

PAID AN ELECTION BET.—On Saturday afternoon at 3:45 o'clock, Landlord Chas. Edward Smith, of the Hotel Yakima, attended in a long linen duster, a natty tourist's cap and a very determined look on his face, walked to the street in front of his caravansary, spat on his hands and laid hold of a wheelbarrow on which reposed the form of Attorney Robert Bruce Milroy, son of General E. H. Milroy, of Olympia. The Yakima band was there, clad in their attractive uniforms of blue and gold, and promptly with the appearance of Mr. Smith they formed in line, struck up "O'Donohue's Wake" and marched to the depot and back, followed by Mr. Smith with his wheelbarrow, which was still occupied by Mr. Milroy. The perfection of the day showed that Providence smiled on the proceedings, and Yakima avenue was thronged with people, who applauded, shouted and huzzahed as the novel procession took its course along. At Col. Taggard's and several other places flags were brought forth and waved, and the day was celebrated in various ways. The parade was the result of an election bet, in which Mr. Smith backed his opinion that Elisha P. Ferry would not receive a majority of 7500 votes over his democratic opponent; and as his estimate proved too low, he paid his wager as recorded.

MASONIC TEMPLE.—The large and commodious halls in the third story of the great brick, now nearing completion at the corner of A and Second streets, have been leased by the Masonic fraternity for society purposes. The halls are to be utilized for blue lodge, chapter and commandery purposes, the lease running for five years, and the apartments are being constructed with especial reference to the use for which they are designated. No expense will be spared by the owners of the block in making these halls beautiful, convenient and safe, and the Masons are to be congratulated on securing such a central and appropriate location for a Masonic temple, and the community at large can not fail to be benefitted thereby, as it has been too often demonstrated; in past years and centuries, that nothing does more to elevate the social and moral tone of any community than the practice and adherence to the pure and refining principles of Masonry. The HERALD predicts great success for the new Royal Arch Chapter and Knight Templar Commandery Masons in this vicinity. They compose our best citizens and form abundant material, to grace and honor the higher degrees of Masonry.

WILL BUILD TO NORTH YAKIMA.—An advance courier from the large corps of railroad engineers who have been working up Lewis river, headed for North Yakima, was in the city Tuesday. He reports that the surveyors are now over the divide and "tied" on to the line run up from this side during the past season, and that all the grades are light. One hundred and four feet to the mile for about eight miles is the heaviest grade on the whole route. The road as surveyed runs through a very valuable agricultural country, and in the mountains the virgin timber and the undeveloped mineral resources will alone give great wealth to the company building this line of road. It is given out that construction work on the road from North Yakima westward will begin by early spring, and that the road from this point to the Columbia will be in progress of construction as soon as the snowbirds leave.

SPECTACULAR DRAMA TO-NIGHT.—Fleming's "Around the World in Eighty Days" troupe will appear at the opera house this evening, and will undoubtedly be greeted by a big house, as it is seldom that theatrical companies with equal reputation, number of people and large expense, deign to stop at a city of this size. This troupe is direct from the east, and the newspapers along the route traveled unite in printing words of praise of the company, individually and collectively. It is seldom that spectacular plays requiring an immense amount of scenery and a large number of people visit North Yakima, and appreciation of the efforts to entertain us should be shown by a large attendance.

MORE IMPROVED BROCK.—On Sunday last several car loads of thoroughbred cattle arrived here from Minnesota, consigned to H. B. Scudder, of the Yakima dairy. Mr. Scudder has nothing but graded Holsteins in his large herd, and is probably doing more to improve the breed of cattle in this county than any one person. His dairy is a model, only the most improved machinery being used, and the butter made is sweet, pure and first-class in every respect. It is well worth the ride from this city to inspect this splendid dairy and to observe the advancements in butter-making since the old days of the dasher churn.

A BIG REAL ESTATE TRANSACTION.—J. H. Thomas sold to J. D. McIntyre last week twenty acres of land on which his residence is situated, for a consideration of \$10,000. This is considered the highest price ever paid for property in this vicinity, and shows the unbounded confidence shrewd men like Mr. McIntyre have in Yakima and its future. Mr. McIntyre has made other large purchases in and about the city, which is an earnest that his waterworks, electric lights and irrigation projects will soon materialize.

CHANGE IN BANK OFFICIALS.—Owing to the ill health of Judge J. B. Lewis, whose physicians prescribe rest and absolute freedom from business care, he has withdrawn from active participation in the management of the First National bank of this city, and will spend the winter in Southern California. The directors of the bank have elected Edward Whitson, president, and A. W. Engle, vice president. Theodore B. Wilcox, of Portland, succeeds Judge Lewis in the directorship.

Buy only the best of trees and those which have become acclimated here. Trees sold by dealers from abroad seldom live when transplanted in a section where all the atmospheric conditions and the soil are dissimilar. E. R. Now is the time to improve your holdings. Mr. Leaming has the City Nursery, which is located just north of the town, and it would pay any one to visit it.
