PARKER.

The affair of the season was the Hallowe'en party Miss Mabel Williams gave her friends on last Wednesday evening at her home, assisted by Miss Bessie Young and Miss Alta Hight. The house was tastefully and appropriately decorated with autumn leaves and vines, the dining room was decorated in red and jack-o-lanterns played an important part also. An elegant lunch was served, consisting of salads, sandwiches, etc. The salads were served in pumpkins and apples were hollowed out for individual dishes. The evening was spent in playing games. In the wee sma' hours the company dispersed, declaring the girls royal entertainers. The usual Hallowe'en pranks were indulged in by the children, no damage being done, however.

Mrs. Bartley, Sr., of Zillah was the guest of Mrs. McCurdy a part of last week.

Mr. and Mrs. Charles Scott and children visited the former's parents at Outlook over Sunday.

Mrs. W. L. Thompson is spending a few days with Mrs. J. D. Nichols at North Yakima.

Mr. and Mrs. Grant Barrick will spend the winter on the Sound. Mr. Barrick started overland last week, but at present is snowbound at Easton.

John Sawyer has been sick for the past few days, but is improving at present writing. Dr. Wells of North Yakima is the attending physician.

The Aid Society met with Mrs. A. G. Dickson last Thursday.

SCHOOL SECTION.

Mr. George Palmer went on a business trip to Bickleton Monday.

Mr. Edward Evans left for the Sound Monday, where he will reside in the future.

Mr. and Mrs. S. S. Jacobs returned to their home this week.

Will Forbes went to the Sound last Wednesday for the winter on account of his health.

The boys had a good time Hallowe'en. They played many jokes on the farmers, but in some instances the tables were turned. Mr. Chandler thought he had lost the wheels to his wagon until the boys relented and told him where they were. Mr. Sinclair was having some hops baled and had left them outside at a little distance from the barn. When the crowd came to this some of the men who had been working for Mr. Sinclair joined it and told the fellows that it would be a joke to hide these hops in another man's barn. They did so and saved the men a hard day's work, for they put Sinclair's hops in Sinclair's barn.

BEIMA.

George McKay, road boss for this district, has replanked the Mabton bridge, using boards three inches thick.

Rev. W. L. Killian, pastor of the Corbin Park South Methodist church at Spokane, preached at the Presbyterian church Sunday.

Rev. A. R. McIntosh preached at Grandview Sunday afternoon and will preach there twice a month.

TWIN FALLS IS GROWING.

Ben Ditter Much Impressed With New Section.

Ben Ditter, who was for a time interested in the Yakima Transfer company and who, after selling his share, went to Twin Falls to prove up on his homestead, has returned to the city with the intention of remaining over the winter.

Speaking of that section, Mr. Ditter says: "Twin Falls is growing to be a nice city. Already it has a population estimated all the way from 2500 to 4000. I think 3000 is about correct. In the last five weeks three two-story brick buildings have been erected, one of them to be the First National bank. There is a small pumping station and sewer in the town. The agent of the O. S. L. has just completed a \$5000 residence at Buhl.

"Work is now under way on a power plant, which by harnessing the Shoshone falls will produce a wonderful amount of power. Three times plans for this project have been made and work started, but each time an old man living in Montana and having some sort of an interest in the lands adjoining the falls has been able to hold up the operations. With this plant installed the city will go ahead with a rush. A small plant generating about 30,000 horse power has been erected at Thousand Spring by miners, but none of this is available for the use of the city.

"Most of the holdings near the river are small, but there are a few large ranches. Near Buhl a man named Ferguson has 16,000 acres in one piece which he intends to put into alfalfa.

"Most of the good land is taken up now, that is from the standpoint of the people over there who want a farm that can be watered from one ditch across the upper side. But there are many tracts that are still

open for entry that are really desirable, having nothing but a few shallow draws running across them which would not seriously interfere with a Yakima farmer over night.

"Work is plentiful at good wages. The contract has been let for the grading of the railroad from Twin Falls to Buhl and men are getting \$2.50 a day on this for common labor.

"Interest in politics is very keen there and a big fight is being carried on between the republicans and the democrats. Governor Gooding is very popular over there. He is a member of the state land board and has always favored the entryman.

"In a speech by the governor to the farmers just before I left he told them that if their hay did not bring them what they wanted that bees would be the best paying crop they could raise."

AUCTION.

On the first day of December we will sell to the highest bidder, for cash in hand, in front of Dooly & Baker's barn, North Yakima, Wash., one five-year-old imported Shire stallion, name, Molton Bonfire, No. 26724. By order of the company. G. T. BAKER, 45-47* Sec. and Treas.

WOOD CHOPPERS IN DEMAND.

Many Go to Mountains During Past Few Days.

On account of the scarcity of fuel here a large number of men have gone to the mountains the past week or ten days to chop wood. There is a greater demand this year than ever for wood on account of the market not being supplied with coal. Wood choppers are being paid from \$1.10 to \$1.30, which will bring a skilled axman about \$3.50 a day.

Harry McSpadden has contracted for 1500 cords of cottonwood that will be cut on Satas creek. Choppers have already gone to the land upon which the timber is situated. If cars can be obtained, and Mr. McSpadden says he is confident he can obtain them, the wood will commence coming in here next week.

Deputy in Runaway.

Sitting behind a runaway team for two miles over rough roads and around sharp corners was the experience of J. C. Liggett while driving to this city from the lower end of the county. When near Old Town the horses became frightened, and the driver being unable to control them after a run of about a mile, handed the lines over to Mr. Liggett. The runaway team went a mile and a half more before being stopped.

BOY BANDIT'S FATHER TALKS.

Says Wants No Leniency Shown If Guilty.

The father of Robert Barker, the captured Kennewick burglar and gun fighter, lives on Camas Prairie, a mile and a half from Denver, Idaho. His name is W. F. Barker. He came to that section of Idaho from Florence, Colorado, about a year ago and rented a farm from J. E. Horton of Spokane, Wash.

The father is a man of family, having several children from his first and second wives. The present Mrs. Barker, who is a stepmother to the boy bandit, was Mrs. McDaniel before she married Barker in Colorado.

Young Barker, as far as can be learned, has never visited this section of the state, having been a wanderer prior to and since his father came to Idaho.

Young Barker's stepmother, Miss Lillie McDaniel, is considered one of the handsomest and most popular young ladies on Camas Prairie. When the Woodmen gave their fair at Grangeville about a month ago Miss Lillie was voted the most popular young lady in the vicinity of Denver, and besides being sent to Grangeville as one of the maids of honor to the queen, was given a \$75 gold watch.

W. F. Barker is 40 years old and is assisted in working the farm by his brother, John Barker, aged 35 years.

"If my son is guilty of the crimes charged against him, he should be punished. Just because he is my son I don't want to see any extra leniency shown him."

He said the boy's right name is Aulmer, but he was nicknamed Robert for short. The last time Barker saw his son was in Utah, when the family was en route to Idaho. From there Robert went to Montana, and at the time of the shooting was working his way to his father's farm to visit the family.

The last time Barker heard from the boy was about a month ago, saying he was coming home. Robert's mother lives in Colorado, the parents having been divorced. The father says Robert will be 19 in January.

Philosophy of Preparation
In advance in times of plenty for days of adversity" is the way Li Hung Chang defined life insurance. L. H. C. might have made his definition more vivid and truthful by calling it the philosophy of certainty as

the preparation is complete when commenced. Let us tell you what the most prominent business men of this state are saying in praise of the policy issued by the Guardian Life Insurance company of Seattle. Office 214 Mullins Bldg.

GRADE CHANGES AT NORTH YAKIMA

TESTIMONY IN RAILWAY SUIT

Engineer Pitman says Would Injure Road to Enter West of Selah Street.

F. L. Pitman, assistant chief engineer of the North Coast Railway company, was the only witness examined yesterday in the condemnation suit brought by this company against the Northern Pacific. Only a morning session of the superior court was held. At noon an adjournment was taken until today. During the afternoon all the officials in attendance at court and the attorneys, accompanied by Judge Riggs, viewed the land that is sought to be condemned. There are three strips. One is in the southern part of the city, one at Parker Siding and the other at Union Gap.

Mr. Pitman testified yesterday that the reason the North Coast would require so much ground here is that it is at North Yakima the grade will change. From the river to the city the grade is less than from North Yakima to the mountains. He said that this would necessitate a change taking place in the makeup of the trains, which would require many feet of side track.

He also testified that it would be an injury to the North Coast to enter the city by a route west of Selah street, because it would necessitate curvatures. These statements were made by him in response to questions directed by Attorney Grosscup on cross examination.

Those who went out to view the land that the North Coast is seeking to condemn were, in addition to Judge Riggs, as follows:

Northern Pacific officials—Vice President Levy, General Manager Palmer, Superintendent Beamer, First Assistant Engineer Crosswell, Chief Engineer Stewart of the Great Northern, Attorneys B. S. Grosscup and Englehart.

North Coast representatives—H. Heustis, former chief engineer of the Northern Pacific, but now acting as expert engineer for the North Coast, Assistant Chief Engineer Pitman, Attorneys H. J. Snively and Danson.

Great Farm Bargain in San Juan County.

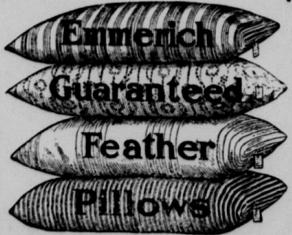

Three hundred and twenty-five acres of land, about 8 miles from Anacortes, over 200 cleared, 8 acres in orchard, 1 pair young heavy horses, wagon and harness, all kinds of farming utensils, 85 head of good ewes, 2 Jersey cows, 50 Plymouth Rock hens, 40 tons hay, wheat, oats and peas not threshed. One fast gasoline launch worth \$2,500, 3/4 mile waterfront, good wharf, beautiful harbor. Fine place for sheep ranch. Price \$15,000, part cash. Apply to Joseph Sweeney, 526 17th avenue North, Seattle, Wash.

Why She Designs Her Own Gowns.

The very fetching gowns worn by Miss Florence Gear in "The Marriage of Kitty," which will be seen at the Yakima theater on Thursday evening, are all made from her own designs. "I have come to the conclusion," says Miss Gear, "that every woman should design her own gowns. There is no other way to get your own individuality expressed, and once done that and you might as well let some one else play your role. I remember once playing a very strong part in New York and nearly making a fizzle of it because of my costumes. I had but very little time to learn my words, let alone looking after my gowns, and was persuaded by a fashionable dressmaker in the city to let her make all the robes for me. Everything went well at the fittings and I was congratulating myself that I had found a treasure in my new

Coffin Bros.

Have Just Received a Car Load of—

The "EMMERICH" Pillows are filled with pure, clean and odorless feathers. Enough feathers are used to properly fill the ticking cover. A pillow not properly made or filled cannot give satisfaction. Every pair of "EMMERICH" Pillows is sweet and pure, and is guaranteed to give entire satisfaction, or money refunded.

LOWEST PRICES IN NORTH YAKIMA

modiste. The night of the performance came and so did the gowns. I pledge you my word that if that woman had the greatest grudge against me in the world she couldn't have done me a meaner trick. The things were very handsome and imposing, but they were no more suited to me—little me—than the coat of the leading man. I tried to play my part and only succeeded in reading my lines. I felt that I was masquerading throughout the play. The next day I ripped and sewed and planned and arranged, and after spending the entire day at Madame's I came to the theater tired out but triumphant. I had impressed myself on every one of those four gowns and played the part that night as it should be played. Since then I am very careful to plan everything I am to wear, not only the dresses, but the hats, gloves, umbrellas, and am guilty of having that hand bag made for me because I couldn't find anything ready made in all New York to fit in with the character."

VINOL SETTLES

The Cod Liver Oil Question
No one will dispute the curative and strength creating value of cod liver oil. For centuries it has been recognized as the grandest of all healing and body-building agents for wasted human strength and vitality. Yet, owing to the heavy, greasy oil which envelopes the medicinal elements, and which have no value either as a food or medicine, many patients weakened by disease cannot digest it either in its raw form or an emulsion, and others will not take it on account of its disagreeable odor and taste—consequently its value is lost.

Now, the process discovered by two eminent French chemists—Morgues and Gautier—should interest every person in North Yakima, for all of the tonic, body-building and curative elements of cod liver oil are now separated from the greasy, useless oil, and given to the people in delicious Vinol. For this reason it is fast superseding old-fashioned cod liver oil and emulsions.

As a body-builder and strength creator for old people, weak women, delicate children, and after sickness and all pulmonary diseases, it is recommended by over 5,000 of the leading druggists of the United States as the best.

Your money back if it does not do all we claim. Fred L. Janek, Druggist.

Note—While we are sole agents for Vinol in North Yakima, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

ARMBRUSTER DISAPPOINTED.

Councilmen Do Not Vote for Speedy Action on Ordinance.

Although Councilman Armbruster's municipal water system did not pass its third reading at Monday night's council meeting, the councilman from the Fourth ward is confident that it will pass the council in time to permit the question to be voted on December 4. Mr. Armbruster expected that the ordinance would pass its third reading Monday night, for he had been led to believe that either three or four councilmen would support the measure, so that early action might be secured. The councilmen disappointed Mr. Armbruster, all of them with his exception voting to postpone their third reading.

It is understood that Mayor Reed does not look with favor upon one of the ordinances passed last night and another veto may be expected from the city's chief executive.

Grandest Raspberry Extant—Cumberland.

The habit of this grand new variety is superb. It is a stronger grower than the Gregg, and more prolific, ripens a few days earlier. In size, the fruit is enormous, surpassing any other sort. The berries run fifteen sixteenths of an inch in diameter, the fruit is possessed of great firmness, and is one of the best shippers. The bush is healthy and vigorous, throwing up stocky canes well adapted for supporting their loads of fruit. Strong rooted valley grown tips, delivery spring 1907, \$40 per 1000. You can prove our claims by buying and growing them.

INDIAN SHOOT WHITE.

Drunken Half Breed at Toppenish Causes Trouble.

Whiskey caused considerable trouble at Toppenish yesterday, Indians and whites appearing to have little trouble in obtaining all they desired. August Laidler, a young farmer, was shot in the leg by a drunken half breed Indian from Idaho. It is only a flesh wound and will not be serious. Laidler was passing the town where the half breed and other drunken Indians were carousing, when he was shot. Whether it was done accidentally or purposely is not known. The Indian was arrested and locked up.

Another Indian shot at some Toppenish residents, but did not hit them. He was also arrested.

Robs Woman of Valuables.

An unknown man robbed Ella Bishop of \$25 and a gold watch Monday night. The robber entered the woman's house in the restricted district, opened her bureau and took a purse containing the money and her watch. When she returned she saw the man going up the alley. On looking around she discovered that she had been robbed and notified the police. During the evening she and the officers made every effort to locate the thief but were unsuccessful.

Yakima vs. Chicago

Why send to Chicago for your teas, coffees and spices? Here is what you do: Buy local freight from the Pacific coast to Chicago and from Chicago here.

and be US figure on that \$25.00 order before you buy, and we guarantee to give you the most and best for your money.

YAKIMA T COMPANY

WILL ILLUSTRATE Y. M. C. A. WORK

FIN EPICTURES, INTERESTING TALKS

Plan Announced for Campaign of Novelty and Unusual Interest to Awaken the People.

The young Men's Christian association of North Yakima is making arrangements for visiting the valleys around the city and giving information regarding the work of the association. This will not be in the form of any usual cut and dried talk, but will be an up-to-date exposition of what the association is really doing by means of pictures taken of actual work in classes, on gym floors, pictures of buildings and men, all thrown on the screen of a stereopticon outfit, thereby informing the eye as well as the ear.

The lantern is owned by the Y. M. C. A. state committee, and Mr. Chas. W. Wilcox, state secretary, will be here to give the accompanying address or lecture. Should his duties interfere with his staying long enough to visit all the places scheduled his place will be taken by N. F. Turner, the local secretary.

Accompanying the speakers of the evening will be some representative business men of North Yakima, who are identified closely with the association work here. There will also be some special singing by male voices, either in the form of duet, solo, trio, quartet, etc. A special quartet will sing on Sunday night.

Dr. Keeler has charge of the music for Tuesday night, Harry Toll and Allen B. Dow on Wednesday night. The schedule so far is as follows: Sunday evening, 7:30, in Ahtanum Congregational church; Tuesday evening, November 13, 7:30, in Lower Natchez Congregational church; Wednesday evening, November 14, 7:30, in Upper Natchez Presbyterian church. These places have been kindly offered to the association for their use on the dates mentioned. Other dates will be announced later. No charge will be made for admission to the stereopticon lecture, and no collection will be taken on any of these occasions.

Jones on Mormon Question.

Hon. W. L. Jones, congressman from North Yakima, Wash., writes Mr. W. P. Guthrie of this city in regard to the Mormon question as follows:

"It seems to me from what I can see in the papers that the Mormon proposition is really only a bogey man to get Dubois into the senate. It strikes me if they would enforce the law as it is now they would accomplish everything that need be accomplished."—Twin Falls News.

Chaff From the Strawstack.

It is easy to poke another man's fire.

Many a cheerful looking slipper covers an aching sole.

It is natural that we should learn to crawl when we are babies, but some men never get over it.

The fellow who makes hay while the sun shines doesn't have to borrow an umbrella when it rains.

Trustees' Board Meeting.

The Young Men's Christian Association Board of trustees will hold their regular monthly meeting tonight in the business office of the Y. M. C. A. at 8 o'clock.

From Mouth to Mouth

Our fame has spread for careful and accurate dentistry.

Skilled operators in crown and bridge work. In extracting, in filling and fitting teeth are at the service of the public—and we guarantee our work.

Painless extraction..... 50c
Filling.....\$1.00 up
Gold Crowns..... 5.00 up
Full set of teeth..... 8.00 up

Yakima Dental Parlors

The business of the evening will be to arrange for a quick canvass of the remaining business men of the city who have not yet subscribed, if possible, securing their pledges and also completing arrangements for visiting the country adjacent to North Yakima and explaining the work of the Y. M. C. A. with the aid of a stereopticon.

The total subscription to date is about \$20,000.

Advertised Letters.

The following letters remain unclaimed in the Yakima City post-office. One cent postage due on each letter:
