Selah.
Joe Lancaster has purchased a mate off his sorrel and now has a well matched team. His driving horse is sick with lung fever.

George Taylor's horse, Lafayette, is also sick with the same. It seems to be quite prevalent here. Quite a few from here witnessed the fire Saturday night in North Yakima.

It was the worst that we ever saw.

Mr. and Mrs. James Parker are visiting with the gentleman's sister, Mrs. George Taylor.

Miss Jessie McLaughlin is visiting at the home of John Harshaw.

The commissioners have placed signs on all the bridges giving notice of a \$25 fine for driving across faster than a walk.

Both ditches broke last week and caused quite an annoyance among the ranchers.

George W. Vann of this place and Miss Aurora Brullert were quietly married at the home of the bride in North Yakima last Wednesday evening.

George is quite well known throughout the valley as he is a good musician and has always played for our dances. They will make their home here on the groom's ranch west of town, where he has a house built and furnished for the reception of his bride.

George Taylor has been laid up for two weeks with the grip.

Toppenish.
The ball game at Granger Sunday was a hummer. The Indians from Toppenish went there after the Granger scalps and they got them to the tune of 16 runs to 6 in favor of Toppenish.

The work of Slat's Taylor for Toppenish was grand. He struck out 14 men and only gave two bases on balls. Ward Hopkins was the catcher and he did fine work with only one pass ball.

Granger had Goldsmith pitch up to the eighth inning and then J. Kromer took the box. Their catcher was L. Horton from Sunnyside; Goldsmith struck out three men and gave five bases on balls. Kromer struck out one man and gave one base on balls. Granger had 8 passed balls.

About 150 people went from Toppenish to Granger to help the boys win. Granger was betting two to one on their team, but there was plenty of sport from Toppenish looking for easy money.

Next Sunday Toppenish goes to Wapato. Watch the game that day, for there will be something doing.

The long talked of electric railway which died some two years ago is again commencing life. Such a road would be welcomed here by nearly every one. It would send the price of land to double its present value.

May the ranchers in the vicinity of where this road may run put a shoulder to the wheel and help to make this valley second to none in the Pacific states.

Mr. and Mrs. C. K. Lindsey of Canada and Frank Nichols and

daughter were visitors at I. W. Darrin's Sunday.

J. H. Cox and son, E. V. Cox, are putting out 13 acres of watermelons.

H. A. Havis is preparing to sink a well on his homestead, and if he is successful in getting water he will put in an engine of sufficient power to water his entire ranch, which consists of 160 acres of choice bench land.

Land buyers are quite numerous. We are all getting afraid to price our land. It seems to make but little difference what a man asks for his land, some one will take him up. Prices are ranging here now from \$100 to \$1,000 per acre.

Quite a pretty wedding took place at the home of S. M. Gilberts Saturday, May 5, at 8 p. m., this being the home of the parents of the bride. Francis of Zillah performed the ceremony in his usual and impressive manner. Quite a number of beautiful and useful presents were received. J. H. Estes and wife, set of silver knives and forks; Loyd Phelps, large pie fork; W. Morrison and wife, bed spread; Miss Morrison, set of fruit dishes; Miss Luella Gilbert, rocking chair; J. K. Cox and wife, set of pillow cases and lamp. Shortly after the wedding party had dispersed and all was quiet, a soft and gentle tap was heard at the door and just as it was opened by some of the inmates, a general fusillade from all kinds and sizes of firearms ensued which shook the house from foundation to attic, a real old-fashioned cow bell-shotgun serenade, after which the participants were invited in and royally treated to pies, cakes, oranges and lemonade. At 2 o'clock the crowd dispersed. "And all went merry as a marriage bell." of being a participant in the joyous festivities of the occasion, the well wishes of the writer is that the most sanguine hopes of the happy pair may be fully realized.

MARKET IS DEMORALIZED.

Fire Practically Stops the Marketing of Potatoes and Hay.

No hay and few potatoes have been marketed this week. There is little to say on the market for these products, as a large portion is delivered to commission houses that were located in the burned district.

Nearly all of the hay in the valley was in storage and went up in smoke in Saturday's fire. The Yakima Produce company were heavy losers in that respect as they had over 250 tons of hay in storage valued at \$17 a ton. There is a large supply of potatoes in the valley yet and a large quantity was received for shipment last week. The produce men are preparing to handle these direct to cars so that those who have a good grade potato need not lose them.

Prices are about the same as last week on potatoes and hay.

Cattle and sheep prices have taken a tumble and beef and mutton are worth a half cent a pound less this week than last. The decline is due to the big slump in prices on eastern cattle and is expected to be lower still. Hogs are scarce and pork continues high for this time of the year. Bacon and smoked meats are still on the raise.

The spring chicken has appeared and a frying size is worth \$2.50 a dozen.

Butter and eggs are fairly steady at last week's prices.

Garden vegetables are cheaper and nearly all are home grown.

New potatoes are here and are worth 4 cents a pound.

Kenewick strawberries are arriving and are now worth 20 cents a box. The first full crate of Kenewick berries brought \$25 and were secured by a Seattle commission firm.

Citrus fruits are selling at normal prices again and pineapples have arrived in good supply. None have been received since the earthquake until this week.

A small reduction on feed prices have been reported.

HON. DAVID O. ROBINSON

Benefited by Vinol After All Other Medicines Had Failed.

The Hon. David O. Robinson, County Treasurer of rankfort, Ky., writes, "I was very much run down from overwork, and suffered from indigestion and a severe nervous trouble. The medicines prescribed all failed to help me, and I could not take cod liver oil or emulsions, as the greasy mixtures upset my stomach. One of our county officials told me about your delicious cod liver preparations, Vinol, and what it had done for him. I decided to try it, and in a remarkably short time I was a well man. Vinol built me up, cured my stomach and nervous trouble and I have not been so well for years."

Our local druggists, Fred L. Janek says, "Vinol cures conditions like this because it positively contains in a highly concentrated form all of the vitality-making and body-building properties of cod liver oil actually taken from fresh cods' livers, and without a drop of oil to upset the stomach and retard its work."

"We ask every run down, nervous, debilitated, aged or weak person in North Yakima and every person suffering from stubborn colds, hanging on coughs, bronchitis or incipient consumption to try Vinol on our guarantee to return your money if it fails to give satisfaction."
