself on a crutch. I could not sleep for pain, could do no work and was in despair.

I heard a great deal about Dr. Jordan's new system of medicine, and I asked Dr. Bagley what he thought of it. He said he did not know as to Dr. Jordan's skill as a doctor, but he did know that his medicines produced unprecedented good results. Encouraged by those remarks I went to Dr. Jordan, and the result is that in one month after taking the medicine I was able to discard my crutch and go to work, which I have continued ever since, my leg constantly improving. When I came to Dr. Jordan my leg was fearfully swollen and black and gangrenous with a running sore as big as a hand. I am now practically well, there being but a small abrasion—no bigger than a finger nail. R. S. COLVIN.

Subscribed and sworn to before me this 2d day of May, 1898. JAMES ROCHESTEY, Notary Public in and for Washington.

Lynden, Washington.

My wife was taken sick with what the doctors pronounced typhoid fever. She continued coughing and vomiting for four weeks; she was getting lower every day, and at last we concluded that she could not live long. She could not keep a thing on her stomach, and was distracted with piercing pains in head and stomach. We at last called Dr. Jordan, who, when he saw my wife, said that she would begin to improve just as soon as she took the Histogenetic medicine; and that is just what she did. She began to improve at once, and was up in three days. She is now a believer in the Histogenetic system. THOMAS THOMAS.

CAUTION.—The Histogenetic medicines are sold in but one agency in each town. The label around the bottle bears the following inscription: "Dr. J. Eugene Jordan's Histogenetic Medicine." Every other device is a fraud.

C. B. Bushnell has been appointed sole agent at North Yakima for Dr. J. Eugene Jordan's Histogenetic Medicines in place of C. L. Gano. Depot of supplies changed from May's dry goods store to Bushnell's drug store, North Yakima.

MARY ANN IS GREAT DEMAND.

In Training for the Stage—A Brilliant Future.

"Well, Mrs. O'Raherty, and did ye have much company last Sunday?" "I had. Several gentlemen called, an' was av thim especially. He did call twice, Mrs. O'Flaherty. He was on a beachin' excursion. He did besachin' me to write to Mary Ann, who is now in New York, ye know, an' have her come back home agin. He was the last Cincinnati gentleman that waited on Mary Ann before the Frinch count got acquainted wid her. He was very implo'rin' in his besachin', he was. He did say that Mary Ann was too young an' innocent a girrel to be so far away from her mither wid strangers. An' phwin I towd him that the gentleman who was her 'shaper-on,' I believe it is they calls it, was a very noice mon an' a congressman who would watch over her like a father, he sez, sez he: 'Mrs. O'Raherty, sez av thim congressmen are worse than the devil himself, an' I wouldn't troost a child of mine wid him for the wuruld.'" "An' fwhat did I tell ye, Mrs. O'Raherty?" "An' fwhin I towd him that she was takin' thayer lessons for the stage an' that she sez New York is the place to git a reputation for the business, he said he could give her just as good a boom bysant in Cincinnati as any one in New York could give her. So ye see Mary Ann is alriddy in great demand. They say foine lookin' female actors are gittin' very scarce; that Mary Anderson an' the Langtry an' Potter women are all playin' out; an' fwhin Mary Ann do be riddy for the stage she can astep right into their shoes an' have the whole stage to herself, ye see. So I towd him I would have to take time to consider, and he left me still besachin'."—Kentucky Journal.

He Used Up the Time.

Deacon Bonney, of Log City, was a very pious man, but a good deal of a politician. He was also a very practical man. He never liked to have any time wasted in the prayer-meeting.

One night, in the prayer-meeting, when the experiences had all been told, and the exhortations flagged, and the prayers grew feeble, brother Bonney arose and solemnly remarked:

"My brethren, as the regular exercises to-night seem to halt a little, I will improve the time by making a few observations on the tariff.—E. Perkins.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Esther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. Get a trial bottle free at C. B. Bushnell's drug store.

"If I gave you a pound of metal and ordered you to make the most out of it, what kind of metal would you select?" asked a jeweler. "Gold, of course," was the prompt reply. "I'd prefer a pound of steel," said the jeweler, "and I'd have it made into hair springs for watches. A pound of such springs would sell for an even \$140,000.

The Verdict Unanimous.

W. D. Sult, druggist, Bippus, Indiana, testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at C. B. Highland, Ore., March 20. I have suffered with a disease of the kidneys for six or seven years and for the last two months have been laid up with the pain in my back. A friend sent me a sample of the Oregon Kidney Tea, and having used it one week I can do a good day's work. I have derived more benefit from it than from all the remedies I have ever taken. J. Q.
