

**ST. JOSEPH'S CHURCH
LAYS CORNER STONE**

**Bishop O'Dea Conducts Exercises—
Memorable Day for Catholics
of North Yakima.**

Last Sunday was a memorable day in the history of St. Joseph's Catholic church of this city; the most memorable, in fact, since the organization of the church. The entire day, practically, was given over to the services in connection with the laying of the corner stone of the magnificent new church now being erected at the corner of north Fourth and C streets. The structure is now about one-third completed. It is the intention to have it under roof by fall. When finished, with the furnishings, it will cost in the neighborhood of \$50,000 and be one of the finest churches in the state. The Catholic congregation of this city may well be proud of it. Their loyalty to the church, all over the country, is proverbial, and their liberality in erecting such a fine place of worship in North Yakima cannot be too warmly commended.

The exercises of the day commenced at 7:30 o'clock in the morning with the celebration of mass by Bishop O'Dea of Seattle and Rev. Fathers Diomed, S. J., Father Parodi and Father Loiseau, resident priests, and Rev. Father Lane of Astoria, Ore. Bishop O'Dea preached a fine sermon at the first mass and 28 children made their first communion.

There was another mass at 8:30 o'clock and high mass at 10 o'clock. For the latter special music had been prepared and Bishop O'Dea delivered a powerful sermon. During this service the sacrament of confirmation was administered to about forty members of the church. All of these services were attended by practically the entire congregation.

At noon the ladies of the church served a chicken dinner in Convent hall of the Sisters' academy, feeding between 500 and 600 people. At 2 o'clock in the afternoon the gentlemen of the congregation met at the church and raised by subscription about \$3000 toward the building fund. The exercises proper in connection with the corner stone laying began at 4:30 o'clock, the congregation meeting at the old church, where the procession was formed. It was headed by Nagler's band, the Young Ladies' Sodality being the first organization in the column. Next came the entire membership of the Catholic Order of Foresters, followed by the Knights of Columbus, the new order formed here two weeks ago, and then the entire congregation of St. Joseph's Catholic church. It made an imposing procession, which marched to the new edifice, which was surrounded by an immense throng to witness the exercises. They opened with music by the band, Bishop O'Dea then leading in prayer, assisted by all the fathers. Then followed the bishop's address. He congratulated the members of the church on their liberality and enterprise in providing the funds for such a magnificent structure, also thanking the citizens of the city for the substantial aid rendered and warmly commending the work of the resident priests. After the address the edifice was blessed by the bishop and the corner stone, located at the northwest corner of the building, laid. In a brass tube, which was securely sealed, the following document was enclosed and placed in the cavity in the stone:

"In the Name of the Father, and of the Son, and of the Holy Ghost. Amen. In the year of the Lord, 1904, the twenty-second of May, Sunday of Pentecost; in the first year of the Pontificate of Pius X; being Apostolical Delegate Diomed Falconio; Bishop of Nesqually Edward John O'Dea, and Alexander Diomed, Rector of St. Joseph's Church, in North Yakima, State of Washington, being president of the United States, Theodore Roosevelt; Henry McBride, governor of the State of Washington, O. A. Fechter, mayor of the city, and J. A. Bissel, the architect superintending the works; the Bishop of Nesqually, Edward John, assisted by the priests of the Society of Jesus Alexander Diomed, and Julien Loiseau, blessed according to the ritual of the Catholic church, and placed this corner stone in the presence of a large crowd of people."

In the evening at 7:30 o'clock, the congregation again assembled at the church for the benediction, which was pronounced by Rev. Father Diomed, and the day's exercises were ended. Among the visitors in attendance were Rev. Swens, Simon P. Fogarty, Mrs. Mat Bartholet and daughter, Miss Anna, all of Ellensburg.

The New Mercantile Company.

E. A. Young, the northwestern representative of the American Mercantile and Adjustment company, whose advent in business here has before been noted in these columns, has been in the city for several days past. He has made arrangements with McAulay & Meigs to represent the company in Yakima, Kittitas and Franklin counties and the company is now doing business. It gives ratings to business men, protects trade against dishonest people and collects debts. Mr. Young thinks this portion of the state presents a most inviting field for the work in which his company is engaged and is enthusiastic over the outlook. He has traveled all over the United States and this city, he says, is the best business point for its size he ever saw. Mr. Young is also much pleased with the general appearance of North Yakima and declares that it is the prettiest and neatest town of its size in the country.

Yakima's Fruit Exhibit.
According to letters received from W. L. Wright of this city, superintendent of the state's horticultural exhibit at the world's fair, the fruit exhibit of this county will not all be in place for a month yet. The delay is occasioned on account of it being necessary for each state sending exhibits to take its turn

in getting the thousands of tons of freight unloaded that is filling up the yards at St. Louis. Part of the Yakima exhibit, shipped last March, has not yet reached the fair grounds. The apples and other fruits that are in place make a fine display. All have kept well and our exhibit got second place recently against California in a special display that was made. It will be second to none, however, when the fruit is all in place.

Gone to California.
C. M. Hauser left last Saturday for Riverside, Cal., to join his wife and son, who are making a long sojourn there for the benefit of the latter's health, it being feared that his lungs are affected. When last heard from, Mr. Hauser says the boy was not doing as well as was expected. Mr. Hauser expects to be absent about a month.

Mr. Bridgman Is Satisfactory.
The governor has appointed Attorney Wm. B. Bridgman of this place and Dr. Blalock of Walla Walla as the additional members of the irrigation commission, says the Sunside Sun. The appointment of Mr. Bridgman will be generally satisfactory to the people of Sunside. While not an actual user of water it is understood that his appointment is agreeable to all concerned.

**A TRIP THROUGH
YELLOWSTONE PARK**

is what everyone hopes to have—some day. It is the most wonderful trip in the world. There are more than 3,000 square miles of weird, marvelous, unimaginable things that can be seen nowhere else; therefore, if one ever sees them one must go to the Park, in the heart of the magnificent Rockies with snow-tipped peaks all around. If Old Faithful geyser, a Paint Pot, Mud Volcano, or Emerald Pool were to be found in Lincoln Park, Chicago; Central Park, New York, or Fairmount Park, Philadelphia, the people would flock to see it or them by tens of thousands. For a small sum, comparatively, all these and hundreds more of nature's unduplicated marvels can be seen between June 1 and September 30 of each year, and one will enjoy, to boot, the best coaching trip in the country.

The Northern Pacific folder on Yellowstone Park, just issued, is a new, right up to date, finely illustrated dissertation on this Yellowstone Park trip. It is not descriptive, but deals with the detailed, technical matters everyone needs to know about such a trip. It tells all about the hotels, the roads, the stage coaches, the cost of the tour; where the geysers, the waterfalls, the bears, the canyons are, and where the trout fishing is found. We have printed thousands of this beautiful leaflet and want everybody interested to have a copy, and it can be obtained by sending A. M. Cleland, General Passenger Agent, St. Paul, Minn., two cents, with proper address.

"Wonderland 1904," which is a very fine pamphlet of 116 pages, descriptive of the Northwest, including the Park, will be sent for six cents. 22-2t
