MATRIMONIAL.

Clemmer-Sherwood.

Cards are out announcing the marriage of Minnie Italia, daughter of C. A. Sherwood, to Frank D. Clemmer, this (Thursday) evening at the residence of the bride's father in Fruitvale, the ceremony to be performed by Rev. M. Slasor. The bride is an accomplished young lady, favorably known in church and musical circles. The groom is one of Yakima's most popular young business men. The happy couple will leave soon after the ceremony for a honeymoon on the Sound. They will be at home to their friends after November 10, at the groom's cottage, corner of Third and C streets. The congratulations of THE HERALD go with the bride and groom in their new relation.

Henderson-Wynkoop.

The attendance at the Christian Endeavor meeting at the Ahtanum Congregational church last Sunday evening was unusually large owing, perhaps, to the fact that at the previous meeting it was announced that two of the leading members of the society would enter the matrimonial state on the following Sunday evening.

After the devotional meeting, the pastor, Rev. Wm. L. Dawson, invited Miss Edith Wynkoop and John Henderson forward and in a very impressive manner delivered the solemn words that pronounced them man and wife, after which they received the congratulations of those present.

The church was prettily decorated by the friends of the couple, potted plants and cut flowers being especially profuse about the altar and the pews reserved for the bridal couple and relatives.

Mr. Henderson is a prosperous young farmer of the valley and the bride the daughter of Mr. and Mrs. D. J. Wynkoop. Both are very popular among the young people of that section who all join in wishing them a very happy future.

Hayward-Gouin.

Rev. J. H. Condit joined in marriage at the Presbyterian parsonage last Thursday evening Joseph D. Hayward and Miss Mary E. Gouin. The bridegroom is a well-known citizen and the bride an estimable and proficient member of the typographical profession. THE HERALD expresses best wishes.

North Yakima Schools.

The following data constitutes a brief report of the status of our schools at the close of the first month, October 27:

Enrollment.....722
Belonging at close of month.....673
Average daily attendance.....620
Per cent. of attendance.....96.1
Tardiness.....56

The enrollment in the high school has already reached 62; eighth grade, 48; seventh grade, 75, indicating the necessity of additional room in the near future for the accommodation of these grades. The second grade, Columbia building, leads in per cent. of attendance, 98.5.

There was no tardiness in the grades taught by Misses Carrie Young and Shanton.

Additional room in the first primary grade having been provided by the employment of another teacher and the opening of the Fairview school, during next week—November 6-10—the grade will be reopened for the reception of pupils.

We cordially invite and urge the patrons to visit the schools that they may possess definite information of the character of the teaching, discipline and healthful influences operating in the interest of the youth of our city. A mutual acquaintance of teacher and parent is desirable in the interest of the child.

The Settlers Win.

Among the good acts passed in the last session of congress was one that was fathered by John L. Wilson. The senator was the recipient of some unjust criticism but it is now apparent that he had the good of the settlers at heart. The secretary of the interior, under date of October 26, notifies the local land office that certain settlers have the preference right to accept lands in lieu in cases where the Northern Pacific is the successful contestant. They may either remain on their homesteads or take other lands. The company must take other lands if the contestant decides to remain. Under this decision patents will be issued to Bela F. Ward for nw 1/4 of nw 1/4, sec. 17-12-17, and Thomas Moore for the sw 1/4 of ne 1/4, sec. 15-13-18.

A Grateful Acknowledgement.

A pleasant little dance was given in the Hotel Lape dining room on Saturday night.

The schools are progressing very nicely, as is shown by the interest manifested, not only in school work, but in the care and pride taken in the school itself. Mr. Kingsbury was most agreeably surprised on Monday morning to come into the school room and find that his desk had been made new with varnish, the walls had been cleaned and tastily decorated with the nation's colors and pictures of our country's heroes, thus displaying a high and plausible sense of patriotism on the part of the promoters—the girls of the eighth grade—which it is to be hoped will be instilled into the remainder of the school.
